

# MEXICO INSOLVENT

ARMED INTERVENTION ALMOST A CERTAINTY.

## A CASE OF HERO WORSHIP

Japanese Millionaire Consecrates Life and Fortune to Memory of Late General Nogai—Madero's Brother Comments.

Washington.—That armed intervention in Mexico is a certainty in the near future is the almost universal belief in official circles here. Two men—they the two highest in the administration—seemed alone hopeful that it might be avoided. They were president Wilson and Secretary of State Bryan. Their hope was based entirely on one admitted fact. Mexico is absolutely bankrupt. The provisional government cannot pay its debts. And the president and his secretary of state believe that they have so handled the situation that outside financial help for Huerta is an impossibility.

### Madero's Brother Comments.

Omaha, Neb.—By lifting the embargo on arms, thus permitting the constitutionalists to march on Mexico City and overthrow Huerta, the United States could assist Mexico in solving the problem of the revolution-torn republic, according to Carlos Madero, brother of the late president, Francisco Madero, who is attending school at Ames, Iowa.

"In Mexico we have 130,000 constitutionalists," declared Madero, "and if the United States would permit us to get modern war equipment we could march on the City of Mexico and overthrow the force of 70,000 under the command of Huerta. Most of the people in the country favor us and once in power we could easily restore peace."

"Intervention by the United States would only mean a long drawn out battle in which all Mexicans alike would get together under one banner and repel the common foe."

### CASE OF HERO WORSHIP.

A Picturesque Instance of Japanese Devotion.

Tokio.—A picturesque instance of Japanese hero worship is reported from Kobe, where Sanjin Murano, a millionaire business magnate, has announced his intention of consecrating his life and fortune to the spirit of the late General Nogai, the hero of Port Arthur, who, together with his wife, committed suicide by hara-kari on the night of the funeral of Emperor Mutsuhito last year. Mr. Murano has decided to retire from business and has severed his connections with all the concerns in which he has held important posts. The announcement was made on the anniversary of the tragic death of the great soldier.

### Developed Considerable Discussion.

Washington.—The tentative decision of the senate committee for four regional banks has developed considerable discussion outside the committee. Senators expressed wide variance of opinions and from the White house came the intimation that the administration feared the radical reduction of money and credit which President Wilson and his advisers have sought to avoid.

### Opening of Suffrage Campaign.

Lincoln, Neb.—The opening blasts of the campaign for equal suffrage in Nebraska will be sounded Friday evening, November 7, when Dr. Anna Howard Shaw, president of the National Suffrage league, will address a mass meeting in the auditorium here under the auspices of the state suffrage convention and call the state to arms for the final fray.

### Nebraska 18—Ames 9.

Ames, Ia.—Ames outplayed Nebraska for one quarter Saturday afternoon, scoring her nine points in the first, but the Cornhuskers came back with a terrific attack, interspersing fierce line plunges with forward passes. The final score was Nebraska 18, Ames 9. Nebraska's first touchdown came by the same forward pass which they used to defeat Minnesota at Lincoln.

### Beatrice High School Wins.

Lincoln, Neb.—In a spectacular exhibition of the open style of football, Beatrice won from Lincoln high school Saturday afternoon by the score of 19 to 16. The scores of both schools resulted either from field goals or from forward passes. Such an assortment of brilliant plays has not been seen on a local field this year. Five field goals were scored and three touchdowns. Cook, Beatrice quarterback, won the game for his team with his drop kick. He registered four times.

### Nebraska in the Lead.

Lincoln, Neb.—Nebraska is taking a step in advance of all other states in the good roads work by making maps of all roads of the state, showing the construction and composition of the soil. The state soil survey is conducting the work and has a number of men in the field sending bags of samples into headquarters by the dozens. The field men will cover every road and make examinations of the soil and send in bags of samples marked with the location from which they were taken.

# DOINGS IN CONGRESS

WHAT LAWMAKERS AT WASHINGTON ARE DOING.

Result of Deliberations on More Important Measures Given in Condensed Form.

### Saturday.

Several members made speeches on the lack of a quorum.  
Adjourned at 1:20 p. m. to noon Wednesday.

### Friday.

The Senate—Not in session; meets Monday.  
Banking committee met in executive session.  
The House—Met at noon.  
Consideration of a resolution in sympathy with Winston Churchill's naval holiday program was postponed.  
Adjourned at 1:23 p. m. to noon Saturday.

### Thursday.

The Senate—Met at noon.  
Three new bills to regulate opium traffic referred to a sub-committee.  
Banking committee continued working on currency bill in executive session.  
Adjourned at 1:01 to noon Monday.  
The House—Representative Gray, democrat, of Indiana, objected, on the plea that it was "exceeding bad taste," to members of the house subscribing to a wedding gift for President Wilson's daughter, Miss Jessie.  
Adjourned at 12:43 p. m. to noon Friday.

### Wednesday.

The Senate—Not in session; meets Thursday.

Charles M. Platt testified before the West Virginia coal strike investigation committee.  
The House—Met at noon, and without doing any business adjourned at 12:32 p. m. for lack of a quorum to noon Thursday.

### Tuesday.

The Senate—Not in session; meets Thursday.  
Banking committee continued work on currency reform in executive session.  
The House—Representative Hobson proposed a constitutional amendment to prohibit the manufacture and sale of alcohol in the United States.  
Representative Gillette proposed a constitutional amendment to prohibit polygamy.  
Adjourned at 12:40 p. m. without a quorum to noon Wednesday.

### Grandstand Collapsed.

Tulsa, Okla.—Chester Taylor, private of company L, Ninth United States infantry, was killed and fifty persons injured, several seriously, when a crowded grandstand collapsed at the baseball grounds here, just before play started in the game between the Chicago Americans and the New York National league team. It is estimated that 500 persons were in the stand when the supports gave way, throwing the occupants to the ground.

### Compromise Measure Probable.

Washington, D. C.—Actual work on framing amendments to the administration currency bill was begun in the senate banking committee. While a majority favors a central banking plan, opposition in the house and by President Wilson seemed to foreshadow some sort of compromise measure.

Washington.—The Nebraska rail road commissioners, Thomas L. Hall and H. G. Taylor, along with U. G. Powell, rate expert for the commission, were much gratified over the action taken by the association of state commissioners, which declared in favor of state and federal regulation of the issuance of railroad securities. Mr. Hall addressed the convention in favor of the report of the committee, which was adopted after one of the liveliest sessions of the convention.

### Headache Tablets Responsible.

Lincoln, Neb.—Mrs. W. W. Voght of Omaha, a bride since October 15 last, died at her room at the Lincoln hotel at 10 o'clock Friday night. Heart failure followed the use of tablets said to contain an acetanilid compound. The tablets had been used to relieve headache.

### Millionaire Dies Suddenly.

Cheyenne, Wyo.—Charles W. Gates, son of the late John W. Gates, died suddenly at Cody, Wyo., Sunday afternoon.

Omaha, Neb.—Bertha Liebbecks, otherwise known as "Fainting Bertha," despite her protestations of reformation upon her return to Omaha from Hastings a few weeks ago, was arrested in a state of intoxication on the streets here. Bertha has been missing for some time from among the familiar faces of the local police court characters, but her return to the ranks bordered on a reception when, screaming and fighting, she was escorted to a cell. Every prisoner bade her welcome, but much to their disappointment she was in no condition to reply

# PLEAD FOR FREE SANTA CLAUS MAIL

Here are Miss Anna V. Evans of Philadelphia (left) and Miss Olive M. Wilson of Jenkintown, Pa. (right), the pretty girls who have been in Washington soliciting the approval of the president and vice-president of a plan to send Christmas presents to poor children by means of a postoffice frank. Both the officials commended the idea and hoped congress some day might make it possible.

## INCOME LAW NOW IN EFFECT

### FATE OF LABOR UNION MEN NOW IN FEDERAL COURT.

Counted Upon to Bring Millions into Treasury—Other Nations Asked to Withhold Formulation of Policy.

Chicago.—The argument on the appeal of thirty of the labor union officials convicted at Indianapolis last December of conspiracy and complicity in the McNamara dynamite plots has been completed before the United States circuit court of appeals. The court took the petition under advisement and will render a decision probably within sixty days. The court may render one of three decisions. It may affirm the verdicts of guilty rendered in the lower court. It may set aside the verdicts and order a new trial, or it may decide that the government had no case, in which event the convicted men would be set at liberty.

### Asks Them to Wait.

Washington.—Secretary Bryan says that a formal note had been sent to all the European governments asking them to suspend the formulation of a policy toward Mexico until the United States has defined its attitude. While England, France and Germany, he said, had already been heard from, it is expected that the other governments will follow the three great powers in awaiting the decision of the United States as to the next step in bringing peace in Mexico.

## INCOME TAX IN EFFECT NOW.

Counted Upon to Bring Millions to the Treasury.

Washington.—The income tax, the most revolutionary revenue raising power conferred on the American government since its foundation, started Saturday upon the path that is to bring millions into the public treasury. Although an income tax has been agitated for many years and its existence was assured by an amendment to the constitution agreed to by the necessary numbers of states early last spring, its collection by a government will strain the resources of the fertile minds in the treasury department and will be accompanied, it is not doubted here, with a thousand complications not now foreseen.

### Society Elects Officers.

Omaha, Neb.—The Society of the Friendless, Nebraska branch, at a meeting at the Y. M. C. A. elected the following officers: President, Judge Lincoln Frost, Lincoln; vice president, John Dale, Omaha; secretary, E. F. Dennison, Omaha; treasurer, J. J. Bristow, Lincoln. These with the following comprise the board of directors: Bishop A. L. Williams, Omaha; the Rev. D. E. Jenkins, Omaha; George Sutherland, Grand Island; J. A. Leavitt, Lincoln; G. L. Carlson, Norfolk; Judge English, Omaha, and Henry Keiser, Omaha. H. J. Wilkinson of Lincoln was elected field agent.

### Is Making No Dates for 1914.

Kankakee, Ill.—Secretary of State Bryan has informed lucum bureaus that he will positively not appear on the lecture platform in 1914.

### Many Deaths from Inundation.

San Salvador.—Forty-four deaths from drowning were reported here from districts of the republic of Salvador, inundated as a result of a rainfall of unprecedented severity, lasting throughout Monday and Tuesday. Complete reports, it is believed, will augment greatly the list of dead. The village of Vera Paz, near San Vicente, is reported destroyed with all its inhabitants. Four were drowned in this city. The rainfall here was about ten inches.

## ASKED TO ENJOIN ACTIONS OF MARTIN H. GLYNN.

### Oklahoma Representative Declares Land Laws Are Jargon of Inconsistencies—Methodists Urge Co-operation for Prohibition.

New York.—The conviction of William Sulzer by the high court of impeachment and his removal from office as governor of New York is again thrown into the federal courts for review by William H. Moore, a printer of this city. In a remarkable petition Moore alleges that the control of the government of the state of New York has passed from the people to a small group of citizens and that consequently New York is no longer enjoying a republican form of government as guaranteed by the federal constitution. Moore seeks to have the court enjoin Martin H. Glynn from exercising any of the functions of governor, prays for the restoration of the office to Sulzer, attacks the assembly for arrogating to itself the power to convene in extraordinary session and pass articles of impeachment, and concludes his petition with a prayer for an audit of all the state books.

### Methodists Urge Prohibition.

Indianapolis.—A resolution endorsing national prohibition and the campaign of the national anti-saloon league to suppress the manufacture and sale of intoxicating beverages was adopted by the national convention of Methodist men in session here amid great applause. The resolution sets forth that "we stand for the speediest possible suppression of all liquor traffic" and that the "only proper attitude of civil government toward anything so harmful as the liquor traffic is that of absolute prohibition." It urges all Methodists to cooperate in all movements for liquor prohibition.

## LAND LAWS ARE CONFUSING.

### A Jargon of Inconsistencies, Declares Oklahoma Representative.

Tulsa, Okla.—Representative Scott Ferris of Oklahoma, chairman of the house committee on public lands, in an address before the international dry farming congress here, criticized the administration of affairs in the interior department, and assailed federal land laws now in force as a "jargon of inconsistencies that retard progress and development."

"Our land laws are crude in many respects, irreconcilable, insufficient, without uniformity, confusing to the brain of the settler and impossible of interpretation by the layman," Mr. Ferris declared. "Most of our so-called land laws are a confusing mass of executive orders, rulings, interpretations and decisions made by bureau chiefs and clerks in the various ramifications of the interior department."

### May Dethrone Mad King.

Munich.—The senate has voted to support a measure providing for the dethronement of the mad king, Otto of Bavaria, and the enthronement of the regent, Prince Ludwig. The ministerial council afterwards decided to present such a measure to the diet. A majority of the houses is assured.

Denver, Colo.—Mrs. Lola Mae Current, who obtained a divorce here from W. D. Current, now has five divorce decrees tucked away in her trunk. The final proceedings marked her as the most divorced woman in Denver.

Auburn, Neb.—Hamburg, Ia., has a rural mail carrier who drives into three states—Iowa, Missouri and Nebraska—every day. Hamburg is very close to the Missouri line, and there is an island in the Missouri river, well populated, that belongs to Nemaha county, Nebraska.

# MANY NEBRASKANS FARED QUITE WELL

## FREE HOMES IN DRAWING

Several Women Among the Winners State Labor Commissioner Chas. W. Pool Draws No. 65.

North Platte, Neb.—The last large tract of Nebraska government land was parceled out by Uncle Sam Tuesday, when a drawing for 538 homes in the Nebraska national forest reserve situated near this city and the Nebraska military reservation was held. Nebraska and Missouri citizens were among the most fortunate, although Iowa and South Dakota had a share in the glory. One Chicago man was among the favored and Colorado was represented by several names among the first 200 drawn. Marvin Tritch of Kirksville, Mo., was the fortunate man who drew number one. He will have to pay the government about \$1,100 for the quarter section he chooses, but valuations as high as \$15,000 already have been placed on the 160 acres he will be entitled to file upon.

Following are the names of those Nebraska who were fortunate in securing some of the more valuable tracts:

# MY FRIENDS SAID I Could Never Get Well Again. Thanks to Peruna I am Well.

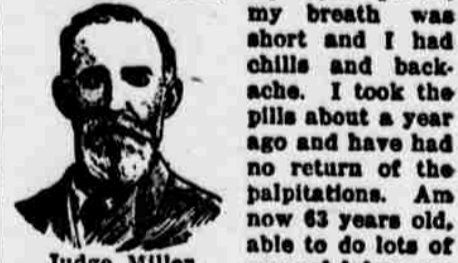

Miss Clara Lohr, 21 North Gold St., Grand Rapids, Mich.: "Doctors said I had consumption. Weighed only 90 pounds. Commenced taking Peruna. Now weigh 135 pounds. I am so thankful for what Peruna has done for me."

Those who object to liquid medicines can now procure Peruna Tablets.

Such a Nuisance. "So you've got a job in a store, eh?" "Nothing in the way of your getting ahead there, is there?" "Nothing but a cash register."

## JUDGE CURED HEART-TROUBLE.

I took about 6 boxes of Dodds Kidney Pills for Heart Trouble from which I had suffered for 5 years. I had dizzy spells, my eyes puffed, my breath was short and I had chills and back-ache. I took the pills about a year ago and have had no return of the palpitations. Am now 63 years old, able to do lots of manual labor, am well and hearty and weigh about 200 pounds. I feel very grateful that I found Dodds Kidney Pills and you may publish this letter if you wish. I am serving my third term as Probate Judge of Gray Co. Yours truly,

Nose-Blowing Drills. A few years of school dental clinics have made toothbrush drills a daily familiar idea in many cities. It took the Toronto public nurses, or rather their supervisor, Lina L. Rogers, to originate another drill quite as unique and important. Since last October the school children of Toronto, in squads of 20, have practiced daily nose-blowing drills, and the effect on the freshness of the atmosphere of the school rooms has been so noticeable that the teachers have become assiduous in seeing to it that no child comes to school unprovided with a pocket handkerchief. They often, indeed, themselves, order the drills without waiting for the coming of the nurse. The effect of the drill is perceptible already on individual children, in cases of catarrh, and the doctors predict that it will have an appreciable effect in time in lessening adenoids and other throat and nose affections.—The Survey.

When They Didn't Count. I lady at a dinner plaintively remarked that she had counted four gray hairs in her head that day. "Madam," said Pat, who sat beside her, "so long as gray hairs can be counted, they don't count."

Not Satisfied. The world owes every man a living, but most of us aren't satisfied with the sort of living the world would provide.—Detroit Free Press.

## SPEAKS FOR ITSELF Experience of a Southern Man.

"Please allow me to thank the originator of Postum, which in my case, speaks for itself," writes a Fla. man. "I formerly drank so much coffee that my nervous system was almost a wreck." (Tea is just as injurious because it contains caffeine, the drug found in coffee.) "My physician told me to quit drinking it but I had to have something, so I tried Postum. "To my great surprise I saw quite a change in my nerves in about 10 days. That was a year ago and now my nerves are steady and I don't have those bilious sick headaches which I regularly had while drinking coffee. "Postum seems to have body-building properties and leaves the head clear. And I do not have the bad taste in my mouth when I get up mornings. When Postum is boiled good and strong, it is far better in taste than coffee. My advice to coffee drinkers is to try Postum and be convinced."

Name given by Postum Co., Battle Creek, Mich. Write for copy of the little book, "The Road to Wellville." Postum comes in two forms: Regular Postum—must be well boiled. Instant Postum is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. Grocers sell both kinds. "There's a reason" for Postum.
