### This Government Won't Put Its Money

In a bank that does not guarantee it against loss. **Why Should You?**

The United States will not deposit a dollar in a National Bank, on any other bank, unless the bank furnishes a bond for twice the amount deposited.

The United States Government can at any time make an investigation of any National Bank and learn all about its resources. But still the Government demands a guarantee for its deposits—why shouldn't YOU have protection.

Your deposits in this bank are protected by the State Guaranty Law—no matter what happens

### YOUR HAIR MAY BE YOUR FORTUNE

Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least pretty.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair in your head and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo

gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—H. E. Grice Drug Co., Red Cloud, Nebr.

### The Farmers Institute

The agricultural exhibitions at the Farmers Institute this year are a surprise to everyone. Delicious apples, smooth potatoes, fine small grain and even excellent corn can be seen displayed in the Turnure hall. Five cuttings of alfalfa measured ten feet, water melons, turnips, beets, in fact all garden vegetables are right up to standard. The school exhibit is far greater than any previous year; the work being done by the school children being worthy of the highest praise. In the ladies department, one hardly knows what to say because only one thing can be said and that is "excellent."

There were more horses, cattle, hogs, poultry and other animals on exhibition than ever before. The big barns are too small to hold all the stock. The interest in this annual affair is constantly increasing.

#### BIG ATTENDANCE AT THE OPERA HOUSE TUESDAY EVENING

The opera house was taxed to its capacity Tuesday evening with farmers and those interested in the betterment of farm conditions.

The address of welcome by Mayor Saunders was greatly appreciated by the audience and for fear that we cannot do justice by description we quote it here.

"In behalf of the people of the city of Red Cloud, I am pleased to have the opportunity to welcome the opening of our annual farmers institute. Will say that I am pleased to welcome our Farmers Institute for two principal reasons: First, it is certainly a pleasure for our people to meet once a year and view the grand exhibits in art, farm products, stock and poultry that this community has placed here on exhibition in our city; and second is the great good that is derived from such exhibits. The Farmers Institute is a modern institution, it is an up to date method of educating our producers to get the best results.

"Our entire community seems to be thoroughly imbued with the progressive spirit (some people show it in different ways). In some people it only crops out politically, but by carefully looking over these splendid exhibits that our people bring together here on this annual occasion we are fully convinced that the people of this vicinity have the true spirit of progress, that is to increase the quality and quantity of everything they produce—especially to the quantity of their money.

"In view of these facts why shouldn't it be a very great pleasure indeed to welcome this grand and noble institution to our city? Just a word for the business interests of the city, I think I can truly say that our business men in general and the Red Cloud Chamber of Commerce is more than glad to lend a hand to help our farmers morally, physically and financially to push along this big show and help to continue to make it the great success it really is at this time. I thank you."

In a few well-chosen words, S. R. Florence responded to the hearty welcome by the mayor.

The vocal duet by the Misses Grace Sherer and Hazel Salden called for an encore and was a musical treat.

An address on "Institutes" by Hon. F. J. Munday was very instructive and would have converted anyone that might be skeptical to the benefits that might result from the farmers institute. He told of the progress in teaching agriculture in the public schools, told of "our" farm school at Lincoln and said that he could prove that the farmer who made a study of farming from books and government bulletins was the successful farmer and he could point them out all over Webster county. Mr. Munday said he believed a banking reform would soon be realized and that the farmer was justly entitled to "ready money" when he needed it. He told of other interesting facts, how the farmers in one year in Nebraska produced thirteen times the purchase price of this vast terri-

tory known as the Louisiana Purchase. This address was of great value to every one who was present.

The vocal selections by Alva Pierce were greatly appreciated by both old and young.

Mr. Ed Overing delivered an address taking for his subject "Home Gardens." His lecture drew the close attention of every one in the audience and Mr. Overing demonstrated that his study of plants had not been in vain. He told how he raised tomatoes this year that aroused the envy of his neighbors and in brief he gave a lecture that was of great value to every man, woman and child who was present.

#### TUESDAY AFTERNOON

The vocal solo rendered by Mrs. C. E. Cross was highly appreciated by the audience. The high tones were carried easily and her singing is just the kind that pleases.

Miss Elizabeth Overman read "The Hare and the Tortoise." This was a splendid effort. One could readily see the races Miss Overman gave the recital. She has unquestioned talent and the Chief predicts that some day she will become one of the best readers in the United States.

The piano solo played by Mrs. W. B. Bailey was especially pleasing and appropriate. Her playing is always delightful and the piece was rendered in a most excellent manner.

The efforts of these three ladies were appreciated so much that the audience called them back again and again.

#### BIG ATTENDANCE AT WEDNESDAY EVENING PROGRAM

The opera house was not large enough to accommodate the great crowd that gathered for the Wednesday evening program. The program was very interesting and instructive throughout.

The Farmers Institute orchestra opened the program with a few selections.

Glen Walker gave a vocal solo that greatly pleased the large crowd.

Hon. Wm. Ernest of Tecumseh gave a speech along lines that are of general interest to the farmer. He urged rotation of crops for benefiting the soil and recalled many instances of farmers who worked hard year after year but did not get the results that they might, had they studied the profession and benefited by the advice of the government agriculture stations.

A. E. Anderson, supervisor of the demonstration farm, gave an address on the value of a county farm demonstrator. He cited many instances where different counties had employed a farm demonstrator and proved that this move by the farmers was a great benefit to the farmers of the county. Mr. Anderson came from Lincoln to fill the place on the program that was to have been held for O. H. Liebers, the county farm demonstrator of Gage county.

Glen Foe gave two very fine selections on the trombone and his part of the program was greatly enjoyed by the audience.

Chas. L. Cottle of Edgar, Nebr., an expert poultry man gave a brief talk on the value of poultry to the farmer. His talk was good and those of the audience who are interested in poultry got some excellent ideas from Mr. Cottle's experience in the fancy poultry business.

The bell solo by Raymond Turnure greatly pleased the people who were present and Raymond proved himself an artist with the bells.

#### Bert Benson Accepts Position in Red Cloud.

Bert Benson for a number of years connected with the Journal, has accepted a position as foreman on the Red Cloud Chief and went to that town to begin his duties Monday morning.

Bert is a good, all-around newspaper man and will be of value to any paper he may cast his lot with. The Journal and Bert's many friends wish him the best of success in his new position.—Superior Journal.

## Cut Glass Costs Money

**SURE IT DOES**

And the better it is the more it costs—just like everything else.

But cut glass is bought mainly for its beauty anyway—and you can't get beauty without paying for it.

But that needn't frighten any lover of cut glass away from our store.

To tell you that ours is moderately priced, doesn't explain anything for you.

To tell you that we have just opened a new, clean stock does not let you know the beauty of our glass, nor can you appreciate the beauty of our new silver deposit ware till you see it!

So we guess you'll just have to drop in and see for yourself. Will you?
