

SESSION HAS ENDED

LONGEST EXTRA SESSION IN HISTORY OF CONGRESS.

IS UNABLE TO PAY SALARIES

Government of Mexico Unable to Meet Salaries—Raw Wool Is Now on Free List.

Washington.—The longest continuous extraordinary session in the history of congress is at an end and the regular session began at noon Monday. Democratic leaders, acting in concert with President Wilson, did not permit an actual finish to be written to the special session. The senate met again at 10 o'clock Monday and adjournment did not really come until a few minutes before the regular session convened. Two great projects have held the attention of congress and the country throughout the work of the year. One of these, tariff revision, crystallized into law in September. The other, currency reform, still is the chief subject of legislative interest.

Free Raw Wool Monday.

Washington.—On Monday there went into effect one of the provisions of the new Underwood tariff law which excited the most heated discussion while the measure was pending in congress. This was the free raw wool clause, which exempts from duty all wool of sheep, hair of the camel and of like animals, all paper twine for binding such products, all wool wastes, including nolls, top, card, slabbing, roving, ring, yarn, bur, thread and garnetted wastes, all shoddies, mungo, flocks, wool extract, carbonized nolls and other wastes not specially provided. January first the new rates on wool manufactures provided by the Underwood law will come into operation.

UNABLE TO PAY ITS BILLS.

Commonwealth of Mexico Compelled to Scale Salaries.
Santa Fe, N. M.—For the first time in thirteen years the commonwealth of New Mexico is unable to pay the state officials and clerks of the various departments in full. The end of the fiscal year Saturday saw salaries paid on a 70 per cent basis, with no assurance that the officials will receive the balance due, or in fact any future salary, because of the muddle arising out of tax and assessment litigation, which has brought about a financial crisis in the state.

High Prices Hurt Canada.

Montreal.—The Canadian government will shortly create a commission to inquire into the high cost of living, according to an Ottawa dispatch to the Montreal Herald. The dispatch states that the government had had the subject under consideration for some time, and that statistical experts of the labor department have been making a searching analysis of prices throughout the dominion, and comparing them with those of other countries, especially the United States.

Attempt to Kill Governor.

Hong Kong.—General Chi Kuang Lung, governor of Canton, for the second time within a fortnight, was attacked by an assassin who endeavored to plunge a knife into his heart. General Lung escaped with a wound in his hand. He personally killed four of his guards, fearing treachery at their hands. Serious trouble in Canton is anticipated shortly. The police have been reinforced. Stores of bombs are frequently found in the city.

Kansas City Women to Join Boycott.
Kansas City, Mo.—Kansas City women, aroused over the high prices being asked for eggs and poultry, will join the boycott on eggs started recently by women in eastern cities, according to the officers of four of the largest women's organizations here.

Arctic Explorer Loses Boat.

Nome, Alaska.—The polar schooner Mary Sachs, one of the boats of Vilhjalms Stefanson, Canadian Arctic explorer, has been wrecked on the ice off the Arctic coast of Alaska.

Nebraska Butter Makers Score High.
Chicago.—Joseph F. Moscrop of the David Cole creamery, and F. W. Bouska of the Beatrice Creamery company, Lincoln, scored high at the National dairy show here, Mr. Moscrop scoring ninety-five and Mr. Bouska ninety-three and thirty-three hundredths out of 551 entries from twenty-three different states. This is considered by butter dealers as a big card for Nebraska butter makers, as the highest score made by Minnesota and Iowa butter makers was ninety-six and fifty hundredths and these butters made from cream of far better average quality than was produced in Nebraska this year.

Mayor of Nebraska City Recalled.
Nebraska City, Neb.—With only about half the normal vote cast, Mayor James D. Houston Wednesday was recalled and Paul S. Topping, an attorney, elected as mayor, in a recall election here. Houston was recalled by a majority of 167 out of 789 votes cast. Houston is the first mayor to be recalled under the commission form of government, and his recall comes only after a long legal fight.

DOINGS IN CONGRESS

WHAT LAWMAKERS AT WASHINGTON ARE DOING.

Result of Deliberations on More Important Measures Given in Condensed Form.

Saturday.

The Senate—Democratic conference continued to work on administration currency bill.

All Philippine nominations, excepting that of Winfred T. Denison for secretary of the interior, reported favorably by sub-committee.
Confirmed nomination of L. E. Pinkham as governor of Hawaii by a close vote, but left the appointment of Henry M. Pindell as ambassador to Russia for the regular session of congress.

Passed resolution for joint session with the house at 1 p. m. Tuesday to hear President Wilson read his message.

Adjourned at 4:16 p. m. to 10 a. m. Monday.

The House—A resolution adopted for joint session at 1 p. m. Tuesday to hear President Wilson read his message.

George W. Loft and Jacob Cantor of New York and Calvin D. Paige of Massachusetts sworn in as representatives.

Adjourned at 12:55 p. m. to noon Monday, when the regular session opens.

Wednesday.

The Senate—Democratic senators held a party conference on the currency bill.

Bronze figure of former Senator Kirkham of Iowa placed in statutory hall.

Adjourned at 4:40 p. m. to 2 p. m. Saturday.

The House—Representative Britten introduced his resolution for an investigation of the navy's contracts for Australian beef.

Representative Charles P. Coady of Maryland, who succeeds the late Representative Konig, was sworn into office.

Adjourned at 12:15 p. m. until noon Saturday.

Tuesday.

The Senate—Met at noon and resumed debate on currency bill.

Democratic conference for consideration of currency bill called for 11 o'clock Wednesday morning.

Considered nominations in executive session.

Adjourned at 5:51 p. m. to 2 p. m. Wednesday.

The House—Not in session; meets Wednesday.

Commission Holds First Meeting.

Omaha.—The first meeting of the agricultural development commission was held in the Omaha Commercial club rooms Tuesday afternoon. This commission was created at a conference held here in August for the purpose of aiding in the agricultural development of the state. The commission plans to get behind the university farm in extension work and to raise a fund from subscriptions by the big interests of this state to further the work.

El Paso, Tex.—One hundred and eighty-four wounded men are in the Juarez hospitals as a result of the unsuccessful federal attack upon Juarez. Pancho Villa is also back in Juarez. South of Juarez for eighteen or twenty miles there are no rebel soldiers. Villa says the city is well guarded against a reappearance of the enemy, but he has made no effort to pursue them. Six thousand rebel troops are back in Juarez. Villa captured a number of federal field pieces and a number of cars.

Omaha.—A boycott on eggs similar to that called by the Housewives' league in New York city may be launched by the household economics department of the Omaha Woman's club.

"I am going to bring the matter before the department at the next meeting," said Mrs. F. J. Burnett, head of the department. The best fresh eggs are now selling at retail for 50 cents a dozen, the highest, according to the head of the grocery section in one of the department stores, since 1895. Second best are 45 cents and storage eggs 35 and 30 cents.

Elam Out on \$10,000 Bond.

Kansas City, Mo.—Dr. W. T. Elam, the wealthy St. Joseph, Mo., physician who shot and killed W. P. Cramer of Chicago here, was released on \$10,000 bonds after having offered a plea of not guilty to a charge of first degree murder. His trial was set for January 12.

Schenectady, N. Y.—With more than fourteen thousand employees of the General Electric company voluntarily idle, this city faces an industrial crisis.

Omaha, Neb.—Howard Thompson, twenty years old, who was injured by a Burlington railroad locomotive in St. Joseph, Mo., four years ago, was awarded \$50,000 by a jury in the Douglas county district court. It is one of the largest personal damage awards ever returned by a jury in Nebraska. Thompson, who was a packing house employe, was walking along by a Burlington track when a cylinder head on a locomotive blew out. He was struck on the forehead by a piece of iron and the whole front part of his skull blown away.

FEAR FOR THE OIL WELLS

HUERTA GOVERNMENT IN FINANCIAL STRAITS.
Interests in Mexico Face New Source of Anxiety—Suffragists from Every State Gathering at Washington.

Mexico City.—Provisional President Huerta has summoned the managers of the Bank of London and Mexico and the National bank before him and explained to them the necessity of their financial assistance to meet the obligation of the National railway on December 1. Interest payments of the railways, due December 1, aggregate 801,000 pesos, gold. It was to raise this amount and the interest payments maturing January 1, that E. N. Brown, president of National railways, went to New York recently. Failure to meet the payments in December, it is claimed, would give the right of foreclosure, but as such action would have to be brought in a Mexican court because the company is a Mexican corporation, the difficulties to be encountered are obvious.

Suffragists Gather at Washington.
Washington.—To the call of votes for women suffragists from every state are flocking to the capital for a mammoth convention which will continue for a week. Visits to President Wilson, hearings before the congressional committees on constitutional amendments to enfranchise women, addresses by senators and representatives and such leaders of the cause of suffrage as Miss Jane Addams, Dr. Anna Howard Shaw, Senator Helen Ring Robinson of Colorado, Mrs. Merrill McCormick, Mrs. Carrie Chapman Catt, Mrs. Ella S. Stewart and Mrs. Catherine Waugh McCullough will feature a week of meetings. Such organizations as the National American Woman's Suffrage association, the National College Women's Suffrage association, the Congressional union, the Woman's Political Union of New York and the Men's League for Suffrage will be represented.

FEAR FOR THE OIL WELLS.
New Source of Anxiety to Interests in Mexico.

Washington.—Official dispatches on the Mexican situation are of a routine character, with immediate interest centered in the oil districts, the real danger, if any exists, being in interference with pipe lines running twenty-five miles into the interior from Tampico. Naval officers estimate that it would require a small army to protect the wells and pipe lines. The lifting of a cap from one of the gushers and the ignition of the rushing streams of oil might carry widespread disaster down to the coast. The attitude of the Washington government continues to be one of patient waiting, and, so far as is known, no steps are in contemplation for the immediate future.

President's Portrait in Silk.
Washington.—A remarkable likeness of President Wilson, done in rare silks by an obscure Syrian in the orient, has been presented to the president on behalf of the Buffalo, N. Y., Syrian colony. It was a reproduction from a photograph the president sent last February in response to a request from Mansour Karam of Buffalo. Karam brought it to the White house and said the picture was the result of six months' patient work by a Syrian living near Beirut.

Omaha, Neb.—A commission firm in this place lost about \$9,000 on a shipment of turkeys to New York owing to the warm weather and the condition in which the dressed birds reached there. They were auctioned off and went at about 11 cents a pound.

Ptomaine Danger in Tainted Meat.
Chicago.—Warning of danger of poisoning from tons of meats spoiled by unusually mild weather has been issued by the city bureau of food inspection. A great quantity of meats was distributed in Chicago last week for consumption on Thanksgiving. The temperature rose and remained in the sixties for several days. No preparation had been made to keep the extra stock of meat in the coolers and a considerable percentage of it spoiled.

BRIEF NEWS OF NEBRASKA

Ord is worrying over the water problem in that place.
The new Christian church at Alliance was dedicated Sunday.
Wolves are said to be quite numerous in the vicinity north of York.
Gage county fruit growers will hold a big meeting at Beatrice, December 11.
John Doyle, who was struck by a train at Hampton, died from his injuries.
Governor Morehead has become a sustaining member of the Lincoln Y. M. C. A.
A shortage of material is delaying operations at the new Fremont high school building.
Lightning killed a cow owned by Vaclav Havel, five miles southeast of Clarkson, last week.
Quarantine has been declared against eight or ten homes in Morrill on account of smallpox.
George E. Beckler has received his commission as postmaster at Deshler and taken charge of the office.
C. F. Frenzen suicided at his home in Benkelman by hanging. No cause for the act has been discovered.
The proposition on water works bonds at Morrill carried with fifty-nine votes for and fifteen against.
Mrs. Sarah Barkshire, aged 84, died at Lincoln as a result of accidentally inhaling gas from an open jet in her kitchen.

Chicago Women Determine to Reduce Price of Eggs—Lobby Hearings to Be Reopened at Washington.
Washington.—Thanksgiving dinner was the most expensive meal the average American has eaten in the last twenty-five years. It cost from 35 to 100 per cent more than it did ten years ago and from 15 to 50 per cent more than any Thanksgiving day in the last six years, according to recently gathered government statistics. Thousands of turkeys, spoiled by having been shipped to market in the unseasonably warm spell which overspread the country a week ago; the drought of last summer, which shortened crop yields, particularly white potatoes; an alleged cold storage combination which Attorney McReynolds is now investigating to find if millions of dozens of eggs and millions of pounds of dairy products have been withheld from the market by middlemen to force high prices, and the steady soaring prices generally in the last decade are among the contributing causes to which economists point.

Lobby Hearings to Be Reopened.
Washington.—Lobby hearings will be reopened Tuesday by the senate investigating committee. Plans for the completion of the long investigation have been made by the committee and include the examination of Samuel Gompers, Frank Morrison and other officers of the American Federation of Labor, and of representatives of press associations and publicity concerns. Labor leaders will not appear before the convention until January. Courtland Smith of New York, manager of the American Press association, will testify next Tuesday.

ABSTAIN FROM EATING EGGS.
Women of Chicago Determined to Bring Down the Price.
Chicago.—The campaign of self-denial regarding the eating of eggs began here in an effort to reduce the price. It is estimated that 12,000 club women and their families are engaged in the movement which has for its object the reduction of the price to 32 cents a dozen. Until that point is reached the women have pledged themselves to go without eggs. Fresh eggs are retailing at from 45 to 49 cents and speculators are said to control the market. A year ago the women broke the price by selling eggs themselves.

Increase Reward for Bandits.
Lincoln, Neb.—The effort to capture the bandits who held up a Capital Beach street car and shot and killed Fred Weise a week ago is not being relaxed by Lincoln officers. Chief of Police Malone has issued a large number of postal cards bearing an offer of \$500 reward in connection with the crime and describing its details. The chief has increased his personal offer of reward from \$100 to \$200. The traction company has offered \$100 for the arrest and conviction of the bandits and the state has offered \$200.

Des Moines Goes Dry.
Des Moines, Ia.—Every saloon in Des Moines must close immediately, according to a decision by the Iowa supreme court. The decision ends the appeal of the liquor interests and the saloons are expected to close as soon as notified officially of the court's action. Within an hour after the supreme court decision had been handed down officers were serving the saloon keepers with notices to quit business, and by 5:30 o'clock Saturday practically every one of the ninety odd saloons in town had closed its doors.

Omaha—Arthur W. Bellamy pleaded guilty in federal court to a charge of using the mails to defraud and was sentenced to six months in the county jail at North Platte. He was indicted for sending "Black Hand" letters to Fred L. Temple at Lexington, demanding that \$8,000 be placed in a tin box and deposited at a point six miles west of Lexington. The letters contained a threat that unless the demand met with prompt compliance Temple and members of his family would be killed. Bellamy is a country boy, and the authorities believe he was the tool

"I BELIEVE PE-RU-NA SAVED MY LIFE."

Mrs. Charles Anspaugh, R. R. 1 Kimmell, Noble Co., Indiana, writes: "Peruna has been a godsend to me I can feel safe in saying that it saved my life, as I was all run down and was just miserable when I commenced taking your Peruna, but am on the road to recovery now. I cannot thank you too much."
Those who object to liquid medicines can now procure Peruna Tablets.

Hitting Two Birds.
"So my former henchman refuses to bring me!" exclaimed the boss. "Bring me my trusty whitewash brush!"
"Surely you are not going to give him the benefit of it?"
"No. I'll let the whitewash splash my way while I use the reverse end as a club."—Washington Star.

Avoid Dangerous Nostrums, Take Dean's Mentholated Cough Drops. They have real value—5c at all good Drug Stores.

The fellow who is all wrapped up in himself is generally a bundle of conceit.

Mrs. Winslow's Soothing Syrup for Children, soothing, softens the gums, relieves inflammation, allays pain, cures wind colic. See a bottle.

Most men would be only too glad to be considered land poor.

Backache Warns You

Backache is one of Nature's warnings of kidney weakness. Kidney disease kills thousands every year.
Don't neglect a bad back. If your back is lame—if it hurts to stoop or lift—if there is irregularity of the secretions—suspect your kidneys. If you suffer headaches, dizziness and are tired, nervous and worn-out, you have further proof. Use Doan's Kidney Pills, a fine remedy for bad backs and weak kidneys.

An Indiana Case

Mrs. John D. Whitaker, 405 N. East St., Madison, Ind., says: "Dark circles appeared under my eyes and my ankles were inflamed and swollen. I was all crippled up with rheumatism. My back ached constantly and I was a physical wreck. Doctors and expensive treatment of my rheumatism failed. Doan's Kidney Pills helped me from the first and before long, restored me to good health."

Get Doan's at Any Store, 50c a Box. SOLELY MANUFACTURED BY FOSTER-PILBURN CO., BUFFALO, N. Y.

W.L. DOUGLAS SHOES
