

BREVITIES.

Peterson sells coal. Frederick, Leading Hatter. Sweet Oranges at Kuhn's. See Polack's advertisement. 4000 residence lots. Bemis agent. Bemis' new map of Omaha. Bemis' real estate home. First page. 250 houses and lots. Bemis' agency. 2800 farms and 900,000 acres land. Bemis agent. Whipple, McMillan & Co., the jewelers. Creligh Block. Fine cigars by the box, very cheap, at Kuhn's Drug Store. For Price Commercial Job Printing, call at THE Bee Job rooms. The Kansas City & St. Joseph train commenced to run Saturday forenoon. St. Barnabas' Parish School begins its Trinity term on Tuesday next. Fresh supply of Handkerchief extracts and Toilet Soap just received at Saxe's, druggist. Winick & Krele, Hatters, Sign of the Gold Hat, 14th St., between Farnham and Douglas. 15-17. Contrary to the statement in another paper this morning Sullivan's Blondes will show this evening at Turner Hall. If you want Bill-Heads, Letter-Heads, Envelopes or any job work. Call at THE Bee Job Rooms. Prices that will suit every one. See Hinger's card in this issue and visit their opening to-night. They mean business. A large stock and an elegant display of the 1st millinery in the city, Jacob's Block, 13th street. The western bound train on the Union Pacific railroad was nearly an hour and a half late Saturday, owing to the delay of the C. & N. train. The U. P. train took only five passenger cars literally packed with travelers. Bishop Clarkson will preach and administer confirmation in Kearney, on Monday night, April 18th, in Plum Creek, on Tuesday night, April 19th, and in North Platte on Wednesday night, the 20th. Mrs. Margaret Mathison wishes to express her thanks to the Danish Veterans Society and the Danish Society of Omaha for kindness shown to her husband, the late August Mathison, during his sickness and burial. The lecture by Dr. C. D. Mills, of the University of Iowa, on the "Mission of Industrial Art in Society," or, "The Meaning of the Steam Pipe," Friday was well attended. The lecture was one of profound thought and great interest, and would well bear repetition to many who were prevented by the walking from attending. The Grand Central question having been settled there is now an opportunity for enterprising men to step to the front and erect the hotel which Omaha needs. No one who notes the daily arrivals in Omaha, as shown by hotel registers, can doubt this. There are plenty of good locations. The second-class hotel which is going up on the old Grand Central lot could never be a rival to such an institution. The Ivanhoe Dramatic club announces that the proceeds of its entertainment on its evening will be given to the sufferers of the late flood. The club will place the management on that occasion in the hands of a committee chosen at the meeting Saturday. The club is composed of young people of the city, whose ability has already been shown, and their generous and noble motives.

BETTER DAYS.

That is What Omaha Can Expect Under the New Charter.

Improvements Which Mayor Boyd Favors for the Current Year. The subject of city improvements for the current year is one of paramount interest to the people of Omaha, and in this connection there is a general desire to learn what improvements the city government, elected under the reform charter, will carry on. As an important point in this direction, a Bee reporter called Saturday to learn Mayor Boyd's position on these matters. "The improvements," said the reporter, "do you favor on the part of the city government for this year?" "There are many needed," said Mr. Boyd, "but I am in favor, first of all, of taking good care that we keep within the limit of the appropriation. If any councilman votes for a sum beyond the amount appropriated, he thereby becomes personally liable." "What will be the amount of the appropriation this year?" "The entire appropriation is in the neighborhood of sixty thousand dollars, out of which come all salaries of officers, police, fire department, and for current expenses. There will be left a balance of not to exceed eighteen thousand dollars, which the council can expend for improvements. This will be about nine thousand dollars more revenue than last year. Of course this does not include special funds raised for a particular purpose, as for instance the sewer fund." "How would you be in favor of expending this revenue?" "I believe that most of the money at the disposal of the council should be spent in putting down permanent cross-walks and keeping the city clean. No streets should be graded except those actually necessary. The ordinance prohibiting the throwing of rubbish in the streets should be enforced." "With regard to our streets," said the mayor, "their unusual width and the smallness of our blocks make this a very expensive city to keep in good order or condition. Look at the one block of cross-walks. Every 25th feet, in whatever direction you travel, is a street 100 feet wide, and at every one of these intersections are needed four substantial cross-walks. Where these walks are properly laid, they will cost from \$75 to \$100 each, or from three to four hundred dollars for each intersection. Fine cross-walks, in the least frequented parts of town, would cost not less than \$40. From the number of our streets any one can readily figure what an immense sum would be paid for the laying of these cross-walks alone. They can also ascertain how large a portion of the city could be provided with cross-walks for \$18,000, to say nothing of other improvements which must come from that fund, and while the present Mayor and city council will probably be disposed to do everything in their power to keep the city in good shape, their means are limited and people must not expect too much from them. I know of no remedy for this condition of things. If it were possible to wipe out half the streets of this city I would be in favor of doing it, but that is, of course, out of the question." "What payments are you in favor of putting down this year?" "I believe we should certainly pave Harney and Douglas streets, from Ninth to Sixteenth, the cross streets from Ninth to Sixteenth, and Tenth street. These pavements are, by the law, built by a direct assessment upon the property benefited. This assessment must not exceed 5 per cent. per annum, but on the business streets I have named, with few exceptions, 5 per cent. on property will pay for the pavement. One year's payment can be laid this year, under the law, and I am in favor of doing it." "What pavement are you in favor of?" "Stones or MacAdam. I do not believe Nicholson would last on our streets, and would be most expensive in the end. The block stone pavement I believe to be an excellent one for our streets. The round block concrete pavement stood a good test at one point on our streets." "What is your position regarding sewerage?" "I am in favor of finishing the sewer already begun in south Omaha creek, and the construction of lateral sewers in the business portion of the city, but that is a matter on which the people have the opportunity to act for themselves." "How is the sewerage matter arranged?" "The council must first authorize the mayor to call a special election, setting forth what sewers it is proposed to build, how long the bonds issue for, and what rate of interest they will bear. The amount of the bonds is limited to \$100,000 per year, and the bonds may run twenty or thirty years. If two-thirds of the votes are in favor of the sewers the council awards the contract to the lowest responsible bidder. As I recommended in my message, I think this election should be called as early as possible."

HELP FOR THE NEEDY.

Generous Response of Omaha to the Call for Assistance to Sufferers From the Floods.

An enthusiastic meeting was held at the court house in this city on Saturday evening, in response to a call in behalf of the sufferers from the flood in Dakota and northern Nebraska. At first the meeting did not evince a full attendance, but before it had progressed far the courtroom was generally filled, and the spirit of the hour was one of the most liberal nature. Mayor Boyd called the assembly to order, and made a few brief remarks, but to the point. He said that Omaha had never been behind in charitable undertakings in the past, and that he had no doubt her proverbial generosity would be fully expressed. He then announced that \$30.00 had been received from the deaf and dumb institute, and offered to head a subscription list with \$50.00. Bishop Clarkson read a portion of the appeal published in a morning paper from the governor of Dakota and others, and endorsed the statement made in that appeal. He suggested that a committee be appointed to receive money and that certain places be designated to which people could send clothing, provisions or whatever else they saw fit to contribute. He concluded by an eloquent appeal to the sympathies of those in attendance, and said that this was an instance where just as much and as ready aid was needed as when Chicago was laid low by fire, or yellow fever devastated the sunny fields of the south. Upon the Bishop's motion the appointment of a committee of five by the chairman was decided upon. Dr. Miller, of the morning Herald, was called upon, and made some very practical suggestions and an eloquent, forcible appeal to the citizens present to take hold of the work of assistance with a will. He said that he would rather see \$3000 raised than \$1000, which Bishop Clarkson had suggested, and would be one to subscribe and pay money to that end. He referred to the play of "Robert Emmet" to be given by the Ivanhoe Dramatic Club this evening for the benefit of the flood sufferers, as a laudable undertaking and well worthy of liberal support. The following committee for receipt of monies was then announced as follows: C. W. Mead, M. Donovan, Samuel Burns, Watson B. Smith and P. L. Perine. The subscription paper was then presented, and an invitation for signers to come forward was given. The following is the paper with the names of those who subscribed: "We, the undersigned, agree to contribute the amount set opposite our respective names, for the purpose of relieving the distress of the people of Nebraska and Dakota, occasioned by the unprecedented high water." To this document the following names and amounts were subscribed: James E. Boyd, \$100.00; Dr. Geo. L. Miller, \$25.00; Wm. C. Johnson, \$25.00; Rev. Michael Burns, \$100.00; G. W. Lane, \$25.00; Robt. N. Clarkson, \$25.00; Dewey & Stone, \$100.00; E. W. Wacker, \$25.00; J. E. Richardson, \$25.00; Samuel Burns, \$20.00; A. G. Toussaint, \$25.00; J. E. Richardson, \$25.00; George A. Hoagland, \$100.00; W. H. Clark & Co., \$20.00; D. Cook, \$5.00; Deaf and Dumb Institute, \$50.00; Robt. N. Clarkson, \$25.00; Chas. F. Manderson, \$25.00; Emma Millard, \$25.00; Michael Donovan, \$50.00; Lewis Buchanan, \$20.00; H. F. Davis, \$20.00; Theo. F. Hall, \$5.00; Wm. C. Johnson, \$10.00; W. L. Peabody, \$5.00; R. Kimball, \$5.00; Wm. C. Johnson, \$5.00; P. L. Perine, \$5.00; J. I. Gilbert, \$5.00; John Fenney, \$5.00. Total, \$896.50. After some discussion it was decided to have the supplies left at the following places: The Presbyterian church, where ladies will be present to take charge of the gifts; the board of trade rooms, in charge of W. B. C. Allen; and at the store room on Tenth street, next door to Paterson's, to be in the keeping of some responsible party, to be appointed by the Rev. Mr. Patterson. Remarks were then made by Judge Wakely, who eloquently referred to Omaha's open handed generosity in times of need; Gen. Manderson, Ezra Millard, Judge Peabody and Samuel Burns. The committee decided to meet at the store room of Samuel Burns, a 9 o'clock this morning, and the meeting then adjourned. CHICAGO COMING TO THE FRONT. A Chicago dispatch on Saturday night to the Bee says: "A letter was read at the board of trade from Gen. Sheridan, asking aid in the shape of flour, salt, and clothing for men, women and children for the settlers in the vicinity of Yankton, Dakota, who have lost everything they had by the overflow of the Missouri river. Justice Shannon, Judge Brooks and Mr. Charles G. Wicker, of Dakota, were introduced and made short speeches, telling about the deplorable condition of the people. President Rogers, of the board, appointed a committee to solicit relief."

EASTER SUNDAY.

Services at the Churches in This City Yesterday.

Easter Sunday dawned bright, fair and warm, and the breath of coming spring seemed to stir everything into a joyous life. How fully and sweetly in harmony with these bright harbingerings were the Easter bells, which rang out their glad welcomes to all who came within the melody of their brazen wings. The attendance at the churches was large and brilliant. TRINITY CATHEDRAL. At Trinity cathedral, in order to accommodate all of the communicants, the Holy Communion was celebrated at 7:30 o'clock a. m., and at the middle of the service. The Easter anthems were of the highest order, and abounded in beautiful vocal passages. The administration of confirmation by Bishop Clarkson, occurred at 11 o'clock a. m., the rite of confirmation being also administered at St. Barnabas' church in the evening. The floral decorations were of the most ornate and profuse character. At this church the floral decorations were of a beautiful design. On the organ there was a cross of callilies with the motto, "Christ is Risen." The rail of the organ loft also was covered with flowers, and running green. The pulpit was surrounded by exquisite natural flowers in pots. Above the minister was a white dove, hanging with outstretched wings. PRESBYTERIAN. There was no floral decoration at the Presbyterian church, except stands of exquisite white lilies, which were of the right of the pulpit. The choir of thirteen members gave a most beautiful service, in which the following parts were finely sustained: Soprano—Miss Ella Spoor, Alice Rogers, and Ette Wilson; Alto—Miss Mattie Kennedy, Fannie Wilson, and Lizzie Sharp; Tenor—Messrs. A. Van Keuren, J. A. Kirkpatrick, and F. S. Smith; Basses—Messrs. W. Rogers, W. Nash, and J. L. Smith. Miss Addie Kennedy gracefully presided at the organ. The sermon was from the text "The dual life of Christ," John xiv-19, and was more than ordinarily comprehensive and able. ST. PHILIP'S'S C. CATHEDRAL. The principal Easter service of St. Philip's was the solemn pontifical mass at half-past 10 o'clock, Rt. Rev. Bishop O'Connor officiating as celebrant. The assistant priest was the Very Rev. Vicar-General Kelly, the deacons of honor being the Rev. Fathers English and Colmar, and the deacon and sub-deacon of the day, Rev. Father McCarthy and the young gentleman from Creighton college, respectively. Another young gentleman from the college acted as master of ceremonies. Among the numerous acolytes were four little cherubs who had forgotten to bring their wings, and who by the innocence that shone in their childish faces filled the ceremony with a peculiarly pleasing charm. The little fellows were robed in red soutanes and cape, with white surplices and white gloves. The decorations of all the altars were elaborate and most tasteful—a blending of natural flowers and evergreens. Lighted tapers blazed in great number on the maid altar. The imposing ceremony of the mass was of course impressive in the highest degree, as it always is. Bishop O'Connor's deep and well trained voice, and his dignified bearing, made him one of the finest prelates in the country to witness in this grand ceremony. In full canonicals Bishop O'Connor looks every inch a bishop. After the first gospel the Rt. Rev. Martin Marty, bishop of Dakota, preached. He took for his text the resurrection, and gradually led up to the main theme of his discourse, which was a plea for unity among the followers of Christ through charity to the non-charitable existing among Christians towards each other, and though the sermon lasted over an hour, it was listened to with respectful attention from beginning to end. The efforts of the choir must not be overlooked in recording the day at St. Philip's. Schmitz's mass in "O" was sung, at the offertory, and at Easter anthem, "Regina Coeli." Before the sermon, Mr. Harman sang the "Veni Creator," a base solo, in a masterly manner. NEW SPRING DOLMANS JUST OPENED AT McDONALD & HARRISON'S. RINGER'S OPENING TO-NIGHT. Hickman's Millinery Headquarters are complete in every department. E. HOWARD & CO.'S Solid Gold box watches at Whipple, McMillan & Co.'s, Creighton Block. PLENTY OF Eggs, at Buffet's. EGGS, by the bushel, at Buffet's. SPRING JACKETS, ULSTERS AND CIRCULARS, at McDONALD & HARRISON'S. THE BLIND made to see, at Whipple, McMillan & Co.'s, Creighton Block. Quarterly Examination. Notice is hereby given that I shall be in my office, room 10, Creighton block, Saturday, May 7th, for the purpose of examining those who may offer themselves as candidates for positions in the schools of Douglas county. Monthly examination the first Saturday in each month. Examination fee, one dollar. 161-3: J. J. POINTS, Co. Supt. Ladies can now find a beautiful assortment of Artistically Trimmed Hats at the "Boston Store," 616 Tenth st., at very low prices. 161-3: RINGER'S OPENING TO-NIGHT.

PIPE LAYING.

The Contractors Begin Work To-Day—Pushing the Waterworks.

The corner of Dodge and Sixteenth streets presented an animated spectacle at 7 o'clock Saturday, at which time Smith & McEwen, the contractors for the pipe-laying of the water works company, began work, with a force of between thirty and forty men. The trench was started on the north side of Dodge street, the men striking up the hill, the muddy condition of the lower streets making excavation impracticable. There was found to be still from twelve to eighteen inches of frost in the ground. The men were confined to trench digging during the forenoon, but the work of pipe laying was also being carried on Saturday afternoon. This is but the nucleus of the pipe-laying gangs, which will shortly be at work on our streets. To-day two additional gangs will be set to work in other parts of the city, or 150 men in all, and the gangs will be increased from day to day, as the work progresses. Work on the buildings on the river bottom was recommenced Friday. The pumps, boilers and machinery are here and as soon as the Union Pacific track to the water works is repaired, will be taken to their positions and the force there largely increased. Mr. Shelton starts operations on the upper reservoir will be entered upon in a few days, and that from that time on, work at the different points will be pushed forward simultaneously. He states that as soon as the water dries pipe will be laid in the business streets and that water will be running through those streets within sixty days. Mr. Shelton was questioned as to the ability of the Water Works company to complete their work in the time specified and said that the different points will be pushed forward simultaneously. He states that as soon as the water dries pipe will be laid in the business streets and that water will be running through those streets within sixty days.
