New York Dry Goods NEW YORK, July 15. The dry goods trade has displayed a fair degree of annimation owing to the great number of buyers now in the market, and number of buyers now in the market, and new business coupled with deliveries on ac-count of back orders, has reached impor-tant aggregate amount. There was im-proved inquiry for dark prints, dress goods, ginghams etc., by package buyers and some fair transactions were reported but such cases were exceptional, as agents are not yet fully prepared to open their new productions for trade. Jobbers report better demand for notions and other de-partments of goods, but general jobbing trade remains quiet.
