MR. GRESHAM is discovering that Frank Hatton is about the most unpopular man country.

business until the end of the year, on the This is the way that combination eats the heart out of competition.

THE CTY of the New York Sun, "Turn the rascals out," recalls to the Elmira Advitiscr the experience of a Democratic Congressional investigating committee a few years ago. Every time the committee dropped its hook for a rascal, it hauled up a Democrat.

THE old adage that "politics makes strange bod-fellows' is being forcibly illustrated in Pennsylvania. There is strong talk now of making Stewart, the Independent Republical candidate for Governor last year, the chairman of the Republican State Committee for the coming campaign. And the proposition of even rare. Nor must the excellent coming campaign. And the proposition of Governor Saunders comes from the "regulars" who fought him so savagely last year.

hundred million of the standard dollars a notable one and will not soon be for- use 1 which are locked up in the Treasury gotten. vaults uncalled for. Two millions are added to their number and stored away every month. Why cannot the Government, by an act of Congress next December, put out those dollars in exchange for the trade dollars? Where would be the dishonesty or injustice of such a policy? It would actually be an exchange in which the Government would gain seven-and-a-half grains of silver for every coin so redeemed, and it would relieve the people of what threatens to be a most embarrassing nuisance.

agents of the steamship lines to carry such people home again, or get them a to take them, which is not likely.

three hundred miles north of Heart's Conwill connect with Canadian lines and esof England, and run to Sable Island, Halifax, Nova Scotia. Connection will there be made with a cable to the easterly end of Long Island, and thus open direct communication between London thermometer with these days. and New York. The cables are now being constructed in England, and the new organization, whose title is the American, British and Continental company, has secured landing rights in the grand hotel in the National Park, France, Belgium and Holland. The av. makes any mention of it at this time parerage cost of Atlantic cables has been about \$8,000,000, but the new cables are mer. to cost \$3,500,000 each. An agreement has just arrived from the Mammoth Hot Sieux City Journal with the American Telegraph company Springs, we learn the following particustipulates that there shall be no pooling of America. Although not built of marble and Reed, each of whom has a place on

Are the Louisiana Lottery Drawings Fair?

The two commissioners who superintend there will be an examination for West their single-number drawings, when interviewed on the subject, reluctantly admitted that the numbers which were 10th to fill a vacancy. It is open to boys placed in the tubes and put in the wheel poem to determine to whom the place of the Ninth district from 17 to 22 years where only counted twice a year. They draw the lottery every month. Is not love songs, while Humphrey sings of arms this a barefaced fraud? Their excuse is and men, it will tequire a discriminating Nebraska is perhaps the only state in the four assistants. How, then, can any that it would take ten day's labor, with Union that has not at this day a single ticket-buyer in this lottery know that the cadet, either in the West Point military number on his ticket has a corresponding number in the wheel? If they desire an olis. Every Nebraska applicant endorsed day of and just before their for admission in these National training drawings, allow the ticket-holder the chance of its being drawn out with a of a big prize. Is it any longer a wonder how they controlled the Louisiana Contration? Under this system of drawings, it will be no trouble to make money enough to control and run our very government .- From the Chicago Inter

### The Mexican Copper Belt.

or. Philadelphia Pre-A company of New York capitalists are now building extensive reduction works near the Pacific ocean, only three miles in the heart of the Mexican copper belt, and they expect to be able to place copper on board the ship in their harbor at a good profit for 5 cents per pound. The ore

It can but be a matter of a little time when the price of copper must be further materially reduced, and the production of it in Mexico must become one of her most valuable industries. It is a question which is of general interest to all. This jacent to the Pacific ocean or more than six hundred miles, many of the mines being from two to ten miles from good vessel landings. The iron taken from the copper mines and iron deposits adjacent has been manufactured into steel, in San Francisco, which in temper and in quality is said to be superior to the famous

Although not built of married the republican state ticket, are both residents of Council Bluffs.

### PERSONALITIES.

Oscar Wilde is fat Cladstone gloats over fine frogs' legs. Schuyler Colfax is entirely gray, but his ace is as smooth and smiling as ever.

Captain Webb, the famous swimmer, has feet like a duck—small and ductile. McDonald is as bald as an egg; but it is suspected, happily, that he is no chicken. Alfred Tennyson, who has written some eal nice verses, smokes a day pipe. The President is fond of buttermilk and olls. One of these days he may start a

St. Louis says he is not much of a rower after

General Grant weighs 186 pounds. In the surse of human events he may reach 306. Governor Crittenden, of Missouri, is as big man as Senator Tabor, for he wears a ruffled

Ex-Speaker Kiefer indignantly denies that

Jeff Davis has a violent aversion to som Miss Carrie Astor, the richest heiress of the

name, is said to be plain, pale, petite, per-fectly polite and polyglot. Henry Irving, the actor, is mashed on sus-enders. He would like to be made a Knight penders. He of the Garter.

Bismarck, who is again afflicted with neu-algia, might obtain relief by binding a slice of American pork on the aching part. Mr. W. H. Vanderbilt weighs 210 pounds It is barely possible that his pockets are filled with gold bricks and diamond dust. General Longstreet's son failed to pass the

examination at the Naval Academy, and he has been given a clerkship in the Interior De-Mr. Watterson fears that Colonel Ingersoll is getting to be a worse infidel every year.

Once he did not believe in the devil; now he does not believe in Mr. Blaine Senator Jones, of Florida, stands six feet two

He stoops to conquer, when he kisses the pret Charles A. Dana is fond of bric-a-brac. He

his stocking feet and is a strawberry blond

Ex-Governor Leland Stanford, of California does not look like a man who enjoys his milli ons. He has a strong stern face, of gleast, and never smiles or shows interest.

The President is wearing a light gray suit, a tall hat and a crimson scarf; the Attorney General wears light trousers, a black coat an large, light soft hat, while the rest of the Cabinet are rather fond of brown summer

Benjamin P. Chency is said to be the wealthiest man in Boston. When young he courted a widow, who begged him to wait until her daughter was educated. He waited and

til her daughter was educated. He waited and married the daughter.

Edward Hanlan may be claimed as a United State carsman. The fact that he was born in Canada is of slight consequence. If he could have had his way about it he would have un-questionably have begun his existence on this side of the line. Richard Rowley, the hero who in the memorable fight of the Kearsage with the Alabama picked up a 100 pound shell from the Kearsage's deck while the fuse was burning, and threw it overboard, was up before the Bangor Municipal Const last week on the charge of demicences.
