

THE DAILY BEE. COUNCIL BLUFFS.

Saturday Morning July 7.

SUBSCRIPTION RATES: By Carrier 30 cents per week; By Mail \$20.00 per Year.

MINOR MENTION.

See Joseph Reiter's spring styles. Cheap Railroad Tickets at Bushnell's. Additional local news on seventh page. John Hays was a plain drunk disposed of yesterday. The Harmony band made a good record for itself at Macedonia on the Fourth. Rev. Father O'Shea will conduct services at the Catholic church to-morrow. G. R. Rice is building an addition to his residence in the outskirts of the city. Lenox, who turned in a false fire alarm, was yesterday fined \$14.10. He gave security. Miss Wescott, of Keokuk, is to play the organ at the Congregational church to-morrow. Frank Levin has captured another Indian. It is of wood and placed in front of his establishment. Justice Abbott plants a post of the G. A. R. at Malvera to-night. Henderson, Mills county, is applying for a grant also. Leave to wed was yesterday granted to James E. Sear and Laura B. Morgan, James E. Smith and Dora Dennis, all of this city.

Papers have been filed by John N. Clark, asking for divorce from his wife, Lora E. Clark, on the ground of adultery with Albert Clark and others.

Mr. Pettibone got his head hurt at the driving park on the Fourth, and his wound, though only a scratch, is causing him great pain.

James Bliss is in bad luck. His eye was badly hurt on the Fourth, by fireworks, and yesterday he cut his hand quite badly in opening cigar boxes.

On Sunday afternoon there will be a spiritual meeting at Plater's hall, Middle Broadway, at 2 o'clock. Only mediums are officiating, lecturing and giving tests. Vic Keller has had M. Colomblin paint for him an oil portrait of his mother, which is certainly a fine piece of work, and pronounced most life-like by those who knew that worthy lady in her life-time.

Some of the Y. M. C. A. had their christianity tested on the Fourth, they having been unceremoniously dipped in Big Lake, the wind upsetting the boat. They didn't sweat, but some of their doubtless thought damn.

The school board has let the contract for the new school building to Wickham Baos, for \$7,775. The other bids were: Hiram & Brown, \$8,595; F. Gloss, \$8,395; J. A. Murphy, \$8,740; J. G. Salisbury, \$8,600; J. P. Weaver, \$8,550; C. Bosen, \$9,390.

John Chapman has evidently become discouraged in trying to get his political views before the public through the limited circulation of his own paper, and has succeeded in getting "an interview" in the Chicago Tribune. Tribune rates are high. He might have got his advertising cheaper nearer home.

The Macedonia Tribune has the following to say in regard to our boys' band, played for them on the 4th: "The music with which the programme was interspersed was of the highest order, and the Council Bluff band boys will be long remembered at Macedonia for favoring us in preference to other towns that endeavored to secure their services."

Dr. S. P. Gull, a well known citizen, died yesterday at his rooms, where he has been living alone for some time, he having no family. He was a peculiar sort of a man, and by his love of drink had lost much of the standing which his natural ability and education would have given him in social and business circles. He was a man of much strength in some respects, and in the earlier years was greatly interested in and quite prominent in labor movements. His eccentricities and habits have made him one of the characters of this city.

Postmaster Armour is having bad luck lately. A great many people have been dropping in letters with only two-cent stamps on them, thinking the postage had been reduced, instead of waiting until October 1st. Then he went down to the races in a thin suit nicely starched and ironed just in time to get thoroughly drenched, and showing his manly form off to good advantage. Of course, he had lots of company; but still, this first grief added to the other, has made him lose all patience, and now the first fellow who tries to get a letter through with a two-cent stamp on may expect to catch a cyclone.

The least breeze causes the evening glimmer to flicker. In one issue it denounces the police for trying to arrest those who were shooting fireworks so recklessly on Broadway. It termed such official interference an outrage. In the next issue it flickers and calls these "worthy citizens" of the night before, "drunken hoodlums," and the patriotic display of fireworks a disgraceful cannonade. The affair was a disgraceful one and the police were right in arresting the participants, but the glimmer flickers a great deal before it throws the least gleam of light in the right direction, and often gets blown clear out, leaving it in darkness altogether.

At an early hour yesterday morning a middle aged woman, plainly but rather neatly dressed, her hair streaked with gray, was found on the sidewalk near the park sleeping off a drunk. She had apparently been out all night. She was taken to jail, and when sobered up, was allowed to go. She refused to tell her name, saying she would rather die than have the disgrace fall upon her daughters, who lived in this city. Chief Field humorously booked her at the police station as, "Unknown woman. Drunk on Pearl street sweetly dreaming the happy hours away. Tenderly deposited in the bridal chamber of the county jail." It was nevertheless a sad sight to see somebody's mother in so sorry a plight.

It is understood that the street car company is not protesting so vigorously as some would think it would against the proposed running of a dummy train to Broadway. It is not a scheme to kill the street car company, as some suppose. There is horse and buggy game for the Union Pacific, and in order to accomplish its purpose, arrangements will doubtless be made satisfactory to the street car folks. The Union Pacific can afford to reward well those who help push the

Union Avenue scheme through, and can afford to deal rather liberally with the street car company, and with those property owners who have sand enough to fight. After settling with these it will have got \$40,000 of city property very cheap and be in shape to kill off several charming enterprises.

Isn't it proposed to move the Union Pacific depot up to Broadway. That will stay where it is, in the outskirts of this city, and the bulk of the business little station is what Council Bluffs is to be given in return for \$40,000 of city property, the abandoning of a street-car line, and the giving up of all hope of another bridge, and all prospect for a conveniently located union depot. This is rather a big price for Council Bluffs to pay for the sake of riding to the transfer on a steam car instead of a street car.

A little game of poker is reported as having been played the other evening in one of the gambling places, supposed to be closed. The victim is said to have put up his watch and pin for \$110, so confident was he that four kings could not be beaten. But four aces had been put up on him. Such instances are getting rather frequent for a city where the gambling houses are supposed to be shut up tight.

The display of fireworks was postponed last night on account of the sickness of Mrs. Geo. Phelps, who is lying very low at the residence of her father, John T. Baldwin, but will occur to-night at the corner of Broadway and Hancock street, the weather permitting.

The attempt to raise money for the relief of Mrs. Evans, whose house was burned, is meeting with success. It ought to be as she is a hardworking and worthy woman.

Don't forget the races this afternoon as they will surely come off. No postponement on account of weather. Let everybody go.

John Jackson, the Fourth street blacksmith, had the best sort of a celebration. It's a boy, too.

The street car and dummy will be held to-night until after the theatre.

THE REAL REASONS.

It is simply nonsense to suppose that the Union Pacific railway company is desirous of getting possession of Union Avenue for the purpose of helping Council Bluffs. Its jealousy has always been against this city, and it has never shown any disposition to favor anybody or anything, except when, by so favoring it, it will prove a still greater advantage to itself. Why is the Union Pacific so anxious to run a sidetrack up Union Avenue? There are several real reasons. The Nonpareil says it is because the Union Pacific is losing trade here, and two roads getting it away. There are two very prominent reasons which the Nonpareil knows but does not state. One of these is that the Union Pacific is bound if possible to thwart any bridge enterprise. It is utterly opposed to another bridge across the river, whether it be wagon or railway. Some say the Union Pacific is not opposed to a wagon bridge. Why does it not build the wagon bridge addition to its own structure, as provided for in its charter? When a bridge bill was presented to Congress one of the brass-collared servants in this city telegraphed to Washington asking members to oppose the enterprise, even if only a wagon bridge was asked for. But how can the Union Pacific strengthen its opposition by running its dummy train to Broadway? It can do it and will do it, in this way: When the popular clamor is aroused for another bridge it will run its dummy train frequently, and put fares and freights very low, till the clamor is satisfied, and the race again, and cut off conveniences. It can start on Broadway as a powerful competitor to any proposed bridge company, and frighten away capital from investing. Another strange reason for the Union Pacific wanting the avenue is that it will then be in position to fight any proposed union depot. There has been talk of the roads joining in a union depot, somewhere south of Broadway, and if all joined and built a depot, such as Council Bluffs shall have, and run in there instead of with the transfer, the Union Pacific would find its big brick shed and tracks out in the cold, and the transfer dummies would be forced to come nearer the city.

The Union Pacific is planning to get possession so that it may hold a club over this enterprise, too. The city council has on the sly passed an ordinance granting this selfish, grasping and hostile company a club with which to dash out the brains of any enterprise the city may desire. Added to this suicidal policy of the part of the council, is the injustice of the whole proceedings. It is not to be wondered that citizens so loudly denounce the whole scheme that not even the organs of the Union Pacific itself have the hardihood to give the action of the council any public editorial endorsement.

The Knights of Labor will hold special meeting Sunday afternoon, July 8th, at 2 o'clock p. m.

Mrs. J. A. Gray has refitted her restaurant, 21 and 23 Bryant street, in fine shape, and is serving meals at only twenty-five cents.

It repairs the ravages of disease by converting the food into rich blood, and it gives new life and vigor to the aged and infirm always.

Bad Breaks.

Jack Shields Makes Several of them, Including One Break for the Calaboose.

Jack Shields, who has gained considerable notoriety, but very little reputation worth anything, has been making some bad breaks lately. He is quite a thumper when his victims are drunken men or old men or feeble ones, but he seldom picks a man his equal in strength. He was arrested the other night for assaulting a man named McGuire, and was locked up in the calaboose. Yesterday he managed to get out by breaking a lock on the rear door and skipped, letting out with him a man named M. D. Taylor, arrested for being drunk.

It appears that Shields escaped just in time to prevent his being called to account for another bad break. About 1 o'clock on the morning of the 5th it is claimed that he is in company with another fellow named Jack Collins, entered Jennie Fleming's rooms, in the rear of the photograph gallery, and pretending to be officers threatened to arrest them. Shields is said to have pulled a revolver on her and her cousin Rupt Fleming, but the latter shouted for the police, and the two intruding Jacks fled. If they can be found they are to answer to a criminal charge based on this information.

HAYESVILLE, O., Feb. 11, 1880.

I am very glad to say I have tried Hop Bitters, and never took anything that did me as much good. I only took two bottles and I would not take \$100 for the good they did me. I recommend them to my patients, and get the best results from their use.

C. B. MERCER, M. D.

Our New Loan and Improvement Co. Investigation into the matter convinces us that one of the most equitable, reasonable and feasible plans of building houses is that proposed and in operation by the Mercantile Loan, Trust and Improvement company of this city. By investing in shares in this institution, which is backed by some of our best and most reliable business men, it becomes possible and comparatively easy for a man of moderate means to secure a comfortable home for himself and family. In taking a certain number of shares, at a certain monthly payment, in a few years a man can own a house of his own for about the same as he pays monthly for rent. We believe the Mercantile Loan and Trust company, by organizing and opening up for business, have filled a long felt want in Council Bluffs. Their plan and system of loans will bear the most careful scrutiny and examination, and we have no hesitancy in pronouncing them reasonable and equitable, and backed by gentlemen of honor and integrity. As the company exists it becomes at once an institution of value and credit to our city and those who desire homes. Their president is T. A. Kirkland; vice president, Judge Peake; secretary, I. R. Beery; treasurer, Col. Beebe, and their office is in the basement of Shugart & McMahon's new block, corner First avenue and Pearl street. jan27-1y.
