FINANCIAL

NEW YORK, August 20.

Money—Easy at 26 1/2 per cent; closed off at 21 per cent.

Prime Mercantile Paper—50@6 1/2 per cent.

Sterling Exchange—Bankers' bills steady at \$4.82; demand, \$4.86.

Governments—Strong and higher for 4%.

Stocks—Weak throughout the day. The net result of the day's business was a decline of 1/2 to 1/4 per cent, on Omaha, 21 and 22 on Wabash, 2 per cent on Western Union and 6 1/2 in Denver, 2 on Central Pacific and Colorado coal and 2 1/2 on Union Pacific. The Evening Post says the selling movement and decline in Denver is due first to the difficulty experienced in getting any person of good standing in the business community to accept the presidency and second to reports circulated in regard to the solvency of the company. Officers of the company deny the truth of the reports, both as to the specified incident and general charge; nevertheless, their effect is shown in the market price of Denver, and also of the stock of the Colorado Coal Co.
