THE DAILY BEE.

OMAHA.

Saturday Morning, August 25.

Indications for To-day.

For the upper Mississippi valley, fair weather, variable winds, shifting to southerly, falling barometer, stationary or rising temperature.

For the Missouri valley, fair weather, southerly winds, becoming variable, falling followed by rising barometer in the northern portion, stationary or rising temperature in the southern.

LOCAL BREVITILS.

—Who are Lippit, Leak & Co. m-e&w.

—As for a long time past, Charles Shiverick will continue to sell to *all* purchasers of furniture at prices lower than any other dealers in Omaha make for their so-called wholesale trade. Owing to a very low rent procured some years since and his ability to buy at the very lowest prices in his choice of markets, there is no question but what he can and does sell furniture cheaper than dealers who are weighted down with mortgages and special assessments and are carried by certain wealthy manufacturers in the east.

—Joseph Granacher, one of Mayor Chase's old force, has been appointed as special policeman at the marshal's office and janitor of the city hall.

—To-day at 3 p. m. a game of cricket will be played on the B. & M. base ball grounds between the U. P. and the Omaha Cricket club. Free for all.

—A large, new warehouse is being erected on the B. & M. grounds just south of the U. P. depot. It will be used as a storehouse for agricultural implements. It is 40 by 75 feet in size and is quite an addition to the business houses of South Omaha.

—The old frame store belonging to Sam. Herman next to McDonalds on Farnham is being torn down to make room for a handsome three story brick building. Yesterday one of the workmen fell from the second story into a pile of rubbish beneath but was not seriously injured.

—The city mission, comprising three hundred children of the industrial school, the Eleventh street Sunday-school and Fourteenth street Sunday-school, held its annual picnic at Hanscom Park yesterday. The children were taken out to the park in street cars, a line of which they filled full.

Tenth street is open for business, a small portion in front of Paxton & Gallaghers on one side of the street only, being unpaved. This will be finished up as soon as the stone, which is with a wrecked freight train up the road, can arrive. The street is now crowded with vehicles of all descriptions.

—The graders are at work on the alley in which the Tivoli Garden is located, which is to be paved with granite by Mrs. Sophia Lowe, the owner of the block. This is the first alley in Omaha to be paved, and Mrs. Lowe, assuming, as she does, all expense, deserves great credit for her enterprise and the thanks of the residents in that locality for the increased healthfulness it will give to the neighborhood.

—The Northwestern Electric Light company has recommended to the council the following corners as positions for placing the contemplated twenty lamps: Tenth and Pacific, Leavenworth, Jackson, Harney; Thirteenth and Leavenworth, Jackson, Howard; Sixteenth and Capitol avenue, California, Burt, Izard; Farnam and Eleventh, Thirteenth, Fifteenth, Eighteenth; Douglas and Tenth, Twelfth, Fourteenth, Sixteenth. The council has taken no action, however, in any matter of lighting, save that of gas, and no contract is drawn up.

Many times you want to keep meat or fish for several days. Lay it in a solution of Rex Magnus over night, and you can keep it for weeks. You can also keep milk a week or more by stirring in a little of the "Snow Flake" brand.

The Nebraska University.

Nebraska University will enter upon its twelfth year with an ample corps of instructors in all departments, Tuesday, September 11, 1883.

Certificates for half fare on railroads will be sent to those expecting to attend; also catalogues to those desiring information, on application to the acting chancellor.

The medical college will open October 2, and continue six months.

Will other papers of the state favor the university by noticing the above?

LOTS OF BUSINESS.

The City Council Hold a Long Special Session This Morning.

Judge Savage Recommended to Act for the City Until the City Attorney Returns.

The Division of the Second Ward Into Two Polling Districts Asked.

The city council held an extra session Yesterday morning.

The following communication was received from the mayor: "Whereas, the city attorney is absent from the city and it is reported will be absent for some time to come and whereas, several suits of importance have been commenced against the city and its officers since he left, in which injunctions have been allowed, and whereas it is important that the city at this particular crisis of its affairs have the benefit of eminent legal counsel that our public works may not be unnecessarily delayed, and whereas, one of the most important of these cases is set for hearing to-morrow morning; I hereby recommend that the council employ Col. James W. Savage to act for the city as attorney until the city attorney returns and that if Col. Savage cannot accept the place that the judiciary committee be authorized to secure some other eminent attorney for the services suggested." Referred to the judiciary committee with power to act.

A communication from the mayor, enclosing without being executed, the Gamewell fire alarm company contract, for the reason that it is drawn

PAYABLE IN CASH

by the city, which is unusual, and because it does not state what fund is to be applied to the payment of the purchase, was referred to the committee on fire.

A communication from the mayor recalling the appointment of Simeon Bloom as member of the board of public works and re-appointing John Wilson, was confirmed.

The appointment of Joseph Granacher special policeman and janitor at city hall at a salary of $60 a month, was confirmed.

The mayor reported having approved the ordinances ordering the paving of 11th, 12th, 13th, 14th and 15th streets in paving districts Nos. 3, 4, 5, 6 and 7; ordering the curbing and guttering of 15th street from Dodge to Capitol avenue; an ordinance appropriating moneys out of the special funds to pay for constructing sidewalks; a sidewalk tax-levy ordinance; and an ordinance appropriating $2,138 86 from the Jones street sewer extension fund in favor of William Fitch & Co., to cover balance now due.

A communication from the city engineer, reporting the pond in lot near Spruce and 18th streets a public nuisance and advising that owners abate it, was referred to the committee on streets and grades.

The estimate of the city engineer for grading Farnham street from 25th to a point west of 30th, in Boggs & Hill's addition, 31,800 yards, and the balance to the city limits, being 30,000 yards, making the amount of grading necessary to bring the street to grade

62,000 YARDS,

was referred to the committee on streets and grades.

The plat of the Himebaugh addition to the city of Omaha was approved.

A resolution of the county commissioners, agreeing to pay one-half for cutting the hill first west of 29th street full width on Farnham street, if the dirt is put into a fill immediately west of the same, and if the city will grade Farnham from 25th to 29th streets, was referred to the committee on streets and grades.

A petition for the division of the Second ward into two voting districts, one polling place to be on St. Mary's avenue near 19th street, and one near the corner of 13th and Leavenworth, was referred to the delegation from the Second ward. The petition sets forth that said ward has a large excess of over 500 voters, and that in past years the polls have been so situated as to practically disenfranchise a good portion of voters. It was signed by A. M. Chadwick, Chas. S. Hernas, C. W. Hamilton, Wm. H. Ijams and about fifty others.

A contract with the Omaha Union publishing company was approved, the first one being cancelled on account of error.

The appraisers of damages of changing grades of 14th and 15th streets from Jackson to Leavenworth, and Jones from 12th to 16th street, recommended the allowance of $200 to J. R. Conkling for lots 2 and e. ½ of 3 in block 197; $150 to Jacob Frank for w. ½ of lot 3 in block 197; $150 to Jos. Rosenstein for lot 4 in block 197. It was approved and the amounts tendered.

PRINTING BIDS.

The bids of THE OMAHA BEE and The Omaha Union for publishing legal notices for the city were referred to the committee on rules, forms and printing.

A communication was received from the chairman of the board of public works, calling the attention of the council to the necessity of recurbing and guttering Thirteenth, Fourteenth and Fifteenth streets, between Farnam and Douglas, to secure uniformity of width in sidewalks of twenty feet. Those on Thirteenth, Fourteenth and Fifteenth streets as at present curbed are but sixteen feet it width. Referred to the committee on streets and grades.

A communication from the chairman of the board of public works, enclosing estimates of the city engineer, was referred to the committee on water works and sewerage.

The petition of the Northwestern Electric Light company for placing twenty lamps was referred to the committee on finance.

The council resolved to sit as a board of equalization on the 31st of August to equalize the assessment roll for the current year.

The street commissioner was instructed to build a bridge on Dodge, between Twenty-eighth and Twenty-ninth streets, and a three foot square culvert on Twelfth street from Davenport to Chicago.

The board of public works was authorized to repair the North Omaha sewer with piles and plank.

The city engineer was instructed to report all who had made connections with the storm water sewers with or without his permission.

GAS AND SEWER CONNECTIONS.

The board of public works were instructed to give notice by advertising in the city papers to owners of property on all streets to be paved to make gas and sewer connections.

A resolution by Dunham, instructing the board of public works to have the curbing and guttering replaced between Sixteenth and Eighteenth streets on Farnham, was referred to the committee on streets and grades.

A resolution by Thrane instructing the delegation from the first ward and city engineer to report a plan to cover the east end of the Jones street sewer so as to make Jones street passable between 6th and 7th, was referred to the committee on water works and sewerage.

The report of the judiciary committee, recommending the passage of the garbage ordinance, was filed.

The report of the committee on police, to whom was referred the petition of James E. Boyd and others, asking that a merchants' police force be established, was received and adopted. The committee is of the opinion that no change should be made in the matter of the appointment of the police force, and therefore recommended that the above petition be placed on file.

The appointment of P. Desmond to be policeman was confirmed, and his bond and that of Joseph Granacher approved.

The quit-claim deed of P. C. Himebaugh to the City of Omaha was approved.

The committee of rules, forms and printing recommended the adoption of the bid of the Omaha Union for printing legal notices. Adopted.

The delegation from the Fifth ward reported recommending that the city attorney draw up an ordinance providing for the division of the Fifth ward into two voting districts.

Adjourned until next Tuesday evening, regular meeting.

A Blessing to all Mankind.

In these times when our Newspapers are flooded with patent medicine advertisements, it is gratifying to know what to procure that will certainly cure you. If you are Bilious, blood out of order, Liver inactive, or generally debilitated, there is nothing in the world that will cure you so quickly as Electric Bitters. They are a blessing to all mankind, and can be had for only fifty cents a bottle of C. F. Goodman's.

THE STATE FAIR.

Importance of Making a Fine Display.

The Headquarters for the Sale of Fine Vehicles.

There is nothing that adds so much to the attractiveness and beauty of a city, and evidences in so marked and unmistakable a manner its material wealth and prosperity as a brilliant array of equipages, harnessed to handsome and noble looking teams. Such a display does the city more real good than all the blowing and bragging that can be conceived of by the most fertile and imaginative brain. The citizens of this growing and prosperous city, it would seem, are fully alive to this important fact, and on any fine day there can bee seen on our streets a crowd of vehicles of every description, making up a scene that would do great credit to a city of far greater pretensions than Omaha. In fact, the citizens seem to take a commendable pride in vieing with each other as to who shall make the greatest display in this direction and the result is that the appearance of the city generally is thereby vastly improved.

In view of the fact that our state fair will be held early next month it is to be hoped that every citizen who has the wherewithal to do so should make every possible effort to be on hand with as handsome a rig as possible in order that the prestige which the state has so worthily won in the past may be not only maintained in the present but immeasurably increased. The impression created in the minds of visitors who will flock here in large numbers is one which may prove of substantial benefit to every citizen of this growing commonwealth. There is no doubt but that there will be a very large trade in the buggy business this fall and it behooves every purchaser to look to his own interests and see that he deals only with responsible firms, in whose hands he will feel himself to be thoroughly safe. Before making purchases elsewhere we would strongly recommend him to visit the well known firm of Lininger & Metcalf company, whose commodious warehouses are situated on the corner of Sixth and Pacific streets. Here he will find on exhibition one of the finest assortments of buggies, manufactured in every conceivable style. A few hours would be very profitably spent in inspecting their varied and magnificent stock. Among the styles they handle are noticed the following: Piano, Bone End, Spring Timken, Brewster, Law and Storm Spring Buggies, Platform — two and three springs, Phaetons, Extension Top Barouches and Surreys, Jump Seat Carriages, Light Road Wagons and 3 and-a-half springs Platform Spring Wagons.

Catalogues and full particulars will be furnished on application to.

NEBRASKA'S KNIGHTS.

Who Attended the Tri-Ennial Conclave at San Francisco.

A Very Good Representation From This Locality.

The San Francisco newspapers, like everything else in California, never do anything by halves, and now that the triennial conclave of Knights Templar is being held in that city, the journals have a superior opportunity to exhibit enterprise. The San Francisco Chronicle has a monster quadruple sheet for its Sunday issue, in which everything of interest to the Knights Templar visiting in the city is given; a very complete history of the organization, with

ANECDOTES OF ENCOUNTERS,

battles, vicissitudes and triumphs of the "sodality of military monks." The article is illustrated with the various emblems of the order and gives also representations of the various prizes to be competed for in drill, elegant and costly souvenirs in gold, silver and precious stones. The decorations in the city are described with the utmost minuteness and a full roster of all visiting templars given.

The grand commandery of Nebraska marched in the ninth division, commanded by E. Sir C. W. Eaton, grand generalissimo of Iowa, and accompanied by the band of the United States cavalry stationed at Walla Walla. This was known as the

NORTHWESTERN DIVISION,

made up of commanderies from Iowa, Kansas, Nebraska, Colorado, Dakota, New Mexico, Arizona, Utah, Montana, Wyoming, Idaho and including a battalion of knights from the Sandwich Islands. Oregon Commandery No. 1, of Portland, and Washington Commandery No. 1, of Walla Walla, W. T., acted as escort to these delegations.

The following is the roster of Nebraska knights in attendance as printed in the Chronicle:

Mount Calvary, No. 1, Omaha, G. W. Lininger, L. H. Kortz, John G. Jacobs, E. K. Valentine, M. J. DeWitt.

Mount Moriah, No. 4, Lincoln.—Farnum T. Fish, C. W. Pierce, John H. Ames, Thomas Sewell, J. J. Imhoff, F. F. Fish, W. J. Turner, E. S. Rood, J. R. Neill, John A. Dempster, H. S. Smith.

Mt. Sinai, No. 8, Falls City—W. E. Dorrington, J. R. Cain, L. H. Kortz.

Hebron, No. 12, Kearney—Harry Gibbons.

Mount Horeb No. 10, Tecumseh—W. T. Smith, Robert G. Work.

From a table published in this paper we learn that Nebraska has twelve commanderies, 428 members in 1881, and an increase to 485 members in 1882.

Excited Thousands.

All over the land are going into ecstasy over Dr. King's New Discovery for Consumption. Their unlooked for recovery by the timely use of this great life Saving remedy, causes them to go nearly wild in its praise. It is guaranteed to positively cure Severe Coughs, Colds, Asthma, Hay Fever, Bronchitis, Hoarseness, Loss of Voice, or any affection of the throat and Lungs.

TEPISCHOREAN THURSTONS.

A Very Well Attended Hose Company Ball Thursday Evening.

The J. M. Thurston hose company is the name of an organization that proposes to outrun anything in the way of a fire company in the state next week at the Lincoln tournament. Running up Douglas street is very good for practice, think they, but dancing is also not to be despised as an exercise for the legs, as well as a means of harvesting shekels for travelling expenses.

Thursday evening they gave their first ball at Crounse's hall with great success and the Omaha Musical Union orchestra, it may be added. The programme was a long one, containing twenty-one dances, but the boys went through it without flinching, acting on the motto accompanying the quadrille No. 20, "J. M. T.'s. Git there, 'Rastus!" Supper was served by Mrs. Thomas Callan, in the Tremont restaurant.

Enterprising local agents wanted in this town for an article that is sure to sell. Live druggists and grocers preferred. Address Humiston Food Preservative Co., 72 Kilby treet, Boston. m&e&w1m

STREETS PAVED.

Tenth Street Thrown Open to the Public.

The work of paving Tenth street is nearly completed, less than half of the east side of the block between Jones and Leavenworth streets remaining to be finished.

The street was thrown open to travel Thursday, and those who ride over the solid jasper can speak best of the merits of the work. This is the second paved street thrown open in the city, and forms a continuous line from the U. P. depot to Douglas and 16th streets. It will be a big card for the city in state fair time, and with the part of 16th street which will be completed will make a beautiful driveway for citizens.

Castoria promotes Digestion and overcomes Flatulency, Constipation, Sour Stomach, Diarrhœa, and Feverishness. It insures health and natural sleep, without morphine.

"Castoria is so well adapted to Children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 82 Portland Ave., Brooklyn, N. Y.

What gives our Children rosy cheeks, What cures their fevers, makes them sleep? 'Tis Castoria.

When babies fret and cry by turns, What cures their colic, kills their worms, Try Castoria.

What quickly cures Constipation, Sour Stomach, Colds, Indigestion, But Castoria.

Farewell then to Morphine Syrups, Castor Oil and Paregoric, and Hail Castoria!

CENTAUR LINIMENT—an absolute cure for Rheumatism, Sprains, Burns, Galls, &c. The most Powerful and Penetrating Pain-relieving and Healing Remedy known to man.
