

THE DAILY BEE.

OMAHA.

Wednesday Morning, August 29.

Indications for To-day.

For the upper Mississippi valley, fair weather, north to east winds, stationary or lower barometer and temperature.

For the Missouri valley, fair weather, southeasterly winds, falling barometer, stationary or rising temperature.

LOCAL BREVITIES.

Who are Lippitt, Leak & Co. re-adv. —Mr. Harlan B. Correll and Miss Lucie L. Arnold were married in this city on Tuesday, August 28th, at the residence of Dr. Arnold, on Sherman avenue.

Clear, sharp and delivered at from \$1.10 to \$1.25 per yard, or in car load lots on track at a bargain.—JAMES STRECK, 1412 Farnam St.

The ladies of the South Omaha M. E. church give a social tea at the parlors, Wednesday evening, August 29. All are cordially invited.

The splendid new double frosted building of Crutchfield & Co. will be opened by September 10th and be one of the big features of the city on state fair week.

Reserved seats for the Vassar concert will be on sale at Boyd's opera house this morning. This is given to raise a fund by which western girls of narrow means can be educated at Vassar College.

The entertainment of the young ladies who are working in aid of the Vassar fund comes off this evening at the opera house. Reserved seats can be obtained there this morning.

A desperate runaway took place on 16th street yesterday, the frightened team taking its course southward right through the graders and stumbling over barricades, wheels, harness and everything else.

All members of the W. C. T. U. in Omaha—both old and new members—are earnestly requested to be at the meeting next Thursday, 3 p. m., in the Y. M. C. A. parlors, to assist in making final arrangements for the meeting at Hastings.

A carload of products of the land along the Union Pacific railway line was started east Monday in charge of J. W. McAlvin of the U. P. land department and will be exhibited at the New England Manufacturing & Merchants Institute, which opens in Boston on September 5th and continues two months.

Next Sabbath evening, September 2nd, at 7:30 p. m., the German Presbyterian minister, Rev. J. G. Schmale, will give a free lecture on Alaska, in his church on 18th between Burr and Cumby streets, in the German language. All who understand that language, are most heartily invited to attend.

A chance call at the Ames real estate agency yesterday discovered the workmen busy constructing new vaults for their abstract books and other valuable papers. They are also doing a lively business in selling lots from one to two new additions. Better than all it was learned that some more foreign capital is about to be invested in Omaha property through the agency.

The blonde bar tender of the Paxton bar was paralyzed yesterday by a couple of individuals who, gripsacks in hand, walked up to the counter and demanded "Tom and Jerry." The b. t. faint and was carried in an insensible condition and put in the refrigerator to recover, while the sad-eyed strangers with gripsacks filled up on lemonade with "a stick" in it.

The condition of Eighteenth street in some portions is at present simply execrable and demands immediate attention. Now that the Sixteenth street is closed by the work of paving and grading going on, Eighteenth is the next available thoroughfare leading to the northern part of the city and is much travelled. On Sunday evening, Geo. Westmore's hack was overturned at a bad place just north of the bridge and badly damaged, and the elevation of the street railroad track is dangerous to all.

A Run on a Drug Store. —Some such a run as made on any drug store is now at C. F. Goodman's for a trial bottle of Dr. King's New Discovery for Consumption, Coughs and Colds. All persons affected with asthma, bronchitis, hoarseness, severe coughs or any affection of the throat and lungs, can get a trial bottle of this great remedy free by calling at above drug store. Refills 5c, 1.00.

CONFERENCE COMING. —The Methodist Brethren Will Assemble in This City in September. —The North Nebraska division of the annual conference of the Methodist Episcopal church will meet at the First Methodist church in this city Wednesday morning, Sep. 12. This is the second session and coming just before the quadrennial session of the general conference in Philadelphia it will be quite interesting as delegates will here be chosen.

Give us a Call. —Mrs. W. J. Morrison, the chairman of committee No. 1, and Mrs. T. S. Vinegar of committee No. 2, respectfully invite the white friends to give them a call at their tables on the 29th Wednesday evening at the new M. E. church cor 18th and Webster streets, and they will do all in their power, with the aid of their committee to make it pleasant for them also.

CITY COUNCIL.

A Cyclone of Wind, But Nothing Else.

Comparatively Little Business Being Transacted. —At the regular meeting of the city council last evening, the entire council was present.

The Journal was read and approved. PETITIONS AND COMMUNICATIONS. —From the mayor: approving certain ordinances.

From the mayor: Transmitting a letter from Judge Savage, announcing the decision of the district court in the case of Eliza J. D. Peabody vs. The City of Omaha.

From the mayor: Transmitting a petition for paving the walks of Jefferson Square with concrete and asphalt. Referred.

From the mayor: Suggesting that the intersection of 12th and Sixteenth streets be paved with Colorado limestone. Referred.

From James Bonner: Notifying the city of damages from the overflow of sewer. Several councilmen and the mayor expressed distrust in the Waring system, and the latter said it would be necessary to abandon it entirely, sooner or later.

Mr. Hascal said there was to be a meeting of the property holders on alleys between Douglas, Farnam and Harney streets, and if they decided in favor of this system they would be responsible. He wanted it given a fair trial.

The contract and bond of the Union Publishing company, the latter signed by Henry L. Vassett, were approved.

From the marshal: Notifying the council of the suspension of Officer Charles Guthrie with visiting gambling houses.

From Vincent Burkley and others, including Dr. Peabody: Asking for certain modifications in the charge of grade on Fourteenth street, to make the property accessible. Referred.

From Geo. Westmore: Calling attention to the accident to his back on North Eighteenth street at bad place. Referred.

From the chief engineer: Asking leave of absence from the city to attend the firemen's tournament at Lincoln. Granted.

From several sewer inspectors: Asking for increase of pay. Referred.

From Nelson, Sage and others: Asking for the extension of South Omaha sewer to Sixth street. Referred, with instruction to the board of public works to comply if funds are available on hand.

From F. H. Meade and others: Asking for the appointment of Jerry Murphy as watchman and policeman on certain blocks. Referred to the mayor.

From Wm. Wallace and others: Asking that the mains of the Waring system of sewerage be extended and the lateral sewers be ordered in so that connections can be made in the alley between Burr and Cumby streets. Referred.

From Riley & Dolous and others: Asking that Henry Harvel be appointed watchman and special policeman on certain blocks on Douglas street. Referred to the mayor.

From Ellison Bros.: Asking permission to build a small barn on an unimproved part of Eighth street. Referred.

GOING EAST.

Weary Pilgrims, Traveling From Afar.

Seeking a Passage Through Iowa. —Determined at Council Bluffs by a Detractive Car. —The "San Francisco Club" of Knights Templar, of Philadelphia, organized in 1880 to attend the Triennial Conclave at San Francisco this year and composed of members of St. John's, Kadosh, St. Alban, Philadelphia and Corinthian commanderies, comprising many wealthy and influential citizens and their ladies, from the city of Brotherly Love, arrived at Omaha at 7:30 yesterday morning on a special train, homeward bound.

The train was made from San Francisco to Omaha between 1 a. m. Saturday and 7 a. m. yesterday, 78 hours, the quickest in ever made except by the Jarrett-Pullman train. There were three Pullman coaches, one of which was the special containing the St. John Commandery No. 1, of Wilmington, Delaware, and a supply coach.

The Delaware party included J. P. Postels, E. C. S. C. McIntyre, Generalissimo, A. C. Griggs, Captain General, Sir J. W. Scott, Sir N. R. Benson and others.

Only a brief stop was made at the Union Pacific depot in this city, and the train crossed over to the transfer here a delay of several hours was caused by the breaking down of a sharp flange, Pullman car wheel, and it was necessary to set it with a new axle and wheels.

The party was entertained during their enforced stay at the transfer by the railroad officials and citizens of Council Bluffs, not getting away until 1:43 o'clock p. m. Among the features which served to while away the time, THE BEE reporter noticed that Mrs. C. H. Hannum, accompanied by eight valiant knights, took a spin over the rails in K. O. C. B. & St. Joe engine No. 26, visiting various parties of the yards.

The distinguished and chivalrous party included Sir James Milfin, 32, St. John's Commandery No. 4; Sir Homer E. Hooper, St. Alban Commandery No. 47; Sir Geo. Grim, 32, St. Alban Commandery; Sir Ralph Buckley, game; and Sir W. D. Pierce.

The party will be followed by hundreds of other weary knights, traveling from the east to the west.

THE TOURNAMENT.

The Lincoln Firemen are Prepared to Meet Their Friends. —And the Tournament is an Assured Success. —State Journal. —The first tournament of the Nebraska State Firemen's association meets in Lincoln this morning.

The Lincoln members of the association have worked long, hard and earnestly to make this, the inaugural tournament of the association, a grand success, and seemingly have left no stone unturned to insure a pleasant and profitable time to all.

The boys have had obstacles to contend against, of course, but under the leadership of Chief Lyman have done bravely, and great credit is due them, whether the tournament is an unqualified success or not.

The visiting companies will begin to arrive at noon, when the Omaha, Plattsmouth and Council Bluffs teams are expected to put in their appearance. Later in the day delegations will come in from the west, north and south, and by the second day it is expected that from 1,200 to 1,500 firemen will be in attendance.

Entertainment has already been provided for 1,200, and the committee on arrangements have ample means at hand to provide more accommodations if they are required.

Arrangements were actively progressing at the engine house yesterday, preparing for the decorations. A large number of evergreens have been provided, and the boys were preparing the entablatures.

The grand triumphal arches will be erected early this morning on the corner of O and Tenth streets. The center one is to be the largest. On either side will be smaller ones. The center one will bear a banner spanning its entire width on which will be emblazoned the letters "Welcome." The smaller ones will represent the two local companies, one bearing the letters "Merchants" in red letters, that being the color of the uniforms adopted by that company, and the other "Fitzgerald" in blue letters, signifying their uniforms.

The boys are very anxious that the city should present an appearance of festivity throughout, and have requested that all the business houses along the line of march be decorated in some manner. This will be only a trifling expense to each individual, and we trust it will be generally observed.

Both companies have secured elegant new uniforms from the well known house of E. B. Preston & Co., and present a fine appearance. The Fitzgerald company received theirs Saturday. They consist of blue shirts with a large letter "F" for a breast plate, blue caps and black belts. The Merchants were busy unpacking and distributing their regalia yesterday afternoon. It is similar to that of Fitzgerald, excepting that the shirts are red instead of blue. All of the men will wear white duck pants.

The local companies will meet at 11 o'clock to-day and proceed to the depot to meet the first arrival of the visitors in a body.

MUSICAL MENU.

Offered by the Vassar College Concert This Evening. —This evening at Boyd's Opera House our people will have opportunity to hear Miss Kate James, the well known Council Bluffs soprano, in some very choice selections at the Vassar College concert. Her numbers are Beethoven's "Ah perfido," scena ed aria, a ballad and Schumann's "Dichterliebe." These are the same selections given by her at the 10th Symphony concert at Boston.

The real numbers on the programme are no less attractive. It opens with a four-hand piece by Misses Poppleton, Yates and Rustin, and Mr. Mayer, and closes with Strauss' Jurist waltzes by the same quartette. Miss Rustin plays a Chopin fantasia, Mr. Mayer and Miss Rustin a duo, Mr. Nordrup has a vocal

Lecture at Odd Fellows' Hall. —There was a good attendance at Odd Fellows' Hall Monday evening, to listen to Prof. Carleton's lecture on "English History." Mr. Carleton is a fine speaker, and he handled his subject ably. He spoke from memory, and the accuracy and readiness with which he described the seven Saxon kingdoms, showed great research and rendered that dull subject (History) very entertaining to his audience. He closed his speech with a grand proposition on America—her capabilities and possibilities, and predicted that this country would, in time, be a greater country than has ever existed on the globe.

Prof. Carleton is a graduate of Michigan University, and he has spent over twenty years in educational work. He is called the best mathematician in Michigan—his native state.
