Benner, Nebraska, March 2, 1833.

Dr. Franklart—Dear Sir: Appreciating the value of the services you have rendered me, I deem is but an act of simple justice to you to express the sense of gratitude I feel toward you. After such suffering as I have had from externham i throat troubles, from which all doctoring I had beretofore done had falled be relie e me, however mirrelous it may appear, the disease has nearly disappeared after your treatment of scarcely two months, and in that time I have gained eight pounds in weight. Consider me, dear doctor, under everlasting obligations to you, and by referring any one to me, afficted as I was, I shall consider it an act of kindness to them to advise them to submitte your treatment. Ever your friend, F. A. SIDLES.

A Terrible Case of Catarrh Cured. Bones of the Nose Decayed. Cured in Three Months.

PREMONT, Neb., August 2, 1883.

DR. PISHELATT, Omaha: In view of the almost miraculous cure you have effected in my case, I feel is my duty to you and those afflicted as I have been to bestow just praise where it is due. For years I have suffered from Catarth in the worst form. The discharge was constant and very offensive, and the bones of my nose were in a bad state of decay. After doctoring a great dea without success, I was induced to apply to you for treatment. Three months have now scarcely elapso since you took charge of my case, and I am happy to report myself completely cured of that dreadful mandy, an I am anxious to have all those troubled with Catarth, whom I can influence, avail themselves of your treatment. Thanking you most heartly for the great boon you have conferred on me, I am ever gratefully yours. MRS. JACKSON WILLIAMS.

From a Prominent Citizen of Boone County.

DR. Figureaux-Dear Sir: I do not know exactly how to separate my connection with you without saying something to express my gratefulness fer relief brought by your treatment of me. My persistency in trying everything suggested by others for the cure of Catarrh had jostle! my faith semewhat in the power of anyone bringing relief. I even mistrusted that your professions were based simply on theory, which you desired to practice. But to my everleasting delight, i was deserved. Your reacciles and treatment worked like a charm. I was not only relieved of the distressing life of Catarrh, but was entirely and, I believe, perfectly restored to health. I as now no more troubled with the effects of the disease which so afflicted methan it I never had the complaint. I do not write this purposety for your use, to induce others to testyour skill in their behalf, but think it my duty to make some kind of an acknowledgement, trifling and simple, of how much good you have done me in your safe and certain treatment of a distressing makely.

After having been bed-ridden so long, part of the time giving up all hole of ever being able to get up again, it seems so nice, I can hardly realize it, to take my meals with a good appetite, to move about like other pooled do without pains and access, and to have everybedy congratulate me on my improved appearance. And all this, doctor, thanks to your treatment, which I shall always believe, has snatched me from the shadows of death.
