mountain more than a thousand feet in heigth by the burning lava form a volca-

A volcano in the isle of Ferro broke out Sept. 18, 1777, which threw out an im-mense quantity of red water, which discolored the sea for several leagues. The volcano of Cotopaxi, one of the lof

tiest of the active volcanoes of the Andes. 18,887 feet above the level of the sea, has cast rocks a distance of miles, as was lately the case in Java. The flames have been known to rise from Cotopaxi to a distance of 3,000 feet, while the roaring of an eruption has been heard at a dis-tance of 200 leagues.

The great eruption of Tomboro in South America destroyed 12,000 lives and ejected enough ashes and cinders to cover the entire surface of Germany two feet got a fam'ly growin' up here, growin' up deep, besides casting a rock 3,000 cubic feet in dimensions a distance of nine

ter hear you they'd be wild afore night an' we'd hafter blow the horn when we wanted to see 'em. Perateric," and he up. The area sunk with all its inhabitants was fifteen miles long and six broad.

The Upas valley, also in the island of Java, contains an extinct crater; and the "I reckin so, but it won't do to let a certain death which overtakes every animal that penetrates the valley is due to aroun' a justice o' the peace once, an' noxious gases, not to the antiaris, which, while he wan't thinkin' he sent me ter though yielding a deadly roison, does jail an' once a feller that wan't thinkin' not affect the atmosphere.

Volcanic mountains spring up around openings formed by accumulations of successive eruptions. The great ages of volcanoes like Mauna Loa, in the Sandwich islands, and Ætna, in Sicily, which are respectively 14,000 and 11,000 feet high, can be readily seen from this fact. In-deed, Ætna had attained nearly its pres-ent altitude 2,500 years ago, as Greek historians give its hight at about its pres-

Western Enterprise.

A wholesale merchant of this city, who has just returned from the west, admits that he had never given that country proper credit for its enterprise. As he passed through detroit he was sought out and offered a \$60 coffin for \$28, with "Partly becase I don't like yer shape, deed of a burial lot thrown in. In Chipartly 'case you come aroun' here like a cago a man offered to killhim for 3 cents, travelin' school-house, an' partly becase I and an ice wagon went a square out of want ter keep my han' in. I am't had no its way to run over him. In Milwaukee he was coaxed to accept for nothing a half-interest in a fire escape bringing in "I hope you do not intend to shoot \$75,000 a year. In Indianapolis he found one of his old employes, who admitted an embezzlement as far back as 1859, and "No, I don't shoot nobody but my embezzlement as far back as 1859, and wife's kin folks. You ain't no kin ter forced him to take a check for principal one of his old employes, who admitted an embezzlement as far back as 1859, and forced him to take a check for principal and interest. He still has the check to prove it. At Mackinaw they took him for a lord (rates \$8 per day), and at Cleveland he was taken for a bunko man and had to identify himself by telegraph.
