Relics of the Gale. ST. JOHN, N. F., September 19.—The French fishing sloop Mercury, which arrived at St. Pierre last night from Grand Banks, picked up the 12th, two Newfoundland fishermen, Walsh and Matthews, in a dory, having been six days adrift without food or water. They were delirious and Walsh opened his veins and sucked his blood to quench the terrible thirst. They were so helpless they had to be hoisted aboard with a rope. The Mercury also brought Capt. Hiscock and three of the crew wrecked in New Foundland near Mediana. They knew nothing of the balance of the crew.

Inter-State Underwriters. KANSAS CITY, September 19.—The inter-state underwriters of Missouri, Kansas and Nebraska closed a two days' session here this morning. THE DIAMOND FIELD.

The Champions of the South Platte Downed by the Union Pacific. They Nevertheless Play a Creditable Game.

No little interest has been felt during the past week concerning the forthcoming game of base ball between the famous club from Weeping Water, which has vanquished everything it has met in the field, and the Union Pacific, who have been equally successful in a tour among the principal clubs in the country.

The game was played in the presence of four or five hundred persons although it was a disastrous one for the victors and was quite an interesting one throughout. The pitcher and catcher and one or two other men in the Weeping Water line did good work in the field, but the whole line seemed to be weak at the bat. Salisbury pitched for the Union Pacifics and Bandle caught both doing splendidly. Excellent batting was also done on the same side by McKelvey.

Table with columns: UNION PACIFIC, AB, R, H, E, A, E. Rows include McKelvey, Funkhouser, Larkin, Reed, Dickey, Foley, Briggs, Salisbury, Bandle.

Table with columns: WEeping WATER, AB, R, H, E, A, E. Rows include Holmes, Batters, Yonkers, Reese, Klepper, Brush, Churchill.

The Dead-Line. Many old soldiers remember the "dead-line" at Andersonville. It was a mighty dangerous neighborhood. Dysentery, biliousness, and liver and kidney troubles are full of perils for the sick, but Berdock's Blood Bitter is a certain remedy. Sold everywhere.

Both of One Mind. In front of a Detroit butcher shop yesterday a butcher cleaning a revolver. It was a rusty old "Colt," which had not been in use for years, and was to be put in order and traded off. A shoemaker came along directly and observed: "Of course there'll be an accident." "Yes, I presume so." "It isn't loaded, is it?" "Oh, no." "But it will go off!" "It will." "I never see a revolver without wanting to handle it. Let me look at that weapon. Ah! I'm satisfied now that you suppose you could hit my foot at that distance?" "Certainly I could. Now, if she was loaded I'd take a dead sight like that and pull the trigger, and the shoemaker jumped two feet high and yelled like an Indian, and when he came down he danced and kicked and galloped away in a twinkling, leaving the butcher both for the general public and for those engaged in the competition.

Sham Battles in New Jersey. Sham battles may do for the thoroughly disciplined soldiers of Europe, but they are no danger among our excitable people. This was illustrated the other day at a sham battle at the Grand Encampment at Princeton Junction, N. J. About 500 men took part in the fight, their numbers being about equally divided between the Union men and the rebels. The latter were given the camp and pieces of artillery with which to defend it. Regular skirmish and picket lines were thrown out. The Union forces advanced and drove in the pickets, and the skirmish lines opened vigorously on both sides and were driven back by the advancing main lines, and the Union men were repulsed by a vigorous charge of the enemy.

Beats the World. This is what H. C. Halbernan, a druggist of Marion, Ohio, says: "Thomas' Electric Oil beats the world. Sold in bottles yesterday and to-day. One man cured of sore throat of eight years standing. It is splendid for rheumatism."

The Presbyterian Board. CHICAGO, September 19.—The board of the Presbyterian general assembly for aid and education, was in annual conference here to-day. Most of the session was occupied in consideration of applications for aid from western colleges, notably those at Salt Lake, U. T., Hastings, Neb., and Pierre, D. T.

Logan and Bull. What is known to the aborigines of Africa as a palaver and to those of America as a pow-wow has taken place between these two eminent chiefs. Senator Logan and Sitting Bull. In point of deportment there can be no reasonable doubt that the advantage was with the Indian. Logan had a decided advantage of position, Sitting Bull, after the manner of his race, confined his side of the discussion to a statement of his own magnitude and importance, no doubt expecting, from the appearance of the Senator and his large retinue, to be met with a counter-claim. But he has been grievously disappointed. With that candor and comeliness which have so often endeavored the Senate the Senator from Illinois, according to his own account, raised the direct issue and, instead of magnifying himself, belittled his opponent. The point I tried to make was, Logan explained to the Senator, "was that he was not such a chief as an Indian as he seemed to think." This line of controversy is not, we believe, considered the correct thing in aboriginal circles. Etiquette permits a chief freely to water his own moral and social stock without contradiction. But we can readily believe the senator's

POOR SPELLING.

There is now and then a person who imagines the proprietors of Thomas' Electric must be very ignorant of orthography in spelling the "electric" with three c's. Enclosed is used to protect against defraud and base imitations who, since they have learned of this remarkable remedy and its extensive sale throughout the country, have went to their wits end in the attempt to manufacture something to resemble it. While we take this precautionary measure we might add that the healing properties of Thomas' Electric Oil could no more be counterfeited than the pyramids of Egypt. The original and only Electric Oil is a Goliath among its Tom Thumb competitors, and has a reputation for honesty and efficiency universally admitted and never approached. For rheumatism and all aches, sprains and pains, we most heartily recommend it. Messrs. Sargent Bros., druggists, Delta, Ohio, in ordering a quantity of Thomas' Electric Oil, write that they never sold anything that gave such universal satisfaction in curing coughs, colds, bronchitis, rheumatism, neuralgia, etc., etc. Jos. L. Fode, the Commissioner, Egin, Ill., says: "Thomas' Electric Oil cured him of a chronic case of neuralgia, thoroughly applied. It also cured him of a severe cold and cough. He thinks it a very valuable remedy, and will never be without it."

THE RIFLEMEN.

Fair Weather and Fair Shooting Yesterday.

The second day of the contest between the picked riflemen of the department of the Platte was a success, as on the preceding day.

The weather was clear and cool all the morning and everything favorable to a very steady score. There were sixty-four men at the targets firing yesterday and some careful work was done. Every morning this week from 9 until 12, there will be practice at 200 and 300 yards, and from 1 until 3 p. m., at 600 yards. We will give each day the scores of the twelve best men. The greatest score possible is 210; those making 600 points being excellent records. The total score possible for the day is 105.

One of the best marksmen is Corporal H. Weagref, of Co. K, 14th infantry. He was last year on the department team from the department of the Missouri and was a member of the division team. He is popularly known among his comrades as "the old squirrel hunter."

The following is the score for yesterday, the first three figures being for 200, 300, and 600 yards; the last figures are the total for yesterday, and for the two days: Sergeant A. W. Stay, Company F, 9th infantry, 26, 26, 30; 82; 163. Capt. H. Weagref, Company K, 14th infantry, 29, 26, 20; 81; 163. Lieut. C. D. Parkhurst, 15th Cavalry, 26, 28, 27; 81. Privates: Zaackaryassen, Co. A, 7th infantry, 22, 29, 22; 73; 156. Sergeant P. R. Ziehl, Co. E, 7th infantry, 26, 25, 26; 77; 154. First Sergeant R. Rice, Co. B, 4th infantry, 29, 29, 26; 84; 154. Copl. A. C. Deats, Co. D, 4th inf., 30, 28, 22; 78; 152. L. L. Merrin, 4th inf., 26, 25, 28; 79; 150. Copl. J. Fields, Co. C, 7th inf., 25, 25, 26; 76; 148. Sergt. Bernard Debnan, Co. D, 4th inf., 19, 26, 29; 74; 147.

THE SNELLING RIFLE CONTEST.

The third annual meeting of the military riflemen of the department of Dakota, which opened last Thursday at Fort Snelling range, bids fair to surpass either of the two preceding contests in interest, both for the general public and for those engaged in the competition. The appointments of the range are far more perfect and the number of competitors is greater, and besides the spirit of rivalry and the desire to excel have been aroused as never before. The scores made in the gallery practice and on the range at the several points in the department since the opening of the year shows so much higher percentage that it is but fair to suppose that the selected marksmen will sustain their reputations when pitted against each other. An examination of the work of the past three days certainly shows some excellent shooting, and with greater familiarity with the range and its peculiarities, improvement will be made. Lieut. Partello, who thus far leads in the practice with a score of 358, has a national reputation, while Cheynowith, Unger, Parham and Elwell have shown their mettle in previous contests. Of course, it is impossible to predict the outcome, but it needs no prophecy to say that those who come to the front and finally constitute the department team of twelve will win on their merits, and that expert marksmanship that comes from keen sight and steady nerve and not off-hand shooting or luck will enable any one to carry away the honors. For the general public it should be said that a trip to the range will well repay one for the time consumed in making it. The programme for to-day includes practice at 200, 300 and 600 yards, from 9 until 11:30 a. m., and in the afternoon there will be shot two scores at 600 yards between 1:30 and 3:30. The preliminary practice will end on Wednesday, and for the best aggregate score made by any competitor a handsome gold badge has been offered by Gen. Brock, the adjutant general of the department.
