FINANCE AND COMMERCE.

FINANCIAL.

NEW YORK, September 20.—Money—Easy at 2@2½ per cent, closed offer at 2 per cent.
Prime Paper—5½@7 per cent.
Exchange bills—Steady at 4.82½; demand, 4.84.

Governments—Strong except for 3's, which are lower at 2½@2½ per cent.

Stocks—Speculation at the Stock Exchange to-day was characterized by considerable irregularity. At the opening the market was firm and prices advanced ½ to 1 per cent; Northwestern and Northern Pacific common were exceptionally weak and fell off ½ to 1 per cent, subsequently the market was irregular. About midday the market began to improve and advanced ½ to 2 per cent. After this advance the bears made a sharp attack on the Union Pacific which was carried down 2½ to 8½ per cent. Towards the close rumors were current that the bear party in Villard's shades had covered and this led to another sharp upward movement. On this advance Villard reached the best figures of the day, Northern Pacific selling up to 38½, preferred to 7½; Denver to 26½; Wabash to 22½, and preferred to 34½; Western Union sold ex-div. of 1½ per cent at 80@81½. As compared with last night's closing prices are 4 to 5 per cent higher for Villard's St. Paul and New York Central.

GRAIN AND PROVISIONS.

CHICAGO

CHICAGO, September 20.—Trading on to-day was very heavy, though not attended with much excitement. It was largely what is known as feather trading. A short time after the board opened a cold rain began to fall with lowering skies all around. The signal service reported the temperature 40 degrees at Cheyenne and predicted lower temperature and frost Friday night in the Upper Lake region. The effect this had was to send corn up rapidly. Wheat followed, and these two carried up provisions in sympathy. Though corn led the movement, the heaviest trading was in wheat, and long lines of shorts were bought in. One operator is reported as having bought 700,000 bushels of short wheat, and that brokers here bought over a million, and a half bushels for New York parties.
