The tickets are limited, and can only be procured from the committee, of which T. A. Cavin is chairman.

Now that the election is over the project of a city hospital shall be revived, net for sick democrats, because this hospital scheme is no joking matter, but for the good of the city. Here is a place of 22,000 or more, and many strangers here every day, and yet the city has no fit place to care for a person who chances to fall sick here or meet with an accident. The plan already started should be pushed to a completion.
