Member of the Firm Gets Into Difficulty.

Last evening Marshal Guthrie arrested young an who gave his true name as Giles Je ries, and lodged him in jail on the c arge of obtaining money under false p e enses.

The young man is not yet of age, judging from his appearance, and takes his arrest very much to heart. In fact he says it is the first time he has eve been "in limbo," and the officers them eives do not believe there is any case in or. He has respectable relatives in this city, whose names it is not necessary to mention, and who say he is too little

versed in such things to attempt a swindle of this character of his own accord. In brief, the charge is that two men. under the firm name of Dill & Co. have been canvassing the city and ob taining advertisements which were to ap pear in the opera house programme One of the partrons of the firm was a well known milliner of Sixteenth street. from whom they obtained \$2 on this understanding. As her card d d not ap-pear, she naturally made inquiries about it, and Manager Boyd, of the opera

house, learning the facts, was instrumental in checking the scheme and causing the arrest of Jeffries, who was probably but a tool in the hands of others. He has been in the city but a short time, and from all accounts is not an evil disposed boy by any means. He is good looking and dresses like a young gentle-

man of sense and good taste. He will be heard before Judge Anderson to day.

A New Departure.

One good result of the hard times few years ago, was the bringing into life an article in proprietary medic ne, which gave to every purchaser a full equivalent for his money. The rule of this class of medicine is from 10 to 25 doses for \$1, the best only reaching 40. Messrs. Hood & Co. took a new departure and in the article now se well and favorably known as Hood's Sarsaparilla, they gave the unprecedented quantity of 100 doses for \$1. These facts commend this remedy to the consideration of the sick, also the well, for they are liable to be sick.

The Thurstons hold the championship in this state after but one short season, and have a record of 43. Their opponents are veterans in the business, and have a record of 42, but the race will be an equal one, the purse to be \$100 a side and a division of the gate money. The distance to be run is 300

When it came and he was about A Party of Railway Magnates En to take a seat in the barber chair, he was politely informed that he couldn't get a shave there, and was told when he asked the reason that their white Accidents are so frequent this year customers, many of them, would object
