FINANCE AND COMMERCE.

NEW YORK, October 16. Money—In better demand at 2 1/2 per cent, offered also at 2 per cent. Exchange Bills—Weak at 4.8 1/2; demand, 4.84. Governments—Easier on realizations. Stocks—The bears renewed their assaults in the stock market to-day. In early transactions Northern Pacific was singled out and declined 1 1/2 to 2 1/2 and 5/8 respectively. Oregon Transcontinental, on the other hand was comparatively steady. The general list was fairly well sustained in the early hours, and some shares improved 1 to 1 1/2 per cent. In this advance Vanderbilt was conspicuous. The bears, however, near midday, made a vigorous attack on Oregon, transferring stock down to 39. In final transactions another drive was made on active stock and the market closed weak. It was rumored to-day that a change in the presidency of the Northern Pacific was imminent; also that the second mortgage loan had not been placed. Both of these rumors are pronounced absurd by the members of the bond syndicate. The rumor that Villard was about to resign the presidency is indignantly denied by himself and his most intimate friends, who state Villard has not sold his Oregon Transcontinental and Northern Pacific stocks. As compared with last night's close, prices are down 3/4 per cent.

The Evening Post says: "The stock market has been more thoroughly demoralized to-day than at any previous time in many months. The street was full of rumors this afternoon, most of which are entirely groundless."
