The Newburgh Centenary.

Newburgh, N. Y., October 18.—This is the day of the loveliest of lovely autumn days. The confidence of the people in the glorious sunshine of the 18th of October has its vindication.

Preparations for this centennial celebration of Washington's disbanding and taking leave of his victorious army, all questions about possible rain were met with the answer that for the past ten years the 18th of October has been clear and bright, and that the benediction of sunshine was expected.

At sunrise to-day five navy vessels fired salutes, responded to from others, by cannon planted at Washington's headquarters and elsewhere on both sides of the river, and by ringing of all church bells.

At noon scores of steamboats arrived bringing military and excursion parties. The Seventh regiment with the veteran troops arrived by special train.

At 10:30 the train had eighteen coaches crowded with passengers. President Arthur sent letter of regret. Conkling was also invited, but could not come.

The Marines and soldiers and favorite troops of the State made an imposing display, while joined with these were visiting troops, veterans, civic societies etc., which made the procession four miles long.

The Halleujah chorus was given after the oration, and Bishop Cox pronounced the benediction. The grand crowds then scattered to march by in their own way throughout the afternoon.

Special to the Bee. FR. LEAVENWORTH, Kan., October 17.—Following if the complete score of the second day's competition between teams of the Division of the Missouri. It will be noted that Lieutenant Merriam made 34 out of a possible 35 at 200 yards, and 31 out of 35 at 600 yards, a total for the day of 65, the largest score ever made on the Division Range. Ordinarily he is an excellent shot at 300, but to-day only made 27. Had he made his usual score at that range he would have made the largest score on record with a military rifle. As it is, I know of none recorded any longer in one day at these ranges:

THE DYNAMITERS AT HALIFAX. HALIFAX, N. S., October 18.—There was considerable excitement in this city last evening over the arrest of two men with a large quantity of dynamite in their possession. About a month ago Lieutenant-Governor Richey got a warning from Ottawa of the departure from New York for Halifax of suspicious characters supposed to be connected with the dynamite branch of the Fenian brotherhood. Again nothing happened. Two men giving their names as Wm. Bracken and James Holmes arrived here Friday last and put up at the Parker house. It is believed that they came from the states.
