Leave to marry was Saturday given J. C. Merrison and Miss L. M. McGehee, of Omaha, and Wm. Wykoff, and Mrs. Catharine Vogt, of this city. The funeral of Frankie, son of Mr. and

Mrs George Antenreith, was held yesterday afternoon, at the family residence between High and Pleasant streets. A new Methodist church is to be built at Pacific Junction. Although the full amount of money has not yet been raised

to finish it, yet sufficient has been secured to assure its being built. C. M. Harl, C. Tibbetts, H. A. Bulles, W. R. Vaughn and Charles Barghausen, are to represent the Knights of Pithias of Council Bluffs at the meeting of the Grand Lodge to be held in Ottumwa,

commencing next Wednesday. City Engineer Tostevin established the grade on First avenue on Saturday last, and work will be commenced to-day, The grade will be raised eighteen inches and the gutters permanently located with a slope of four inches to the rod.

The frame building occupied by the Massilion Threshing Machine company is to be removed to lower Broadway and titted up by J. P. Goulden as a livery stable, while the threshing machine company is to have a new brick building on the old site.

Last evening Rev. Father Beckmar, letured at the Catholte church, on "Thoughts and impressions gained by traveling in Europe." At the close a col-lection was taken for the Hobart Cathedral, in whose interest fhe Reverend Father is laboring.

is J. P. Goulden, who contributed \$15 hundred pounds of flour.

THE BEE desires to call the attention of the traveling public to the Iowa Railway Guide, published by Nelson & Benzinger, Cedar Rapids. It is a convenient, reliable pocket guide, giving the names of Iowa railway stations in alphabetical order and time of arrival and departure of all trains carrying passengers. It gives much more than ordinary railway guides, and the commercial traveler who once uses it will always do so.

The formal opening of Bechtele's new European hotel attracted quite a large number of visitors Saturday evening The building itself is a beauty, and is thoroughly fitted up for comfort and convenience, making one of greatest improvements made in the city this season. There never was a more complete estab-lishment in every detail, and the management proposes to keep it so. It cannot but win a large patronage and prove

The Mutual Benefit association has moved its office to No. 19 Pearl street, over Bushnell's store. Secretary Dugot its business very rapidly, and it is not only on a sure and solid foundation, but is growing in a healthy as well as rapid way. Fifty or sixty new members are being added every week, and the associa-tion, too, rejecting all doubtful risks, and throwing out many applications which other companies would receive. The polother companies would receive. The policy seems to be to build for the future with due care and caution, rather than make a temporary boom, and Council sided over by Mr. Phillip Kuhn, who is

THE BEE acknowledges an invitation to be represented at the testing of the new bridge across the Missouri river, near Blair, Neb., next Saturday. The bridge is pronounced an excellent piece of engineering, and its opening will be an event of no small moment. The invitation is a reminder of the time when the Union Pacific bridge here was opened for business. "Bismarck," representing a Chicago paper was here. There was great delay and the crowd got tired of waiting. Finally Bismarck arose from where he had been sitting waiting for an hour or more, and said: "Vell, boys, if dot train don't come right away quick, you know what I do?" Of course they you know what I do?" Of course they didn't know, but supposed that his patience being exhausted he would leave the affair disgusted. "Vell, if it don't come soon, I'll just sit myself down and wait." And sit he did.

The Street Car company has been re-organized, the Union Pacific having now a majority of the stock, and hence controlling it. It is understood that some changes and extensions are to be made It is proposed, if the city council will give the privilege, to run street cars down Main street and from the lower part of the transfer, instead of running by Broadway. The line on Broadway would then simply connect with the dummy train at Union avenue. The line proposed from the transfer to Main street is to be of 22, block 5, Hancock—\$100. such rails as will permit its use for street cars and for freight cars both, the same line to serve for each. It is also intimated that the street car line will be run up Broadway to Geiser's browery. The Union Pacific is apparently in no hasteto put up the local freight depot promised at Broadway, near the track

for the ferry cars. Teams now have to go through the mud to the transfer, as of

County News:

Mrs. Charley Howard met with a shocking and what may yet prove to be a fatal accident. She and Charley were on their way home from Sam Brink's sale, riding in their spring wagon, and when going down the hill near John Sheeler's farm, Charlay got out to drive some cattle he was taking home from the sale, leaving Mrs. Howard in the wagon to drive the team. It seems that from some cause or other the tongue pushed through although her case is considered very serious by the attending physicians, her re-covery is unexpected, should no poisonng or inflammation result from the wounds. The culinary interests are managed by Mr. Ed. Olary interests a lison, who is known as one of the best caterers in the west. The rooms up stairs are airy, pleasant and elegantly furnished. The parlors are almost palatial. There are bath rooms and closets on every floor, and with an electric ennunciator connecting with every room, steam heating apparatus, a large and excellent cellar, perfect drainage and ventilation, there is nothing lacking in this model establishment.
