DR. R. I. MATTICE. Graduate of McGill University, Montreal, and of the Royal College of Physicians, London, Eng. Late of London and Edinburgh general hospital, London. Chief Medical Officer, London Dispensary, & Lecturer in Anatomy at the Royal College of Physicians, London.

THE RAILROADS. A Secret Trade Agreement Between the Union Pacific, St. Paul, and Rock Island. The New Combination Specially Aimed at the Burlington--A Gigantic War in Prospect.

Manager Merrill Practically Admits the Truth of the Secret Plot. Chicago Tribune, December 24. The Tribune has all along contended that the reasons given by the Milwaukee & St. Paul for giving its notice of withdrawal from the Iowa pool were not the real causes for its action, and that its actual motive was to cover up negotiations that were going on for some time past between the Union Pacific, Milwaukee & St. Paul, and Chicago, Rock Island & Pacific for the formation of a traffic agreement by which those roads are to get the bulk of the Union Pacific's business at Omaha.

The Rock Island rather kept up a show of faint opposition to the Milwaukee & St. Paul. The claim of the latter road that its real object for making the trouble was the refusal of the Rock Island to allow it an equal share of the Council Bluffs passenger business was evidently inspired by the desire to keep the real issue of the contract from becoming public. The adjournment of the Iowa pool meeting last week until December 13 was engineered simply to give time for completing the compact between the Union Pacific, Milwaukee & St. Paul and Rock Island. Those who have been laboring under the opinion that the action of the Milwaukee & St. Paul road was simply a "bulldozing" scheme to gain certain concessions will soon be compelled to change their minds. There can no longer be any doubt that the real object in bringing on the conflict was to break up the Iowa pool and to get an opportunity to make war upon the Burlington.

General Manager S. H. H. Clark, of the Union Pacific, President R. R. Noble, of the Rock Island, and General Manager S. S. Merrill, of the Milwaukee & St. Paul, were closed all day yesterday at the Grand Pacific hotel. No information regarding the object of their meeting could be gained from them, but it leaked out, nevertheless, that they had been considering the new compact to be made between them, and it is positively stated that they have entered into a traffic agreement by which the business of the three roads is to be pooled. The agreement, in consideration of giving all its Northern business to the Milwaukee & St. Paul and the Rock Island, is to be allowed to make the rates through to Chicago, and the two Chicago lines can make through rates from Chicago to Union Pacific points.

The Chicago & Northwestern evidently got wind of what was going on, for Vice-President Marvin Haight appeared upon the scene during the meeting, and was admitted into the secret conference. Whether the Northwestern is to be admitted into the new combination or not has not yet transpired, but it is quite probable that it will be taken into the fold if it makes certain concessions on the Union Pacific & Pacific business. In such an event, the fight will be between the Union Pacific, Milwaukee & St. Paul, Rock Island, and Northwestern on the one hand, and the Burlington, Wabash, and Missouri Pacific on the other. That this will result in a gigantic conflict must be apparent to everybody. It is not likely to be confined to the Iowa pool, but to involve all other western pools in the combat. The Northwestern association has contended all along that it cannot be affected by a war among the Iowa lines, but judging by the shape matters have now assumed, it can hardly avoid being drawn into the conflict. The Burlington, Wabash and Missouri Pacific roads are not likely to allow their throats to be cut at Council Bluffs and Omaha without retaliating at all points where they come into contact with the Union Pacific combination.

A NEW POOL AND A WAR. MILWAUKEE, December 3.--General Manager Merrill, of the Chicago, Milwaukee & St. Paul road, refuses either to deny or affirm the truth of the statement published in Chicago to the effect that an agreement had been entered into between the Union Pacific, Chicago, Milwaukee & St. Paul, and Chicago, Rock Island & Pacific roads, by which the first named road was to turn over to the other two, at Omaha, all its east-bound business, and the other to turn over to the Union Pacific, at the same point, all their west-bound business, thus practically cutting loose from the Iowa pool, and almost certainly precipitating a war, in which these roads will be on one side, and the Illinois Central, and Burlington, Wabash and Northwestern on the other. General freight Agent Bird of the Milwaukee & St. Paul with the endorsement of General Manager Merrill says: "We have not, nor do we intend to take any steps that will prevent a reorganization of the Iowa trunk line association upon a fair basis." It is stated that papers have been drawn for an agreement to the above effect to last twenty-five years, but they are not yet signed. Clark of the Union Pacific and Noble of the Rock Island are now in New York. Merrill of the Milwaukee & St. Paul was expected to join them to-morrow. It is said the agreement will be completed and signed there.

The officials of the Rock Island road in the city also decline to affirm or deny that negotiations are pending for a tripartite alliance between that road, the Milwaukee & St. Paul, and the Union Pacific.

LAFAYETTE, Ind., December 3.--The big four, the Wabash, and Lake Erie & Western to-night withdrew from the Lafayette Hotel at Erie & Western, leaving in the movement. The cause of the breaking of the pool was the protest of the Merchants' and Manufacturers' Exchange against this discrimination against the business of this city.

Mary Hyde's History. CHICAGO, December 4.--The corner this afternoon held an inquest on the death of Mrs. Mary Hyde, aged 60 years, who lived as a recluse for years and died alone. The verdict is that death resulted from a combination of asthma, want of nourishment and drink. She claimed to be a niece of the Duke of Argyll and a cousin of the Marquis of Lorne. Separation from Clan Campbell, to which she belonged, was caused by marrying below her station. Her husband was murdered by Indians on the overland trip to California thirty-five years ago. Returning to Chicago she amassed considerable property as a music teacher, but took to drink and dissipated it.

The James Trial. KANSAS CITY, Mo., December 4.--The case of Frank James, charged with the Blue Cut train robbery, on September, 1881, comes up in the criminal court to-morrow. It is considered likely that the defense will ask that the trial be deferred until early next month. James, in all appearances, is nearly in his usual health.

Senator Anthony Improving. NEW YORK, December 3.--The condition of Senator Anthony is steadily improving. No doubts are now entertained of his ultimate recovery. It is thought he will soon be able to leave for Washington.

Died of His Wounds. CLEVELAND, O., December 3.--Baggage master Langner, shot by burglars at Shelby last Friday, died this morning. Marshall Sutton is improving.

Jefferson Himself Again. CINCINNATI, December 3.--Joseph Jefferson has so far recovered as to appear to-night at the Grand Opera house. His voice appears to be entirely recovered.

A Northern Blast. NEW YORK, December 3.--A severe snow storm is prevailing throughout the northeast and along the coast. Telegraph and cable wires are seriously affected.

TELEGRAPH NOTES. Tompkins is to be raised to a peerage. O'Donnell will be hanged December 17. It is now said that only one-third of Hicks' army was slaughtered. A reduction of wages on the Canada Pacific has caused a strike of the boiler workers. A tenement house fire in New York last night resulted in the burning up of three children. The report that Lieut. Julius Payer, the Australian Arctic explorer, had died, is untrue. Joseph Toole convicted of the murder of John Kenney has been refused a new trial by the Irish courts. James Luddy and child and Mrs. Ford at Lacoda, N. H. The principal mine and smelter owners of Colorado are moving to relieve the depression in the lead market. A fire yesterday in some Liverpool warehouses, stored with cotton, hemp and sugar, caused a loss of \$500,000. Eau Claire, Wis., is excited over the discovery of a silver mine near Boyl, pronounced by the local papers as a great discovery. A Halifax dispatch says Captain Brown and seven seamen of the steamer Newfoundland, while trying to save another vessel, were lost. A fearful hurricane raged on the New England Sunday night, doing great damage to shipping and it is feared caused the loss of many lives. Thomas Lovitt, chief engineer of the Colorado, is lauded by the supervising inspector of steam vessels, with the responsibility for the explosion of the boilers, while leaving Buffalo.

Threw Away \$350. "Troubled with asthma for eight years. Not quite two bottles of Thomas' Electric Oil cured me completely, after spending over \$350 without the slightest benefit." This is what August Trumbler of Tyrone, Pa., says.

THE NEW SKATING RINK. Its Inauguration Last Evening--An Exhibition by Daniel, the Skatorial King. The new Omaha roller-skating rink, on Capitol avenue, was opened last evening with a grand skating reception. There was a large attendance of spectators, who occupied every seat and every inch of available standing room, while the rink floor was well filled with skaters, all of whom seemed to be quite at home on the little wheels. For an hour the skaters glided around the hall, while a band of music played frequent selections. At 9 o'clock, Will H. Daniel, the skatorial king, gave an exhibition of his skating, which was well worth witnessing. He is certainly one of the most wonderful and graceful skaters in the United States. His fancy skating elicited frequent applause.

Elliott & Fenton are the proprietors of the rink, and Daniel is the manager. The building is a large substantial frame structure, 66 by 120 feet, with high arched roof. The skating floor is 50 by 107 feet, and is of hard maple. The hall is illuminated by three electric lamps. There are convenient toilet rooms, and the establishment is supplied with every convenience for the comfort and pleasure of the public.

For You, Madam, Whose Complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of Complexion, we say use Hagan's Magnolia Balm. It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LAFAYETTE, Ind., December 3.--The big four, the Wabash, and Lake Erie & Western to-night withdrew from the Lafayette Hotel at Erie & Western, leaving in the movement. The cause of the breaking of the pool was the protest of the Merchants' and Manufacturers' Exchange against this discrimination against the business of this city.

HOW DOES IT RESULT. Scarcely results from a diseased condition of the blood, and as the blood derives its sustenance from the stomach and depends for its purity almost wholly upon the action of that organ, we claim that what is a good medicine for the stomach is equally good for the blood and consequently adapted to scrofula. Certain it is that Barlow's Blood Bitters cure scrofula. They are not only a fine remedy for disease of the stomach but a perfect cure for scrofula, either internal or external, and all other evils existing in the blood.

BENEATH THE WHEELS. The Mangled Body of a Book Agent Found Near Fremont Yesterday. The body of a man was found lying beside the track of the Union Pacific road, a few miles west of Fremont, Sunday morning. It was very badly mangled and not easy to recognize. It was placed upon the Grand Island accommodation and taken to Fremont, where by the aid of papers and letters found in the pockets it was identified as the body of a Mr. Vose, a local book agent for Appleton's publications. When or how the accident occurred is not known, but the inquest may throw some light upon the matter. The unfortunate man leaves a wife and one child to mourn his sudden and tragic ending.

THE CITY COUNCIL. Meeting as a Board of Equalization--Other Matters. The city council met yesterday at 2 o'clock, to sit as a board of equalization on all final estimates for paving, curbing, guttering and grading contracts, for equalizing assessments and to hear complaints of property owners. There were present Messrs. Behm, Kaufman, Leeder, Redfield, Thrane and Woodworth, with President Baker in the chair. Before the regular meeting was opened the matter of receiving and entertaining the members of the Denver city council, and other officials now in the city, was informally discussed. Notice was sent to the party that as the council was in session as a board of equalization, they would be unable to meet them to-day.

THE NECESSITY FOR THE SPECIALIST. DR. H. WAGNER. Has long been acknowledged and more so than any other. The vast field of medical science is ever increasing, and its numerous branches are brought nearer and nearer to perfection, and no one needs any longer rely upon a generalist for the diagnosis of disease, or for the treatment of the same. It is no longer sufficient to divide the labor, and to let one man do this and another do that, and to let the patient suffer from the result of the division of labor. It is no longer sufficient to let one man do this and another do that, and to let the patient suffer from the result of the division of labor. It is no longer sufficient to let one man do this and another do that, and to let the patient suffer from the result of the division of labor.

A Few Reasons Why you should try the celebrated Dr. H. Wagner's methods of cure. 1. Dr. H. Wagner is a natural physician. 2. Dr. H. Wagner is a natural physician. 3. Dr. H. Wagner is a natural physician. 4. Dr. H. Wagner is a natural physician. 5. Dr. H. Wagner is a natural physician. 6. Dr. H. Wagner is a natural physician. 7. Dr. H. Wagner is a natural physician. 8. Dr. H. Wagner is a natural physician. 9. Dr. H. Wagner is a natural physician. 10. Dr. H. Wagner is a natural physician.

Plain Facts Plainly Spoken. At one time a discussion of the secret vice was entirely avoided by the profession, and medical works of that era would hardly mention it. To-day the physician is of a different opinion; he is aware that it is the most common and the most insidious of all diseases, and that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases.

He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases.

Young Men Who may be suffering from the effects of youthful folly or indiscretions will do well to avail themselves of the medicine of Dr. H. Wagner. It is a medicine of a most valuable character, and it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases. He is aware that it is the cause of many of the most serious and fatal diseases.

Middle Aged Men. There are many at the age of 30 to 60 who are troubled with the effects of youthful folly or indiscretions. They are suffering from the effects of youthful folly or indiscretions. They are suffering from the effects of youthful folly or indiscretions. They are suffering from the effects of youthful folly or indiscretions. They are suffering from the effects of youthful folly or indiscretions. They are suffering from the effects of youthful folly or indiscretions.

Relief to the Afflicted. In medicine, as in science, the specialist are the ones who always come to the front and accomplish great results. This is especially true in the case of Dr. H. Wagner, of this city. He stands at the top of his profession, and the cure he performs for the most insidious and most dangerous of all diseases is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted.

Chronic Complaints Require Time for a Cure. Persons at a distance who wish to be treated by Dr. Wagner need not feel backward because of inability to visit him. If they will write to the doctor he will send a list of questions, and will be glad to send medicine, counsel and all other assistance that may be required. He will also send a list of questions, and will be glad to send medicine, counsel and all other assistance that may be required. He will also send a list of questions, and will be glad to send medicine, counsel and all other assistance that may be required.

Shall We Reform? Specific remedies for all diseases is the theory of the present of educated and experienced physicians, and in all large communities they have their specialties, to each in which they direct their studies and practice. Dr. Wagner is a successful illustration of this modern school of medicine, and his unprecedented success in the treatment of private diseases is as wonderful as it is flattering. Prof. J. S. Jones. Those persons who need medical relief for the most delicate of diseases will find an accomplished and successful physician in the person of Dr. Wagner, No. 343 Larimer street, who is highly recommended by the medical profession of his home and abroad. Dr. Wagner's specialty is in the treatment of all diseases of the blood, and he is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted. He is a relief to the afflicted.
