FINANCIAL.

New York, December 5.

Money—Easy at 6½% per cent.

Prime Paper—5½% per cent.

Exchange Bills—Dull at 4½%; demand, 4½%.

Governments—Strong.

The stock market opened to-day with considerable pressure to sell. Villards, owing to the introduction of a bill in the senate for the forfeiture of certain lands of the Northern Pacific company, and the announcement that the company had applied to the stock exchange for an additional amount of first mortgage bonds. Considerable Oregon & Transcontinental was sold on the belief that there would be no dividend, and these shares declined ½% to 2%. Other shares did not sympathize with this break on Villards to any great extent. About 11:30 o'clock it was stated that the officials of western roads who were at the conference to-day had settled the Iowa pool complication, whereupon an advance of ½% took place. Shortly after 2 o'clock it was reported that the Pennsylvania railroad, being dissatisfied with the per centage awarded, had given notice of its withdrawal from the east-bound pool. This started a fresh selling movement and the improvement was lost.
