FINANCIAL

New York, December 26.—Money—Easy at 1½ per cent; closed offered at 1.

Prime paper—4½%.

Sterling Bills—Quiet at 4 80%; demand 4 84%.

Governments—Steady. Shares weak and lower to-day. Lackawanna led the rally, selling up to 93½ on the declaration of the usual quarterly dividend of 2 per cent, and an announcement that the company had earned 92 per cent on stock for the past eleven months. In the afternoon there was a vigorous pressure to sell and the room flooded with unfavorable rumors. It was reported that the granger roads were cutting rates, and the Union Pacific company would be compelled to borrow money to meet its interest, and that the coal companies were cutting prices. President Adams, of the Union Pacific, subsequently denied the report regarding his company. At the close the market was weak, at the lowest prices of the day.
