FINANCIAL

New York, February 6.—Money—Market easy at 10½ per cent. Closed offered 1 per cent.

Prime mercantile paper—4@5c.
Sterling Exchange—Demand 4.86½.
Sterling Bills—Steady at 4.83½.

Governments—Firmer.
Railway Bonds—Generally firm.

Stocks—Opened generally 1 to 1½ higher, and notwithstanding that shortly after mid-day the bears made a vigorous attack upon the general market, at the same time flooding the street with rumors, advanced with only a fractional interruption, and closed with a boom for coals, while the remainder of the market, except one or two stocks, was strong.

The remarkable advance of New Jersey Central from 34½ to 35½ gave rise to a renewal of the rumors that the Baltimore & Ohio was about or had secured the control of a majority of the stock company. It was also the talk-to-day about the New Jersey Central passing under the management of the Pennsylvania railroad or the Albany and Hudson canal company. Other shares advanced 1 to 1½.

Union Pacific was conspicuous for weakness on the statement from Washington that the sixty-year funding bill would be defeated. It closed 3¢ lower.
