We hope and believe they are. Logan never appeared to better advantage in a political fight than at the present time. tor John Sherman, will lend an addision, it was currently reported when he has nothing to give and nothing tional interest to the campaign. A discussion of the availibility of the d fferent candidates for the gubern stotisl nominstion is already under way, but there is no appearance of bittercess, and who ver receives the honor will have support of a

united party.

There will be one contest in the south which deserves and will receive the attention of the whole count y. This is the election in Virgin'a. A governor, a legtelature and a United States constor are involved. The result of the campaiga will probably demonstrate whether the republicens can make a permanent ledg ment in the s uth and whether they can look for any electoral votes from that section in 1888. The demograts recognize he importance of the prize at a ake and they are preparing to put forth a great effrauds they practiced last November, Cieveland received a majority of 6,000 only in the state. There has been undoubtedly a reluctance among republiins to granting aid and comfort to the readjusters and so endersing, apporantly, the financial principles for which they are best known. Some of the methods of Segator Mahone have been obnoxious also to the party at large. But these objections will no longer hold, since the readjusters have merged their organization into the republican party and thereby

But New York will be the state in governor whose term will not expire unhil 1889 is to be elect d togather with minor s'a'e chicers and a state senate which will perticipate in the choice of a a successor to Warner Miller in the United States senate. The narrow plurality Mr. Cleveland received in New York last November leaves the result in the state in doubt. These two facts, however, are noticeable: The democrats, sion of one of the scoundre's to the effect profiting by their experience of the last few years, are not claiming the election with their former beauful confidence while the republicans have learned appar ently that they cannot beps for success ately, there are many signs that the divisions which have rent the republican party in the past in New Yor I state have been hesled. The result of the senator al election gave adacided proof that another policy is to prevail than that which heretofere has governed the party. Republicans all over the country will watch estimated at 83,451,737 pounds. It is closely the New York canvass, and they contest the presidential campaign of

THE NOBLE RED MAN.

An American Aristrepat

From an article by E. V. Smalley in he Century we quote the folloing: "There is a mataken no in amous h lanthropic people in the east that t It dan is a much-abused purson who is entisled to the lively sympathy of mankind. Unquestionably there have been plenty of it stances of broken teta ies and individual and tribal wron; s, but I so ing at the matter not from the hist mi.al but from the actual point of view, it must be admitted that the aborigine on a recervaon has more rights and privileges than a white man cuj ys If I could have the privile es on this recervation which the ndian har, said Maj Renan, the Indian agent, as we were driving through the lenely Mission valley. I werld ree gamy office at one and the down on one of these streams, build a house, fince in all the and I wanted, and get me a big herd of cattle.' The Indian or the halfbreed, explained the agent, can enclose as much land as he pleaser, and use as much more as he want; for a stock range. He pays no taxes, and rides free on the railroads. It his tools get out of repair, or his herses needs shoeing, the government emplys a black-raith work for him. He takes his wheat at the sgeacy flour-mill, where it is ground by the government, and his logs to the agency saw-mill, to be made into lumber of the dimensions he wishes. If he is sick, the government supplies him with medicines and a dector. The missionaries educate bis children in a boardingschool, and furnish him with the c m forts of religion without clearge. If the idle to work, he knows that the govern ment will in no event let him s arve. If he tries, he can become a rich man by the mere tucresse of his cattle and horses. Now, how does it stand with the white citizen? Instead of thousands of ne es he can get f om the government only 160, and on them he must pay taxes and 'rustle for a riving,' as the western phase goez. The Indian our Ameri an a istoc at. He swns the whole landscape; he to be not, save in a fitful way as it saits his pleasure, and he spends his time in hunti g, fishing, horseracing, gambling and loafing. It will be argued, I know, that the Indiaes once owned the woole country, and that their aservations and the privileses they have upon them one after all but a small com ensation for what they have lost This igain, is a mistake. No people own ountry because they roam over it b for others come to sure i s occurancy If : few hundred white a en should chance to be the firs inhabitants of a te ritory large snough for a great state who would say that hey owned all the land by rees no has circumstancel

The Benson Why.

Boston Post. He stood in front of a Court street sa hon, calmly chewing a wooden tooth-pick, and beside him, chewing a bone, crouched about as wretched a specime Pontine anatomy as ever disguised itself under the name of dog. He paid no at tantion to the mao, and the monopald no attention to him, notil a stranger came by eved the couple for a mement and asked: "Why don't you get as better deg?" "Don't want nene," was the reply "Well, I shouldn't think you would own such a looking thing as that," The man chewed on the probe a little while and observed: "Fou wouldn't, hey! "Ro, sir," was the reply, "I wouldn't why don't you give him away?' "Ob, well, I wouldn't like to do that" "Why "Well, you see, probably no one would want him, and, besides, Il don't know who owns him " The stranger left in dieguat, but the men went on chewing
