**NEW YORK, March 20.**—Money—Easy at 1 1/2 per cent. Prime mercantile paper—4 1/2 to 5. Sterling Exchange Bills—Quiet at 4 1/2; demand, 4 to 6. Governments—Quiet and unchanged. Stocks—The feature of the stock market today was a large trade in Pacific Mail and a heavy decline in that stock amounting to 4 1/2 per cent. This decline was owing to complications arising from the fight of the Central Pacific road, which seems to point to the end of the agreement whereby the other roads made monthly payments of about \$35,000 to the Pacific mail. The general market was dull and nearly steady.
