you forget it! Go on!" A GREAT SALT LAKE STORY. These articles are misstatements of facts and a reflection upon the citizens of

pathy antagonistic to law and justice. It is a hard matter to rest under the implication that ninety-five per cent of the citizens of of this county are parties to injustice and the originators of falschoods in regard to matters that have become of national notoriety, and the Leader, be ing identified as a part and parcel of the great majority upon whom these asperalons are cast, feels it a duty it owes to Custer county's citizens to brand the extract as a falsehood, and one that is easily The Brighton company when it built its fence in this county circulated a petition through a portion of country contiguous to the territories which it had en-

closed, praying the general government to allow the fence to remain. The petition set forth that the land in question was unfit for agriculture. A number of to come from the center of the earth. the citizans of this county signed the petition, presuming it was only the rough land adjoining the ranch that were to be fenced. As soon as the pathtion the place where they had been a yawning was secured the company proceeded to fence in not only the 10,000 acres of untillable lands but 40,000 additional acres, down. a large portion of which was as fine agri-Mr. Whitford for several moments was cultural lands as can be found in the

state. This was and is considered a gross breach of trust towards the people on the part of the company, and resulted in the visit of a special agent of the interior department, whose report formed the basis of the suit now pending in the United States district court. Had the company acted in good faith in the matter, with both the people and the government, the suit would never have been instituted, as there is a large tract of land on the
