Fine ribbed hose with white soles also double knees, 25c pair.
Children's tan fine ribbed hose with double knee, toe, sole and heel, 15c pair.
Ladies' black, seamless hose, very good quality, 18c, 3 pairs 50c.

Corsets—W. B. summer corset
In extra long, medium and short models—made of a very strong netting—heavily boned, two side steels, trimmed top and bottom, at \$1.50 each.

Under Muslins
Corset Covers of muslin, embroidery edging on neck, 18c each—3 for 50c.

Drawers of muslin embroidery trimmed, at 30c each.
Umbrella Skirts, flounce finished, with ruffle of embroidery, at \$1.00 each.
Nightgowns of muslin, yoke trimmed with embroidery, in jacket effect, at 50c each.

RE MUSTERED AT HOME
Troops Under the Second Call Handled Under New Method.
Mobilization Later to Save Expense.

Examining Surgeon and Mustered Officer to Make the Rounds Where the Different Companies Are Made Up.
WASHINGTON, May 26.—(Special Telegram.)—Under the second call for volunteers it is learned that there will be no attempt to mobilize the forces until after the quota constituting the first call has been filled.
Nebraska troops will be mustered into service at company points, an examining surgeon and muster officer making a tour of the state for this purpose, thereby saving expense to the state, growing out of the orders to rendezvous previous to acceptance by the United States. One regiment and one battalion will be organized by the volunteer force, twenty-five companies under the volunteer bill constituting a regiment, four companies making up a battalion.

In this connection, to complete the line of officers under the first call for 15,000 troops, President McKinley has finally decided to appoint twenty-five additional brigadiers, eleven to come from civil life and fourteen from the regular army. In the list that will probably go to the senate tomorrow or next day it will be found that those appointed from civil life will come from the eastern states, the western states for recognition, the senate call.
Colonel Stark of Governor Holcomb's staff said today that the two Nebraska regiments now in the field were recruited to their full quota, which would give Nebraska an opportunity to organize one regiment and one battalion to be mustered into the service of the state and later into the service of the government, as may be decided upon. Congressman Stark has been commissioned to represent the government in all matters pertaining to military matters and all telegrams, petitions, etc., now pass through his hands to or from the governor.

Under the second call for volunteers, Iowa will be required to furnish 2,264 men. Ordinarily this would be accomplished by sending forward two regiments of infantry with full complements of line and staff officers, but the president intends to enforce the volunteer law, which requires that no organized troops shall be accepted so long as regiments already in the field are short the maximum of enlisted men. Iowa had forty-eight companies in the volunteer service with officers enough to go around, but there is an average shortage of forty-two men to each company, so that there are vacancies to the number of 2,016 men. If the president insists that the regiments already accepted shall be recruited to the full strength of the three battalions organization, Iowa's quota will be practically exhausted without calling for any new recruitment.

Lieutenant Colonel John A. Hull of Des Moines, recently appointed assistant judge advocate general, will start for Mobile as soon as he can secure his uniform and accoutrements. It is probable that at least three other Iowa boys will be appointed to staff positions. William Larabee, Jr., of Clarinda, son of the ex-governor, is slated for major and paymaster. Frank Lyman of Des Moines, now a member in the Iowa National Guard, is to be commissioned captain in the signal corps. Lieutenant Colonel Cyril B. King is slated to be captain and commissary. It is believed, too, that the extra call for troops assures the selection of General Lincoln as a brigadier commander.

The Nebraska delegation will not go home till the opening of the Transmississippi Exposition, believing that their first duty lies in Washington in view of the war revenue measure now pending and other important legislation which demands attention. Senator Allen stated this evening that he greatly regretted his inability to be present at the opening. View of the fact that he was down on the program for an address, but he thought that the exigencies of the occasion demanded that he remain here until after the war measure was out of the way.

Henry T. Oxnard, president of the American Beet Sugar company, has sent a telegram to Senator Allen stating that the beet sugar manufacturers of the United States do not ask and do not want to be excluded from paying their just share of war taxes along with other corporations, should such a tax be imposed. This telegram was read in the senate by Senator Allen and in the Transmississippi Exposition.

Claus Spreckels today gave \$1,000 to the Red Cross society. The Red Cross fund now amounts to \$27,444.
Orders have been received to place the Yorktown and Philadelphia in commission as soon as possible, also to transfer the training ship Mohican and to fill up that vessel with seamen and ordinary seamen.

RUMORS OF INTERVENTION
Report Not Regarded Seriously in London—France Not Likely to Turn Its Flag.
LONDON, May 26.—The Star claims to have information that the French minister for foreign affairs, M. Hanotaux, is making great efforts to stop the Spanish-American war. It says that Russia, Austria and France are endeavoring to induce Germany and Italy to join in a presentation to President McKinley, declaring that the powers will induce Spain to grant the independence of Cuba. Should America refuse intervention, it is further alleged, the powers mentioned would send a fleet to Cuba under international law, in view of the fact that Crete, until the withdrawal of the Spanish forces and the constitution of a regular local government. It is further said that these rumors would justify intervention on the ground that the war threatens the general peace of Europe.

DEFEAT MEANS REVOLUTION
Report That Emperor of Austria Has Advised Spanish Queen Regent to Fly.
LONDON, May 26.—There are renewed sinister predictions of an impending revolution in Spain contained in a special dispatch from Madrid today. Emperor Francis Joseph of Austria is said to have strongly advised the queen regent to prepare to fly, and her mother, who is now in Madrid, is reported to have given her the same advice, but it is added that the queen regent is determined to remain.

Continuing the dispatch says: The defeat of the Spanish fleet, which the best informed people regard as only a question of a few days, is bound to precipitate an outbreak.
Hold Trainmen Responsible.
SARASOTA, Fla., May 26.—The coroner's jury, which has been investigating the death of Private William M. Barber of the 10th North Carolina volunteers, who was killed in a collision on the Florida Central & Peninsula railroad near Savannah last Monday, returned a verdict tonight that the accident which caused Barber's death was due to the culpable negligence of the employees of the railroad and to the bad condition of the rolling stock of the freight train which ran into the military train.

First Mississippi Ready.
JACKSON, Miss., May 26.—The officers and men composing the First Mississippi volunteers have been mustered into the service of the United States and Colonel G. M. Govan has notified the secretary of war of the regiment's readiness for duty. The adjutant general has issued orders to the companies composing the Second regiment to mobilize at Jackson at once.
Spain Gets the Havel.
LONDON, May 27.—A dispatch to the Daily Telegraph from Hamburg says the North German Lloyd steamer Havel has been sent to the Spanish domain Transatlantica and has gone to Barcelona.

REJECTS BIDS ON MODELS
Figures on Ornaments for the Omaha Public Building Exceed Amount of Appropriation.
WASHINGTON, May 26.—(Special Telegram.)—The supervising architect today rejected bids submitted on plaster models, granite carving, etc., on the Omaha public building, on the ground that the estimates of the proposals were higher than the sum available for this work. Proposals will again be advertised for.
Inspector Green, recently deputized by the land commissioner to proceed to Rapid City, S. D., and make an investigation of the proposed removal of the land office from that city to Deadwood, has filed his report with the land commissioner adverse to any change in location of the land office. The inspector claims that removal is only desired by the Home-take Mining company and that the removal would benefit the mining claimants at the expense of the claimants of agricultural lands, and adds that the latter should be shown greater consideration for the reason that they are required to appear with witnesses at land office to make proof, while the mining company can make proof exclusively by mail, and are not required by law to reside in the state or land district. The land commissioner has made no decision in the case, but it is understood that he will recommend to Secretary Bliss that the land office be retained at Rapid City.

HOUSE INDULGES IN DISCUSSION.
Money Question Comes in for a Long Debate.
WASHINGTON, May 26.—In a long session today the house passed five bills, but the discussion involved a wide range of subjects.
After a brush over civil service, brought on by a paragraph in the deficiency pension bill providing for some temporary clerks in the War department, the house considered a bill to amend the internal revenue laws, listened to lengthy speeches from Mr. Sharpe (Ill., Col.) and Mr. Gove (Iowa, Penn.) upon the proposed extension of greenbacks as legal tender, respectively.
Pending a yeas and nay vote upon the internal revenue bill, the house adjourned. The vote will be taken immediately after the house meets tomorrow.

Caucus on Hawaii Postponed.
WASHINGTON, May 26.—The republican caucus of the house on the Hawaiian annexation question has been indefinitely postponed and the time of its resumption determined. There was a strong fight on the part of annexationists in the house. They say the caucus may be held next Tuesday or Wednesday. Meantime no assurance of a rule for its consideration has been given by the committee on rules.

INDIANS KILL A WHITE MAN
May Be the Foreman of Trouble in the Country Leading to the Yukon.
SAN FRANCISCO, May 26.—A Chronicle special from Skagway, Alaska, dated May 25, says: A tragedy that may be the forerunner of an Indian outbreak in Alaska is reported from Skagway. A white man, John White, was killed by a party of Indians on the Yukon river, near the town of Skagway. The Indians were on a boat down the river when they saw a boat with five white men, Thomas Fox, formerly of Juneau, and William Meahan, an old-time Yukoner, were fired upon by Indians, armed with rifles. At the first shot Meahan fell overboard dead. A bullet had entered his heart. Fox was badly wounded, but he reached the shore, making his way to the settlement by Lake Tagish. The Indians were the Hootaiqua river Sticks, and Fox thinks there were about eighty in the band. Most of them appeared to be armed.

AMERICAN REGISTRY FOR SHIPS.
We'll Be Granted Foreign Craft at Request of War Department.
WASHINGTON, May 26.—The senate committee on commerce today had under consideration the subject of granting American registry to foreign ships. The committee reported favorably on the subject and decided to place the matter in the hands of a subcommittee with authority to report in all cases in which the War department makes request that registry be granted. The discussion in the committee was devoted to the question of foreign ships whose services can be made available if considered desirable. The action of the committee, so far as it is concerned, will have the effect of placing the matter in the hands of the War department, for it was the general understanding that in cases in which the department makes request that registry be granted, it is to be granted, if the War department is satisfied with the security of the vessel, the action will be taken. A majority of the committee are opposed to granting registry to foreign ships under ordinary circumstances, but they consider a departure from the rule excusable under existing circumstances during the war. It is expected that the committee will aid the department materially in securing reasonable rates. The subcommittee having the matter in charge consists of Senators Fry, McMillan, Elkins, Gallinger, White, Murphy and Mills.

Missouri Men Not Satisfied.
JEFFERSON CITY, Mo., May 26.—Governor Stephens wants the Missouri volunteers properly cared for by the government, for today he sent the following telegram to Adjutant General Bell at St. Louis:
If reports are reliable, I am satisfied with the treatment our Missouri volunteers at Chickamauga are receiving. Delegate a reliable man in my name to visit camp and advise the War department of an improvement of the present conditions.

Kentucky Congressmen for Colonel.
FRANKFORT, Ky., May 26.—Governor Bradley today commissioned Congressman George O. Colson, Eleventh Kentucky district, as the colonel to raise one of the two regiments of volunteers for Kentucky.
Transporter Beach Mobile.
MOBILE, Ala., May 26.—The transport Breakwater, Stillwater, Morgan and Aransas arrived here today with the Fifth cavalry and equipment all in good condition.

Give Colored Men a Chance.
JEFFERSON CITY, Mo., May 26.—Governor Stephens stated today that Missouri would furnish one colored and two white regiments under the second call of President McKinley for troops.
All Quiet on Havana.
KEY WEST, Fla., May 26.—The United States Navy-Lieutenant Kessuth Niles, to be a lieutenant commander; Lieutenant Junior

MANY ARE ANXIOUS TO GO
Applications in Most States More Than Fill the Second Call.
RESPONSES ARE COMING IN PROMPTLY
Governors of Various States Express Confidence the Seventy-Five Thousand Volunteers Will Be Rapidly Sworn In.

CHICAGO, May 26.—Reports from various northwestern states indicate that President McKinley's second call for volunteers, asking for 75,000 men, will meet with hearty response. Independent companies are already organized in many states and there will be offered to the service of the country, as is shown by the following dispatches:
ST. PAUL, Minn.—Governor Clough, when informed that the president had issued a second call for troops, said: "I have appreciated from the very first the necessity for permission to raise companies. I have not even kept track of them. We shall have more than enough men."
LANSING, Mich.—Governor Pingree said that while all of Michigan's quota under the first call has been mustered in and business at Camp Eaton was about to be closed steps will be taken to raise the additional quota assigned to Michigan under the second call. Recruits will be rendezvoused at the present camp. The governor is confident that the present quota can be filled promptly, and his plan is to assign to each township and ward in the state its proportionate number based on the number of eligible men within its boundaries.

MADISON, Wis.—Governor Scofield says that Wisconsin has exhausted all available recruits at present for the raising of the equipment of troops, and unless the federal government does something in the way of furnishing equipment additional Wisconsin recruits will not be ready to go to the front for some time. The new state volunteers will be concentrated at the military reservation at Camp Douglas instead of Camp Robinson in Milwaukee. Reports from various sections in the state indicate that the volunteers who have already offered their services to the government considerably exceed the number asked for.
DES MOINES, Ia.—Governor Shaw says: "I have no doubt that the second call will be responded to promptly. Already a large number of companies have been organized in anticipation of a second call. The new recruits will be mobilized at the state fair grounds in this city and will go through the same course as the first four regiments."

INDIANAPOLIS, Ind.—The second call for troops has brought out the front of the governor, who said that enough applications have been made in Indiana for privileges to raise companies, battery, cavalry and regiments enough to fill the quota asked for by the president. Governor Mount will not return from Winona until Saturday, but anticipating the second call for volunteers, he had already decided to appoint Indiana's quota to the different congressional districts and not to accept companies from cities which already have companies in the first enlistments.
CINCINNATI, Ohio.—When it became known about the state that a call had been issued by the president for 75,000 more volunteers, telegrams began pouring in to the governor from the colonels of provisional regiments and their friends and in a short time there was a perfect deluge of them. The governor had contemplated raising a western trip in a day or two, but he will postpone that for the present at least and devote his energies to filling up the state's quota. The governor hopes to be able to furnish five regiments promptly, as he has tenders of double that number.

DEATH RECORD.
Chicago Millionaire.
DENVER, Colo., May 26.—Jonathan Butterfield of Chicago, who came to Denver recently on account of ill health, died today. He was 83 years of age. His wealth is estimated at \$13,000,000, including valuable real estate in Chicago and Denver.
Mrs. William Lorenzen.
WEST POINT, Neb., May 26.—(Special.)—Mrs. William Lorenzen, aged 39 years, died at her home in West Point, Neb., this city last Tuesday of blood poisoning. The remains were interred today. Rev. Oelschlaeger officiating.

HYMENAEAL.
Head-Beds.
CHADRON, Neb., May 26.—(Special.)—Robert Hood, proprietor of the Chadron Roller mill, and Miss Clara Betts, one of the leading young women of the city, were married last night by Rev. A. R. Julian.
South Sisters Trolley Party.
The trolley party of the season, planned on an extensive scale, was given last night by the South Side Improvement club. The occasion was the celebration of the centennial of the city's incorporation. The trolley car accommodations recently put into force in the south portion of the city. The street car line now extends to Tenth and Bancroft streets, and the celebration was held at the corner. It consisted of eight cars and these were well filled in spite of the threatening weather, there being over 400 people in attendance. The cars had been decorated with flags and a stock of noise-producing instruments was on hand. The route taken led up the Harney street from the corner of Tenth and Bancroft to the corner of Tenth and South streets and then to South Omaha. This excursion was accompanied by the Seventh Ward band. Among those active in the entertainment were: John J. Powers, Dr. W. H. Hanchett, F. K. Darling, H. Stuhl, John Zellars, Ed Cornish and David Cole.

Steamer Ashore Near St. Johns.
ST. JOHN'S, Quebec, May 26.—An unknown steamer is ashore three miles southeast of this port and is likely to be a total wreck. The British steamer Coban, Captain Fraser, trading between St. Johns and Montreal, which arrived here this morning, reported that the steamer ashore is painted a lead color, has a yellow smokestack, and it is added, looks like a war ship. This theory, however, is very doubtful.
Caught in the Act.
G. M. Jordan, an elevator conductor in the Brown block, was interrupted early this morning in the act of plundering the room of John Lally, who rooms in the same building. Lally fired at the intruder and the latter fled down stairs. Several policemen were in the chase, together with citizens on bicycles and in buggies. Several warning shots were fired to frighten the burglar and he was finally halted after a hard run. He admits his presence in the room, but says as his wages were recently cut down he was trying to make up for it by working a side graft.

Bicycle Thief Arrested.
Charles Sutton, a young farmer from Shelby, Ia., arrived in Omaha last night in search of his uncle, who is said to live eight miles from this city. Passing the police station he saw a bicycle being pushed down the street by a man belonging to a Bee reporter. The circumstance was regarded as a joke until Sutton was encountered on the street later with the wheel in his possession. He claims he did not intend to steal the bicycle, but was merely taking a ride. He is charged with larceny.
Cleaned Out Bedford's Barn.
Jeff W. Bedford, 3208 North Twenty-second street, makes the complaint that a colored man employed in his stable has disappeared, taking in his flight everything that could be conveniently carried. Mr. Bedford misses among other articles a double harness valued at \$10, a single harness worth \$30, several tins, laparoes and clothing, the whole amounting in value to about \$150. The name and description of the supposed thief have been reported at the police station and an effort is being made to locate him.

High School Cadets' Drill
Plans for the Annual Competition and Exhibition by the Battalion This Evening.
The annual competitive drill of the cadet battalion of the Omaha high school will be held at the new base hall park on Friday evening, May 27. Preceding the drill there will be a short street parade, leaving the high school grounds at 7 p. m. The battalion will march, under command of Lieutenant W. A. Campbell, U. S. A., from the high school building to Farnam and Eighteenth streets, east on Farnam to Thirteenth, north on Thirteenth to Douglas, west on Douglas to Sixteenth, north on Sixteenth to Cuming, west on Cuming to Seventeenth, where the cadets will take cars for the base hall park.
At the park the following program will be carried out: Battalion inspection and review; competitive drill between companies A, B, C and D for flag; individual drill for Thurston medal, and battalion parade with presentation of flag and medals.
The judges for the drill will be: Captain William J. Foye, Lieutenant A. P. Kone and Lieutenant John Hayward. The Omaha Military band will furnish the music.
Arnold's Bromo Cures Cures Headaches, 10c, 25c, 50c. All Druggists.

REPUBLICAN PACIFIC
The Minnesota state building has been completed. It occupies a splendid site on the bluff tract, a little southeast of the Nebraska building. The permit issued for its erection calls for a \$10,000 structure, which will not lack any of the essentials to make it compare favorably with other state buildings.
Mr. Russell Spaulding of New York is stopping at the Omaha hotel, having come to Omaha to remain a couple of weeks and take in the exposition. Mr. Spaulding is a member of the firm of Durand-Ruel, picture dealers of New York, who have loaned the exposition number of valuable pictures for the art exhibit.
Edmund Stowe has an article in the June number of Atlee's Magazine on the exposition, together with illustrations of the Fine Arts, Liberal Arts, Horticultural and Auditorium buildings, the Moorish palace and the main court. The illustrations show the scaffold work of the essential to make it compare favorably with other state buildings.
The Minnesota state building has been completed. It occupies a splendid site on the bluff tract, a little southeast of the Nebraska building. The permit issued for its erection calls for a \$10,000 structure, which will not lack any of the essentials to make it compare favorably with other state buildings.

GET READY TO OPEN
(Continued from First Page.)
In building up the exposition, which means so much for America, Nebraska and Omaha. He thought it the bounden duty of every citizen to stand by Omaha this summer and be loyal to the city. He has been going abroad every year, having already forty-nine trips over the ocean, but intends remaining at home this summer to show his loyalty to Omaha and the exposition. He urged that the club be courteous and hospitable to all strangers, letting everything be done in a kind and generous manner, and at the close all would feel better for having done so.
Horticulture Building.
The Horticulture building is taking on an animated appearance, and many exhibitors are making the building resound with the noise of hammer and saw as the busy workers exert every energy to the installation of exhibits of booths and the completion of the building before the opening day. The horticulture and floriculture exhibits of Nebraska and Douglas county are being installed and the horticulture exhibits of Illinois, Washington, Missouri, Oregon, Kansas and Montana and Los Angeles county, California, are in various stages of preparation. The last named exhibit having reached the state before only the finishing touches are necessary to complete a most attractive and artistic exhibit.
Superintendent Taylor of the Horticulture bureau has taken up his headquarters in the building.
Notes of the Exposition.
Fifteen Arabs and Turks have arrived to commence work in the Street of All Nations.

Human Electricity
We invite you to study this latest Scientific rapidly passing away
How many thousands are suffering today with various diseases such as Rheumatism, Sciatica, Catarrh, Indigestion and many other "ills that flesh is heir to?" Confess you have used every remedy known and have for years, if not all your life, and can you honestly say that you have received permanent relief from all the cures you have used? There is a physiological cure, VITAL MAGNETISM is no longer an experiment. We use No. 1214, the "Human Electricity" which relieves pain is immediate and that the improvement in strength and flesh and color is speedy. Magnesium charges, polarizes and magnetizes the blood, the blood enriched with magnetism soon imparts new life and vigor to the nerves and a complete cure and restoration is soon obtained. We treat you and you are there! We do not treat the doctors of health to you. No prescription. No medicine to buy. Consultation free.

LOOK FOR MORE TRANSPORTS
Difficult to Find Suitable Vessels for Use of the Troops.
PREPARING FOR ANOTHER EXPEDITION
Contracts Are Made for Enough Ships to Carry About Five Thousand Men, but Many More Are Needed.
SAN FRANCISCO, May 26.—The transportation of troops to the Philippine islands has put the government agents to work scouring the Pacific ocean for transport vessels. So far only 2,500 troops have been sent to Admiral Dewey's assistance. There are 7,000 more in camp here and 40,000 more to come. About fifteen more transports are required, together with a half dozen colliers.
The second expedition will not leave San Francisco for fully three weeks, unless the transports are sent out by twos and threes. In the latter event the Zealandia and China (if that big liner is finally chartered) might be made ready to sail in about ten days' time.
So far as the Zealandia is concerned it will not take long to fit it up. The big steamer was towed to the Union iron works yesterday, where it will be docked and cleaned. A force of ship carpenters was put on board of it as soon as it was turned over to the government. They will convert the three 'twain decks into quarters in a short time and this ship will be ready to receive supplies.
The vessels so far secured for the second expedition are listed as follows: China will carry 1,500 men; Centennial, 700; Zealandia, 1,700; Ohio, 1,000; Peter Jensen (renamed Bruto), collier, could be converted to carry about 300; Ning Chow, same as Jensen, total number of men, 4,500.
To this fleet must be added a number of large vessels carrying the balance of the army of invasion. It is not thought that the 20,000 men have been landed at Manila. There is a large number of steamers in the coast trade, but the steamship companies cannot relinquish all of their floating property.
The troop of Utah cavalry, which was expected to arrive here this morning, did not get in until about 5:30 this evening.
