WOMAN THIRSTING FOR GORE.

Mrs. Albert Wurtzberger Goes Gunning for One Ferdinand Moon.

SIoux CITY, May 26.—(Special Telegram.)—Mrs. Albert Wurtzberger of Dakota county, Nebraska, is lodged in the city jail of Sioux City for safe keeping. This woman, who is well educated and has a husband living in Denver, thirsts for the life blood of Ferdinand Moon, a resident of the Nebraska county. They lived together for some time, and during that period she was in fear of the man. She made up her mind to end his career, and that as soon as possible. One morning she put laudanum in his coffee, but Moon noticed the peculiar taste and did not drink it. Later, the woman procured a revolver and shot at him, but he escaped and she was arrested.

The authorities then ordered her to the hospital for the insane at Norfolk. Lately she was discharged from that institution and at once came back to Dakota county.

Once more she secured a revolver, and hired a team and driver to search for the object of her dislike. She was found with a team of horses, but when the woman drove in sight he got behind his team. She made the driver drive around in a circle, and she bombarded Moon's position, but he escaped unharmed. The would-be murderer then came to Sioux City, and, refusing to leave, was locked up. She declares her intention to kill the man, and she has been quite willing to take the consequences of her act. It is expected that she will be once more placed in the care of the Dakota county authorities pending a disposition of her case. She owns a farm near South Sioux City, and has means to pay for her care.

College Athletes Assemble.

DES MOINES, Ia., May 26.—(Special Telegram.)—College enthusiasts are pouring into the city tonight from all over the state to attend the annual state athletic meet here tomorrow. Grinnell, the University of Iowa, State college, Cornell, Drake and Upper Iowa are all represented by full entries and the contests will be hard fought.

Fourteen men will start in the 100-yard dash, the track having been widened sufficiently to let them all start abreast. Judging from the records made by the colleges at their home meets this spring the University of Iowa is most likely to win the championship. It is raining hard tonight and the chances are that the records made will be very slow.

Men for the Exposition.

DAVENPORT, Ia., May 26.—(Special Telegram.)—The Davenport Business Men's association has decided to place a large and lately published map now hanging in the rooms of the association in the Iowa building at the Transmississippi Exposition and string the borders of it with views of the principal buildings of the three cities. The map will be placed on the wall of the second floor at the head of the stair in the Iowa building. The map is largely a duplicate of the large map exhibited in the state building at the Chicago exposition, but will be better in that it will contain the location of the new bridge and all the late improvements in this vicinity.

Iowa Funeral Directors.

MARSHALLTOWN, Ia., May 26.—(Special Telegram.)—The eighteenth annual convention of the Iowa Funeral Directors' association came to a close here last night. Resolutions endorsing the new rules of the State Board of Health regarding the disposal of the dead were adopted. Des Moines was chosen as the place of holding the next convention, delegates to the national convention to be held in Chicago, October were named and the following officers elected: President, J. M. Brunner, Mount Pleasant; vice president, F. L. Unterkircher, Burlington; secretary-treasurer, George P. Beck, Waterloo.

Rock Rapids Answers the Call.

ROCK RAPIDS, Ia., May 26.—(Special Telegram.)—The communication from Governor Shaw calling for ten men from this town was promptly answered and the men have been examined and stand ready to go as soon as transportation arrives.

Iowa Press Comment.

Charles City X-Ray. The cyclone was probably a gentle lull to Iowa to get her troops down to Chickamauga as soon as possible.

Creighton Advertiser: While the storm forepart of the week executed considerable damage to fruit throughout the state, Iowa is resourceful, even in overcoming cyclones.

Cedar Rapids Republican: We insist that the wholesale distribution of army commissions among cheap politicians and hangers on is a disgrace to Iowa and to the nation. It is an outrage on the 4,000 men who have gone to Camp McKinley. Every commission awarded to an Iowa man should have gone to a man identified with what was the Iowa National Guard and is now the volunteer army of this state.

Iowa Business Notes.

The contracts for the foundations of the second large brewery in Dubuque are about to be let.

The Marshalltown city council has let contracts for a large amount of paving at \$2 and \$3.30 a yard.

A committee is canvassing Waterloo to get \$5,000 for a new Young Men's Christian association building.

A farmer of Lincoln township, Montgomery county, spent all of one day in Red Oak trying to find a place where he could sell \$1,000, but nobody wanted it.

A petition for the establishment of multi saloons is being circulated in Winnebago county and is receiving many signatures. The Buffalo Center Tribune says that without a doubt it will receive the needed 55 percent of names.

COURT REMOVES RECEIVER

Henry Reigelman is Compelled to Step Down and Out.

HOLDERS OF CLAIMS OBJECT TO HIM

Two Cases of Disobedience Decided by the Iowa Supreme Court—Lincoln Commissionist to Lead a New Regiment.

DES MOINES, May 26.—(Special Telegram.)—The district court has removed Henry Reigelman as receiver for the Reigelman Millinery house, a big establishment which went to the wall with \$100,000 liabilities last week. Eastern wholesale houses holding claims against the company to the amount of about \$75,000 asked for his removal on the ground that he, as manager of the concern, was responsible for its bad financial condition, and therefore not fit for a receiver. The court granted the petition, but as yet has appointed no receiver.

The supreme court handed down an opinion in the case of the State of Iowa against Frank Darland from Fayette county, the first of its kind under the new law. Darland was convicted of manslaughter and docketed to the supreme court. Here the judgment was reversed and the case remanded. Defendant then filed a motion that the case be redocketed and that he recover from Fayette county the amount paid for printing abstracts, briefs and arguments. The printing was all done prior to the time the new code went into effect, but the opinion was not filed until October 12, 1897. The supreme court sustains the motion to take the costs to the county.

Another opinion of importance was in the case of the Chicago, Rock Island & Pacific Railroad against H. C. Murphy as treasurer of Polk county, appellant. This case was an action to restrain the collection of a road tax levied on the property of the defendant. The assessed value of the defendant's property within the city and town limits of the county as fixed by the state executive council is \$231,452. In 1895 the Board of Supervisors levied a tax of 1 mill on this property. The defendant claims that the tax against the company in the county. The tax against a lot of land within the city of Des Moines is the one in controversy. The road disputes the power of the board to levy such a tax, and it was that point which was to be determined. The supreme court holds that the demurrer filed in the lower court should have been sustained, and the judgment of the district court is reversed. Every county in the state was interested in the case and each contributed toward the expenses of fighting it. The decision means a gain to the various counties of the state of thousands of dollars in taxes.

Rush Lincoln as colonel of one of the new Iowa regiments to be raised on the second call. General Lincoln, who served in the confederate army and won a great record as an officer, is now called the Lee of Iowa. He is a man of eminent ability and is considered an authority on military tactics and strategy. He was ordered until two days ago, increases. Dr. W. W. McCarthy, one of the physicians appointed to make the autopsy, states that traces of poison were found in his stomach, but just what poison it was they have not yet determined. As the autopsy was not ordered until two days after the man was found dead the physicians state that the true cause of the death may never be known.

Iowa Bankers.

MASON CITY, Ia., May 26.—(Special Telegram.)—The State Bankers' association completed a profitable session and adjourned to meet at Burlington, Ia., next summer. The association elected the following officers for the ensuing year: C. H. McIndler, First National bank, Mason City, president; C. B. Martin, People's Savings bank, Des Moines, vice president; C. B. Mills, Security bank, Sioux Rapids, treasurer; J. M. Dinwiddie, Cedar Rapids Savings bank, secretary.

Emergency Fund.

SIoux CITY, Ia., May 26.—(Special Telegram.)—Sioux City today sent \$1,397 to the surgeons of the Fifty-second Iowa volunteers for the use of the men in companies camped at Camp McKinley. This an emergency and hospital fund, to be used in case of need by the men and at the discretion of the surgeons. The money has been raised by popular subscription among the business men of the city.

Convention Recommends Reform.

ATLANTA, Ga., May 26.—The third annual conference of the series instituted for the scientific investigation of the negro problem, attended by many prominent colored educators from various parts of the country, adopted resolutions looking to re-education by the churches, negro societies, social beneficial societies, and other benevolent societies and suggesting that cooperative business efforts among negroes be encouraged. The conference states its opinion that the excess of the negro over the white death rate is gradually diminishing.

POLITICS IN SOUTH DAKOTA

Candidates a Little Slow in Declaring Themselves—Republicans Have a Good Show to Win.

PIERRE, S. D., May 26.—(Special Telegram.)—Two years ago at this time it was safe to predict who the republican nominees would be in all but one or two cases, and those who dealt in predictions named the ticket several months before the convention. This year it is different. Even the avowed candidates are yet scarce, but they will come to the front more rapidly since the state committee meeting at Mitchell. While the candidates are slow in coming into the open those who are mentioned as seeking congressional honors are the most numerous. Edwin VanClare of Lawrence has come out as an open candidate, while C. H. Burke of Hughes, Robert Dollard of Bon Homme, R. J. Gamble of Yankton, John A. Pickler of Faulk, and one or two others are classed in this list.

For governor, Kirk G. Phillips of Lawrence has been favorably mentioned, but it is not yet certain that he will be a candidate.

John Schamber of Hutchinson has been mentioned as treasurer.

For commissioner of school and public lands, David Eastman of Roberts seems to be receiving the most favorable mention from papers all over his section of the state.

M. A. Lange of McCook is a likely candidate for superintendent of public instruction.

The man who has so far received the most favorable mention for the position of attorney general is John L. Pyle of Huron.

Republican success can be secured in South Dakota this year, and it can be accomplished by republican being republicans and not by dividing themselves into hostile camps. The present bursting of the "link" which was alleged to unite wheat and silver has been enough of an object lesson to a large number who went out on the free silver tide of two years ago to throw the balance to the republican side in the coming campaign, and throw it there with a strong majority.

The legislative question is one which will be harder for the republicans to deal with this year than will the state ticket. The populist gerrymander of the last session will give them a strong leverage in the election of the legislature, and as they could lose on their state ticket by several thousand and yet carry the legislature.

The tri-annual convention at Aberdeen on the 22d of June will do a great deal to simplify the situation. If these three elements can get together and nominate a satisfactory ticket, the republicans will have a strong force, but there are rumors of dissension there, and two tickets instead of one is not an impossibility as the result of their work, in which case the republicans will have their work made easy.

Miners Go on Strike.

DEADWOOD, S. D., May 26.—(Special Telegram.)—All the miners and laborers in the Boley mines in the Blacktail mining district struck for union wages today, to be paid by June 1. The advance was refused by the mine operators, who proceeded to turn out all the men. About seventy-five men are affected at the mines. All the ore used in the Boley cyanide plant of Deadwood came from the mines. The plant will be temporarily closed tomorrow.

Convicted of Grand Larceny.

PIERRE, S. D., May 26.—(Special Telegram.)—The jury in the McNett case returned a verdict late this evening of guilty of grand larceny. McNett was accused of being one of the leaders of the gang who did a great deal of horse and cattle rustling all through this section of the state about two years ago.

CHILDREN BURNED TO DEATH

Caught in the Second Story of Their Home and Unable to Escape the Flames.

IRON MOUNTAIN, Mich., May 26.—The residence of A. Richter, on West B street, was destroyed by fire last night. Two children, a boy aged 9 and a girl aged 11, were burned to a crisp, and two others, aged 4 and 6, and a girl and a boy, were so badly burned that they cannot live. It is not known how the fire originated, but the firemen suspect that it was caused by the explosion of a lamp in an incubator. Richter and his wife and nine small children occupied sleeping apartments on the second floor. The children were first aroused before an alarm had been given. Seven managed to escape and five of them uninjured, but two of them were fatally burned. Richter and wife escaped by jumping through a window, the former having his arm so badly cut by glass that he came near bleeding to death.

YOUNG AT SIXTY.

Serene comfort and happiness in advanced years are realized by comparatively few women.

Their hard lives, their liability to serious troubles on account of their peculiar organism and their profound ignorance concerning themselves, all combine to shorten the period of usefulness and fill their later years with suffering.

Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigorous health in old age. From every corner of the earth there is constantly coming the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 239 Horner St., Johnstown, Pa., which is earnest and straight to the point:

DEAR MRS. PINKHAM:—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way. My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. L. E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

Early Closing Movement. All the retail furniture and hardware firms in the city agreed yesterday to close their places of business at 7 o'clock in the evening during the months of June, July and August, except on Mondays and Saturdays. For some time past the clerks of the many stores have been agitating the early closing of stores in order that they might have an opportunity to visit the exposition during the summer evenings, as they would be unable to do so during the day. The dry goods and clothing firms at once fell in line and decided to close their stores every evening at 7 o'clock, except on Mondays and Saturdays. The grocers followed next and then the butchers, but the shoe dealers met with an obstacle from the fact that one dealer could not be persuaded to join the compact. The clerks in the different shoe stores have been working hard to get this one dealer to acquiesce, but so far have not succeeded. The others do not feel like closing so long

as this dealer refuses to do so and the shoe clerks at present see little hope of getting their evenings off as the employees of other retail stores.
