Omaha Unable to Get Ahead of the Fate Pursuing it Lately.

NEW PITCHER DOESN'T HELP A LITTLE BIT

Harley Underwood Does Well Seven Innings and Then Detroit Just Naturally Wears Him to a Frazzle.

DETROIT, Mich., May 27 .- (Special Telegram.)-Two pitchers were tried out in tobis appearance with the Detroits and Fred Underwood, who was released by Detroit and who was tried out today by the Omaba management. For seven innings it was another close contest, closer even than was yesterday's for the first six innings. yesterday's for the first six innings.

Underwood had been hit less frequently, while he had exhibited better control than Tony Mullane. Dungan, however, had cracked out a home run in the opening inning, which got by Oliver Pickering, the ex-Cleveland outfielder who joined Omaha today. In the third two singles, a base on balls, a steal and an excusable error by Eustace had let in two runs. The Omahas had duplicated this in their half. Underwood scoring their first run by his speed on the sacks-getting a hit, reaching second on a short passed ball and scoring on a short hit, Davis' poor throw on this hit letting Pickering to second, from where he scored on another passed ball and hit by Burnett. Then Underwood tied the score in the seventh, hitting past Nyce, profiting by Preston's sacrifice and scoring on a passed ball and grounder. Lyons got a hit, but he and Burnett were left stalled. The Tigers ended the tie and broke the evening in the record of the pitchers by scoring seven runs in the eighth on six singles, a double, base on balls and an instant's juggle by Roat. The Babics could get no one to first in the ninth At that Manager Fisher was pleased enough with Underwood to sign him tonight and says he is now feeling better than before this year, as he now has a regular outfield that can be depended on and enough pitchers go that he, Daub and Hagerman will no have to overwork. ESTABLISH THREE NEW RECORDS.

Intercollegiate Games at New York
Full of Interest.
NEW YORK, May 27.—Three new intercollegiate records were established and one
equalled today at Berkeley Oval, where the
twenty-third annual field track and bicycle

twenty-third annual field track and bicycle meeting was begun.

The first record broken was the hammer throw. McCrucken of Pennsylvania sent his sixteen-pound hammer a distance of 149 feet 5 inches, which excels the previous record, held by W. G. Woodruff of the same university by 13 feet 2 inches.

Myers Prinstein of Syracuse and A. C. Kraenzlein of Pennsylvania both beat the former record in the trials at the broad jump. Prinstein jumped 23 feet 13, inches and Kraenzlein was only one-quarter of an inch behind him.

A bicycle record was broken and a new one established in the quarter-mile race by L. B. Dannemiller of Georgetown, who covered the distance in 312-5 seconds, which was four-fifths of a second better than the record.

record.

English Golf Championship. Dowling. Time: Two hours. Umpires: McDonald and O'Day.

Cleveland Does It Again.

CLEVELAND, O. May 7.—Both Baltimere and Cleveland played a stiff, steady game today, that is Baltimore did in all Ancient club by three holes up.

DRINK American water:

Sportsmen's Association Winds Up Its Annual Meeting at the Traps.

NEBRASKA CHAMPIONSHIPS ARE SETTLED

One Live Bird Event and One Target Race to Decide the Supremacy of the State for the Year

to Come.

The cracks in the tournament of the Nebraska Sportsmen's association did not cut quite so hot a pace yesterday. Eight target events were pulled off, but the averages were lower than on the preceding days. There was more interest displayed in the tourney, however, from the fact that two state championship events were pulled off and the best attendance yet attracted to the grounds was present. It was the last day of the tournament.

Frank Parmelee is the champion of the state of Nebraska at targets and James Smead champion at pigeons, as a result of the day's work. The former won a gold medal and the later a diamond badge as the emblems of victory. Besides this they also reaped a little piece of money apiece, but the cash prizes were cut up, as two men persisted in staying in for first money in the first event and three in the latter. In both races there were four moneys.

There were twenty entries in the target shoot, which was at twenty-five blue rocks, and the race was a pretty close one, despite the fact that only a half dozen came in for the money. At the end of the race Parmelee and Duer were tied and shot off.

Condition of Lincoln's Panks WASHINGTON, May 27.—(Special Telegram.)—The comptroller of the currency has received a report of the condition of the national banks of Lincoln at the close of business May 5. Compared with the previous report in February it is noted that the banks have materially strengthened their loans and discounts and individual deposits, while a shrinkage is shown in the holdings of gold coin. The current report shows loans and discounts to aggregate \$2,-005,944, against \$1,918,263 in February, Individual deposits in February were \$1,513,562, holdings of the banks have dropped from \$109,480 in February to \$92,215, while the average has increased from 29.79 per cent to 32.41 per cent.

The lassitude—weariness of mind and body—that marks the advent of spring, is a sign that your blood needs cleansing, that your system needs toning up. Nothing will do it better that HIRES Rootbeer. It is made of the blood-purifying, health-giving agents All . In the

(saraaparilla, juniper berries.) that have been prescribed as spring tonics for generations. No spring medicine could act more quickly upon the blood, nor do more permanent good than HIRES Rootbeer. Yet it isn't a medicine; -it's a beverage; the most wholesome, refreshing beverage that has ever been made. You can drink as much of it as you like-whenever you like. Everything in it is fresh and pure-distilled in sterilized water. Drink HIRES Rootbeer now and it will make you well; drink it all summer and it will keep you well. Package makes 5 gallons. No bother to make it. For sale by all dealers.

NOTICE TO DEALERS. Dealers who have not received Hires "Business Bringer," with a cut-out is 10 colors should send for one with our special profit offer; good only until June 1st, 1895. Write at once. It will pay you well. THE CHARLES E. HIRES CO., Philadelphia.

VOLUME OF TRADE REVIVING unimpaired.

Exports of Wheat and Corn Give Western Business a Boom

BIG INCREASE IN RAILROAD EARNINGS

In the Face of the War Trade of All Kinds is Improving and the Country is Generally Prosperous.

he California crop has been much damaged y want of rain. Starting this month with the greatest consumption ever known the iron industry has large financiers are disposed to pay more e surprising progress in new orders, attention to crops, the prospect of another the reached about 80,000 tons in bars, large year of railroad tonnage, and to the 50,000 having been placed at Chicago | favorable outlook which revived business made surprising progress in new orders, which reached about 80,000 tons in bars. end 15,000 at Wheeling, resulting from the extraordinary demand for agricultural implements. Heavy contracts for structural ork, including some from New York which have depended on action of the city government, amount during the week to at least 15,000 tons, with others reported at many vestern cities. Orders for plates, outside of the heavy demand by the government, are arge and include 1,800 tons for shipyards in Glasgow and Belfast. Many structural and bridge contracts at the west are pend-ing, with probability of large orders during

coming week. A better demand appears for textile goods, with a slight advance in print cloths and a substantial gain in sales of staples. Wool sales during the week have been only 7,348,500 pounds, of which 2,489,100 were domestic, against 6.842,400 pounds a year ago has changed its position and bought our and 4,211,000 pounds in the same week of stocks instead of selling them. Its change 1892. The manufacturers are largely sup- or attitude is due partly to the decline of and 4,211,000 pounds in the same plied with materials, although some who have heavy government contracts are obliged to buy different grades of wool than those they have in hand. Activity in the market is prevented by the fact that western hold-ers almost universally believe in higher prices than can yet be realized in eastern markets, so purchasing is very light. The silk mills are all busy and the coming linen manufacture is making a good record Failures for the week have been 245 in the United States, against 214 last year, and

twenty-one in Canada, against twenty-two BRADSTREET'S REVIEW OF TRADE.

olume of Business Equals That Usual et This Time of the Year.

NEW YORK, May 27.—Bradstreet's will say tomorrow: A total volume of business fully propor-tioned, and equal to or in excess of that usually note, at this season of the year, is indicated by reportes from Brodstreet's this week. The exceptions are generally where weather conditions have made for irregularagainst \$1,636,066 in the present report. Gold ity and perhaps duliness. In most sections beldiers of the backs have dropped from of the country the situation generally remains satisfactory. The volume of bank clearings, as was to be expected, shows the contraction usual toward the close of the menth of May, but the volume of railway erraings and the reports from a number of leading industries indicate a maximum busi-ness being done in most parts of the coun-try. The trade appears to come from the central vest and northwest, where the outboth as regards crop yield and prices continues eminently satisfactory to agri

cultural interests.

The wheat situation shows little change on the week, but this and next year's delivery appear to have parted company, as shown by the increased stringency of prices of wheat for immediate use, pointing to un-impaired strength in the near statistical position, while on the other hand the large

yield foreshadowed tends to easiness in the prices of next year's crop deliveries. The price of corn reflects less anxiety about the crop, induced by the return of weather favorable to planting and growth. Weather conditions do not favor the cot-ton crop, dry weather being complained of throughout most of the south Atlantic and culf states. The possibility of overselling cotton upon the realization of a large crop is reflected in the increased interest manifested in spot and August delivery cotton, the latter selling at a considerable premium over the sesson's delivery.

Reports from iron and steel industries are of large business done by the mills and furnaces. The demand for merchant iron and bars is reported good, the latter especially being a reflection of free buying by manufacturers of agricultural implements, who report heavy orders based on flattering cereal crop prospects. The market for pig iron is rather more quiet, and prices at leading centers show some shading, confidence in a

future large business, however, being as yet Signs accumulate that the long-looked for improvement in the wool trade is nearer realization, rather more business being reported at most eastern markets, both in do-mestic and foreign grade of wool. This, in

ecount of increased activity at western markets, where prices are reported firmer. Little improvement is noted in manufac-tures of men's and women's wear woolens, but there is a better tone in cotton goods, particularly prints, which are slightly higher

part, is a result of good buying against con-

tracts for government work, and partly o

on the week.

Cereal exports still continue unprecedent edly heavy, but shipments of the whole aggregate 40,139,933 bushels, against 40,064,000 bushels last week, 20,081,000 bushels this week a year ago, 20,064,000 bushels in 1896

and 2,426,000 bushels in 1895.

Corn exports are among the largest on record, aggregating 6,164,456 bushels this week, against 550,000 bushels last week. 2,085,000 bushels this week a year ago, 1,720, coo bushels in 1896, 1,040,000 bushels in 1895 and 812,000 bushels in 1894. Business failures in the United States this week number 231, an increase of twenty over last week, but compared with 257 this week a year ago, 227 in 1896 and 183 in the cor-

responding week of 1895 and 1894. Business failures in Canada this week number eighteen, only one-half those of last week, and compared with twenty this week a year ago, twenty-five in 1896 and thirtysix in the corresponding weeks of 1895 and

REVIEW OF THE STOCK MARKET.

Bullish Sentiment Prevails Through-

out the Last Week. NEW YORK, May 27.-Bradstreet's Financial Review tomorrow will say: Irregularity in the movement of prizes this week has been attended by considerable bullish sentiment and continued ac tivity. The war continues to be the principal speculative factor, and in a large degree restricts the market by rendering the outside public unable to take part in it until

This has left the matter in professional \$1.56 to \$1.66 for May, fell to \$1.46 on Friday, while July options fell 11/4 cents. hands. Although the rank and file of the Wall street traders are at present bullish Official and other accounts agree in esti-acting that the wheat yield will be remark-that accidents of an unfavorable character ably large this year in spite of the fact that in the conduct of the war might cause degood as settled at present.

there is further and decisively favorable

activity creates for the individual proper-ties. The advances in the grangers and local traction securities were the result of influences entirely outside of war developments. In the first named case the increase in the Rock Island dividend, and the probability of an extra one, was the moving fac-tor in prices, and in the latter instance rumors of a connection between the Metro-politan and Third Avenue companies were

to influences on their bearings.

The rapid and rather excited advance on Tuesday, was the result of reports current both here and in London to the effect that our fleet had met and demolished the Span-ish squadron in the West Indies. It will be noted that this week Londo

sufficient to advance both stocks. Other parts of the list also moved in obedience

the money market there and a feeling about the relations between England and the continental powers. The exchange of rates here seems natural and made little impression on the stock market, while easy rates on money are an encouragement for holders of stocks and tend to emphasize the firmness with which the market resists bearish pressure or fails to respond to unfavorable reports. It is true that on Wednesday there was a fail in prices, but this was mainly the liquidation of small professional holder, who brought on Tuesday's reports of a victory which failed to be confirmed. On the other hand the bears as a class

have been cautious in their operations, and the underlying tone of the market continues to be one of strength. It closed Friday at concessions from the best price of that McNutt Gets Two Years. PIERRE, S. D., May 27 .-- (Special Telegram.)—Judge Campbell tonight sentenced Frank McNutt to two years in the penitentiary on a charge of grand larceny. This

case is of general interest from the fact that McNutt was accused of being one of the leaders of a band of rustlers with rendezvous all along the river and the chase after him was continued for practically two years before he was finally captured in Chicago.

Certifying to the Age and Purity of the Whisky. NOTE .-- It is the Government's Guaranice that goes with this bottling. See that the name W. A. GANES & CO. is printed on the stamp.

There is not a remedial agent in the world that will cure fever and ague and all other malarious, billious and other fevers, aided by RADWAY'S PILLS, so quickly as RADWAY'S PREADY RELIEF, 50c a bottle soid by druggists.

Radway & Co., New York City. 55 Elm St

Scentleian is rapidly passing away

How many thousands are suffering today with various diseases such as Rheumatism, Dyspepsia, Catarrh, Indigestion and many other "ills that flesh is heir to"? Confess other "ills that flesh is heir to"? Confess now have you not been a medicine taker for years, if not all your life, and can you honestly say that you have received sermanent good from all the cures you have tried? There is a physiological cure. VITAL MAGNATISM is no longer an experiment. We use NO DRUGS. We claim that the relief from pain is immediate and that the improvement in strength and flesh and color is speedy. Magnatism charges, polorizes and magnatizes the blood, the blood charged with magnatism soon imparts new life action and power to the nerves and a complete cure and restoration is soon obtained. We treat you and you are thereby taught to treat yourself. We throw open the doors of health to you. No prescriptions to pay. No medicine to buy. Consultation free.

Prof. J. H. Canthon.
