WASHINGTON, May 27 .- The Canadian egotiations were resumed at the State department today. An understanding has been reached that the details of the negotiations will not be made public until definite results are obtained. In a general way, however, it is stated that the spirit prevailing at the conference gives better promise of an agreement than ever before. This is due largely to the recent expressions of cordiality between Great Britain and the United States. It has found expression in several ways since the conference began. The words of greeting by President McKinley to Sir Louis Davies, when presented to him, are

* 9:05 am * 5:40 pm • 6:30 am Last evening the British ambassador and Sir Louis met a number of representative public men at General Foster's house, including Secretaries Alger and Wilson and Senators Frye and Lodge. Although a social gathering, there were opportunities for exchanging views on the growing good will between the English-speaking people on both sides of the water. It is said that the Canadian people fully share in this growing good will and that when a member of the Canadian Parliament made a speech the other day, incidentally casting a reflection on this country, the two party leaders, Sir Wilfred Laurier, premier and liberal leader, and Sir Charles Tupper, conservative leader, at once rebuked the member for this expression, their remarks being greeted with enthusiastic cheers from both sides of the house. This, it is stated by the officials here, is characteristic of the present sentiment prevailing in Canada. Thus far the Canadians have not taken official cognizance of the presence of Senor du Bosc, the former associate of Senor Polo in the Spanish legation here, but there is reason to believe that if Mr. du Bosc and those with him at

of asylum, they will be called to accoun and made to discontinue their operations.

CHICAGO, ROCK ISLAND & Pacific Railroad—"The Great Rock Island Route" City Ticket Office, 1323 Farnam Street, Telephone 423. Depot, Tenth and Mason Streets, Telephone 529. ST. LOUIS, May 27.—The Insurance Association of the Brotherhood of Locomotive Engineers has completed its business, finally adopting the report of the committee on by-laws, which changed the rules of the association, which was necessary in order that it might not conflict with the Ohio laws, under which the association is registered. The question of abolishing the indigent fund was deferred until the next biennial meeting, in 1900, when it will be voted upon by the full membership of the insurance association. After passing a resolution to meet next at the time and place which should be selected by the Brother-hood, the biennial session of the insurance

association adjourned sine die.

When the regular sessions of the convention of the Brotherhood were resumed a number of communications were read askir; for consideration in the distribution of the \$45,000 charity fund. All of these communications were referred to the executive committee, which will make its report before the close of this biennial session.
