

CATARH OF STOMACH.

A Pleasant, Simple but Safe and Effective Remedy for It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, feeble appetite, nervousness, and a general played-out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure for this common and obstinate trouble is found in a remedy which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and efficient digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet composed of the finest pepsin, a little nux, golden seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine, they are perfectly safe and assure that healthy, hearty and thorough digestion will follow their regular use after meals.

Mr. N. J. Hoehner of 2719 Dearborn street, Chicago, writes: "Catarh is a local condition, resulting from a reflected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom, passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarh of the stomach, without cure, but today I am the happiest of men, after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found my appetite and good rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation, and the most convenient remedy, for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn, and bloating after meals.

Send for little book, mailed free, on stomach trouble, by the inventor, Marshall, Mich. The tablets can be found at all drug stores.

PECULIAR FACT.

Thousands of People Have Dyspepsia in Its Worst Form and Do Not Know It.

A weak stomach is the cause of about nine-tenths of all diseases, yet in most cases the wrong thing is treated and the true cause overlooked. This is because a weak digestion produces symptoms resembling nearly every disease, because it weakens and disturbs the action of every nerve and organ in the body; poor digestion causes heart trouble, kidney trouble, lung weakness, and, especially nervous breakdown or nervous prostration, the nerves cannot stand the wear and tear unless generously fed by well-digested wholesome food.

Keep the digestion good and no one need fear the approach of disease. Mrs. H. M. Lee of Rochester, N. Y., writes: "For the sake of suffering humanity, I would like to see every man and woman who has a very weak stomach; throw up my food very often after eating, and after a few years nervous dyspepsia resulted, and for more than twenty years I have suffered incessantly. I have tried many physicians and advertised remedies, with only temporary relief, for nervous dyspepsia, and not until I commenced taking Stuart's Dyspepsia Tablets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach—in short, chronic nervous dyspepsia. I have recommended Stuart's Dyspepsia Tablets to many of my friends, and now I can say with confidence that it is the safest, pleasantest, and, I believe, surest cure for stomach and nervous troubles. I write my honest opinion and I will gladly answer any letter of inquiry at any time, and feel that I am, in a small way, helping on a good cause."

Stuart's Dyspepsia Tablets are not a patent medicine, but are composed of the finest fruit salts, digestive acids, and peptones necessary to help the weak stomach to promptly and thoroughly digest its food.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full-sized package, and any one suffering from indigestion, sour stomach, heartburn, acidities, gases, belching, etc., will find them not only a quick relief, but a permanent cure. Send to Stuart Company, Marshall, Mich., for a little book describing cause and cure of stomach troubles, giving symptoms and treatment of the various forms of indigestion.

GRATIFYING RESULTS.

Interesting Experiments With the New Stomach Remedy—Not a Patent Medicine, but a Safe Cure for All Forms of Indigestion.

The results of recent investigation have established beyond question the great value of the new preparation for indigestion and stomach troubles. It is composed of the digestive acids—pepsin, bismuth, golden seal and similar stomachic—prepared in the form of 20-grain lozenges, pleasant to the taste, convenient to carry when traveling, harmless to the most delicate stomach, and probably the safest, most effectual cure yet discovered for indigestion, sour stomach, loss of appetite and flesh, nervous sick headache, palpitation of the heart, and the many symptoms arising from imperfect digestion of food. They cure because they cause the food to be promptly and thoroughly digested before it has time to sour, ferment, and poison the blood and nervous system.

Nature has but one way to increase flesh, strength, and vigor of mind and body, and that is through the stomach by which the food is properly digested. There is no reason of common sense in any other method whatever.

People are thin, run down, nervous, pale and shaky in their nerves simply because their stomachs are weak. Stuart's Dyspepsia Tablets, which are designed especially for such cases, will cure the stomach, and give the system a new lease of life. They are manufactured by Stuart Company, Marshall, Mich. Four druggists are given, not only the only preparation now before the public recommended and designed solely for the cure of indigestion and stomach troubles, but also the only one which is not claimed to be a cure all.

Within the last six months many thousands of cases of stomach trouble and dyspepsia have been cured by Stuart's Dyspepsia Tablets, and their convenience and popularity are such that druggists everywhere are now selling them. The price is 50 cents per package, and if your druggist has not ordered them, he has not ordered them from your wholesaler. They are manufactured by Stuart Company, Marshall, Mich. The New Discovery, Stuart's Dyspepsia Tablets, Gives Good Digestion to Everybody.

Many persons suffer from dyspepsia and do not know it. They feel mean, out of sorts, peevish, do not sleep well, do not have a good, keen appetite, do not have the inclination and energy for physical or mental work they once had, but at the same time do not feel any particular pain or distress in the stomach. Yet all this is the result of poor digestion—an in-

only be cured by a remedy specially intended to CURE IT.

Stuart's Dyspepsia Tablets by digesting the food instead of mind the work-out of the stomach. If you are not cured by the natural result.

When you are nervous, run down, and sleepless don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve tonics, which make you feel good for a little while, only to fall further than ever.

Your nerves are all right, but they are STARVED; they want FOOD. Nourish them with wholesome, everyday food, and PLENTY of it, well digested, and you can laugh at nerve tonics and medicine.

But the nerves will not be nourished from the food unless the work-out of the digestion has been made perfect by the use of this great remedy all nervous symptoms disappear.

Who ever heard of a man or woman blessed with a vigorous digestion and good nerves, who treated with Stuart's Dyspepsia Tablets? They certainly strengthen the stomach and digestive organs, but they can't help but do it, because they create a healthy appetite, increase the food eaten and rest the stomach.

You get NOURISHMENT and REST at one time, and you get it in a way that is all the worn-out, dyspeptic NEEDS to build him up and give new life to every organ of his body.

Stuart's Dyspepsia Tablets is a godsend to the army of men and women who are suffering from indigestion and stomach troubles. It is so cheap that the poorest can receive its benefits, costing but 50 cents a package.

It is prepared by the Stuart Chemical Company of Marshall, Mich., and any druggist will sell it for you. If you are troubled with any stomach trouble you can fill afford to be without it.

40,000 PHYSICIANS Use the New Preparation for Dyspepsia and Stomach Troubles.

Not a Secret Patent Medicine, but a Cure for Every Form of Indigestion.

It has been stated recently that not less than 40,000 physicians are using or endorsing the new discovery for indigestion of Stuart's Dyspepsia Tablets. Dr. Tomlinson gives the following reasons why physicians regard the new remedy with such favor:

First, because it is NOT a secret patent medicine, but a scientific combination of vegetable essences, pure peptic pepsin, free from animal impurities, and of very high digestive power, bismuth, and golden seal.

It has been tested repeatedly and the experiments have proved that one grain of the digestive principles in Stuart's Dyspepsia Tablets will digest three thousand times its own weight of lean meats, eggs, oatmeal and similar wholesome foods.

The tablets act wholly upon the food taken into the stomach, digesting it thoroughly, no matter whether the stomach is in good working order or not, and cure all eating and again after long years can sleep on the common sense plan that they nourish the body and rest the stomach at the same time.

Stuart's Dyspepsia Tablets do not act upon the bowels, like the pills used after dinner pills, nor are they an artificial stimulant, like "stomach bitters," nor are they in any way similar to so-called pre-digested foods, which consist of 85 per cent of "glucose," the stuff that cheap candies are made from, but Stuart's Dyspepsia Tablets do what none of these do—they act wholly upon the food eaten and digest it completely and the cure of indigestion is an assured fact, because, if the food is properly digested, it cannot lie for hours in the stomach, and the system with which it is assimilated, nourishing and invigorating, not only the body and brain, but the stomach itself as well.

The tablets are absolutely harmless, and can be given to the youngest child, to little children and infants suffering from indigestion, and to the aged, who are so prone to mineral poisons, nor anything in any way injurious.

Dr. W. H. Hoehner has noticed in many cases that the tablets not only cure indigestion, but that a very noticeable increase of flesh results, and he has used the tablets very often, and it is not at all surprising that such should be the case, when it is remembered that most people are thin because their stomachs are out of order, and when perfect digestion is brought back an increase of flesh is the natural accompaniment.

Within the last six months many thousands of cases of stomach trouble and dyspepsia have been cured by Stuart's Dyspepsia Tablets, and their convenience and popularity are such that druggists everywhere are now selling them. The price is 50 cents per package, and if your druggist has not ordered them, he has not ordered them from your wholesaler. They are manufactured by Stuart Company, Marshall, Mich. ANGER IN SODA.

Serious Results Sometimes Follows Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach—a habit which thousands of people practice almost daily, and one which is fraught with danger. Moreover, the soda only gives temporary relief and in the end the stomach gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels, and the cases on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlanston recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large, 20-grain lozenges, very pleasant to taste and contain the natural acids, peptones, and digestive elements essential to good digestion.

They digest the food perfectly and promptly before it has time to ferment, sour and irritate the stomach. A quiet meal at a certain cure, not only for sour stomach, but by promptly digesting the food, they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness, and will be found reliable in any case.

PECULIAR REMEDY.

Something About the New Discovery for Curing Dyspepsia.

The Rev. F. I. Bell, a highly-esteemed minister, residing at Weedsport, Cayuga Co., N. Y., in a recent letter, writes as follows: "There has never been anything that I have taken that has relieved the dyspepsia, from which I have suffered for ten years, except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating, and again after long years can sleep on the common sense plan that they nourish the body and rest the stomach at the same time."

Stuart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but because it seems to act as thoroughly in old, chronic cases of dyspepsia, as well as in mild attacks of indigestion and biliousness. A person has dyspepsia simply because the stomach is overworked. All it needs is a harmless vegetable remedy to digest the food, and thus give it the much-needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much diseased the digestion may be, Stuart's Dyspepsia Tablets will digest the food, whether the stomach works or not. New life and energy are given, not only to the stomach, but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical. Stuart's Dyspepsia Tablets will cure all stomach troubles, and cure all eating and again after long years can sleep on the common sense plan that they nourish the body and rest the stomach at the same time.

PRESIDENT CHRISTIAN ENDEAVOR UNION, ST. LOUIS.

Mr. Judson A. Stanion, who for many years has been actively identified with Church and Sunday-School work and the organization of City Missions in St. Louis, is a prominent young business man, being engaged as special agent for the Aetna Life Insurance Company, 508-511 Odd Fellows' building.

As President of the St. Louis Christian Endeavor Union, he covered himself with glory by conducting the immense excursion of that organization to San Francisco last summer. He is also Chairman of the Special Committee on Missionary Exhibits for the May Day Festival of the Sunday-Schools of St. Louis, which was held under the auspices of the St. Louis Sunday-School Union, at the Fair Grounds early in May, a feature of which was the grand chorus of ten thousand voices. Regarding the value of Stuart's Dyspepsia Tablets, he says:

"I have had to be extremely careful what I ate. Many things were indigestible, and after a hearty dinner I could scarcely keep awake. I never have been sick in bed, but have had a great deal of inconvenience from indigestion. Since I learned of the merits of Stuart's Tablets I keep them in my desk or carry them in my pocket, and find that I can eat anything at all without discomfort. They were recommended to me by a friend who is enthusiastic in their praise. I cannot afford to be drowsy after lunch, and find these tablets just the thing to assist digestion and keep all my faculties wide-awake."

GETS THE POISONS MIXED

Tailor Goes for Alcohol, But Drinks Corrosive Sublimates.

AWFUL BLUNDER OF JOHN A. WESTBERG Mistake in Selection of Bottles Causes His Death—Lincoln People After the State Republican Convention.

LINCOLN, May 30.—(Special.)—John A. Westberg, living at 44 South Thirteenth street, drank corrosive sublimate yesterday afternoon, mistaking it for alcohol, and died from the effects of the poison. He had gone into a dark closet to take a drink from a bottle of alcohol and by mistake drank from the wrong bottle. Medical aid was of no avail and he died in great agony. Westberg was a tailor employed by Paine & Warfel and had steady work. The coroner made an investigation last evening and decided that the taking of the poison was purely accidental and not with suicidal intent.

A number of prominent people of Lincoln are devising plans to secure the republican state convention for this city, and a committee with that end in view will attend the meeting of the state central committee at Omaha tomorrow evening. A quiet meeting was held at the Lindell hotel Saturday evening to decide upon the course to be pursued. The greatest drawback to Lincoln as a convention city is the fact that there is no hall large enough to hold the delegates conventionally. Earlier in the year it was hoped that the new auditorium would be ready for the conventions, but there is now no prospect that the new hall will be built before next spring.

Work will be commenced this week on erecting a new building to be erected by L. C. Richards on the corner of Eleventh and O streets to replace the block burned down about six weeks ago. The new structure will be four stories in height and will be built on modern plans for a first-class office building. The Lamaster building, which was also damaged by the fire, is undergoing repairs. The Davis building, which stood alongside the Richards block and which was totally destroyed, will be rebuilt before winter.

Memorial Day Services. Memorial day was observed in a fitting manner here today by most of the residents of the city. Business was suspended more generally than ever before and all united in doing honor to our departed soldier heroes. The program commenced at 2 o'clock, when the procession moved to Wyuka cemetery. A detachment was also sent to St. Theresa's cemetery to decorate the graves of soldiers buried there. The Davis building, which stood alongside the Richards block and which was totally destroyed, will be rebuilt before winter.

At the stand Mrs. Cotter sang "The Star Spangled Banner," while the flag was slowly raised to the top of the Grand Army of the Republic flagstaff. The address was delivered by Rev. H. O. Rowland of the First Baptist church, and it fairly bristled with the patriotic spirit of the times. After a benediction "taps" was sounded, and the crowd dispersed, each one present feeling a renewed love and loyalty to the flag of our country.

Members of the Christian denomination met at the conservatory of music building yesterday afternoon and organized the Central Christian church of Lincoln, and will hold regular services as soon as a pastor is secured. The officers elected by the society were as follows: Trustees, N. K. Griggs, Prof. F. M. Johnson, J. Z. Briscoe, G. B. Richardson; elders, J. Z. Briscoe, W. M. Plumb, E. Jeary; deacons, Por-

ter Hedge, C. R. Van Durn, J. M. Edmonstone, W. C. Lane and A. Bacon; deaconesses, Mrs. Martha Hedge, Mrs. N. A. Bacon.

The Sunday school of Grace Methodist church held a flag service yesterday. Among other things a complete history of the designing and making of our first flag was given. All music was of a patriotic nature.
