Merrimac in the Santiago channel:

Permit me to call your special attention to Assistant Naval Constructor Hobson. As AB DENVER, June 11-Orders have been restated in a special telegram before coming here. I decided to make the harbor entrance secure against the possibility of egress by Spanish ships by obstructing the narrow part of the entrance by sinking a collier at that which ceved at army headquarters for the dispatch of the troop of Colonel Torrey's rough riders, now at Cheyenne, to San Francisco, and Colonel Atwood, chief quartermaster of that point. Upon calling upon Mr. Hobson the department, has asked for bids from for his professional opinion as to a sure the railroads for the transportation. This method of sinking the ship he manifested order is taken as indicating that the entire the most lively interest in the problem. regiment is to be sent to the Philippines. the most lively interest in the problem After several days' consideration he presented a solution which he considered would insure the immediate sinking of the ship when it reached the desired point in the channel. This plan we prepared for exe-cution when we reached Santiago. The The regiment is not yet fully equipped and provided with horses, but the several troops will be forwarded as fast as they are ready.

plan contemplated a crew of only seven men and Mr. Hobson, who begged that the task might be entrusted to him. The anchor chains were arranged on deck for both the anchors, forward and aft, the plan including ribbed lisle vests-

he anchoring of the ship almost automat ically As soon as I reached Santiago and I had the collier to work upon, the details were com-pleted and diligently prosecuted, hoping to complete them in one day, as the moon and tide served best the first night after our ar-

rival. Notwithstanding, the hour of 4 o'clock in the morning arrived and prepara-tions were scarcely completed. After a careful inspection of the final preparations I was forced to relinquish the plan for that 15c; 20 and 22, 18c; 24 and 26, 20c; 28 morning, as dawn was breaking. Mr. Hobson begged to try it at all hazards. ankle length drawers to match, 25c

This morning proved more propitious, as prompt start was made. Nothing could ave been more gallantly executed. We waited impatiently after the firing by the And then he went on to make his talk Spaniards had ceased. When they did not about minors leaving the room, the impendreappear from the harbor at 6 o'clock 1 feared that they had all perished. A steam launch, which had been sent in charge of Naval Cadet Powell to rescue the men, ap-

peared at this time, coming out under a persistent fire of the batteries, but brought none of the crew. A careful inspection of the harbor from the ship showed that the tucks, square neck embroidery and lace trimming, at 59c each. vessel Merrimac had been sunk in the chan-

quite," answered Maude. The Omaha man This afternoon the chief of staff of Admiral Cervera came out under a flag of truce with a letter from the admiral ex-tolling the bravery of the crew in an unthing, and put up his extra dime. When all had paid the 10 cents the call was repeated, "Are you ready, Maud?" "Yes," answered Maud, "let her go." The curtain usual manner. I can not myself too earn-estly express my appreciation of the con-duct of Mr. Hobson and his gallant crew. was drawn and there stood Maud in a very neat bicycle suit, such as every woman in I venture to say that a more brave and daring thing has not been done since Cush-ing blew up tha Allemarle. Referring to the inspiring letter which had been ad-dressed to the officers at the beginning of the war, I am sure you will offer a suit-able professional reward to Mr Hobson and Omaha who rides wears when out for a spin.

seasch of the year around Havana and Matrnzas. In fact, I am about convinced that unless Havana, in the meanwhils, cap ituates from lack of ford, no troops will be landed in that province before the month

of October or November. Around Santiago the conditions are dif-ferent. The country all about is hilly and much more healthful and by utilizing the several thousand income several thousand insurgents in the neighbor-hood for the purposes of garrisoning the city, after its capitulation, the American troops could be safely encamped all sumunder decidedly more advantageous mer. conditions than at Chickamauga or Tampa. From the point of view of a Cuban, this pacific blockade, especially if kept up all

for the very purpose of saving these people, why should American troops not be immediately landed on the island, even if they do run the risk of a high death rate from

limatic conditions, etc? On the other hand, as Americans, we are justified in reasoning the matter. We are certainly not prepared for such an under-

taking. Our soldiers, mostly men who were only yesterday clerks and mill hands, are only yesterday clerks and hitt humas es-tot even supplied with one of the most es-sential and vital things for a summer cam-paign in the tropics, and that is, suitable lothing. In such an undertaking we know the cl mate does not influence mortality as much as dehcient preparation and lack of organization; therefore, let us take into consideration the lives of 20,000 or 30,000 Amer-icans, as against these unfortunates, who perhaps, are already beyond any human aid. This pacific blockade will certainly force Havana to capitulate long before October, and by that time we shall have a thoroughly trained and properly equipped body of

roops. Leaves for Manila Next Tuesday, SAN FRANCISCO, June 11.-Major J. C. Bell, engineer officer of Major General Merritt's staff and chief of the bureau of informa tion of the Manila expedition, this morning received orders to leave for Manila on Tuesday. He will depart on the first transport

nsists that His Full Quota of Twenty Thousand Be Forwarded at Once.

SAN FRANCISCO, June 11 .- Major General Merritt wants more troops. He is now n communication with Washington on the

subject, and hopes to receive word in a few hours that the additional forces have been granted him and have been started on the

That he wants them in a hurry is suggested by the fact that it is known that he contemplates leaving for Manila in about ten days from next Wednesday, and is desirous that his forces shall precede him to the Philippines.

With the troops that arrived yesterday and today he has a force of about 16,000. From good sources it is learned that dur ing the last twenty-four hours he has been in communication with the War department and has finally demanded that the full quota of 20,000 specified by him be filled.

REPORT AMERICAN REPULSE

Blanco Says Attempted Landing Packed by the Fleet, Was Frustrated at Santiago.

MADRID, June 11.-An official dispatch re ceived here from Havana dated Friday, June 10, says: This morning eight of Admiral Sampson's ships recommenced the bombardment of Santiago de Cuba. At the same time a number of boats, towed by a steamer, approached and attempted to make a landing. The cannonade lasted The Spaniards, skillfully three hours. posted, repulsed the attempted landing and the Americans drew off. No damage was caused by the shells from the ships, which kept distant, evidently afraid to venture within range of the guns of the forts.

poem upon "The Birth of the Water Lily," The distribution of new uniforms to the Montana men has begun and the command by Miss Marion Reed. It was an imagin ative tale of an Indian romance and was told will be completely equipped in a few days. The Washington volunteers are now fully in a most graceful manner. The "March equipped and ready to march at a moment's Characteristique" was then capably performed by Misses Nancy Dorsey and Vicnotice. toria Killen. Gerald Wharton, president of

Eastbound Freight Shipments.

the class, gave an interesting address upon CHICAGO, June 11 .- Eastbound shipments the "Sources of National Power," It was for the week amounted to \$2,335 tons, shown that national greatness was only posagainst \$7,294 for the week previous, and sible from a source of individual intelligence 58,333 last year. The Lake Shore led with and honesty. Our hope of perpetuity in 12,743 tons. Other lines carried: Michi-America, Mr. Wharton said, must depend gan Central, 10,814; Wabash, 5,208; Erie, upon the sober judgment and enlightened conscience of our citizens and on these, he Ohio, 7,073; Panhandle, 6,727; Grand 8,974; Fort Wayne, 8,592; Baltimore & added, we may always eventually rely. An Trunk, 4,992; Nickel Plate, 11,703; Big Four, advocate of Xantippe, the scolding wife of 1.628. Socrates, appeared in Miss Grace Porter,

Daily Treasury Statement.

for a woman whom history has misunder-WASHINGTON, June 11 .- Today's statement of the condition of the treasury shows: The oration of Charles Everts dealt with Available cash balance, \$190,022,414; gold the "American spirit of Fair Play," which reserve, \$166,802,393. he said, had been an underlying motive in

is far ahead of any blood remedy on the market, for it does so much more. Bo-sides removing impurities, and toning up the run-down system, it curce any blood disease, it matters not how deep-seated or penedies fail to reach. It is a real blood remedy for real blood diseases. Mr. Ass Smith, of Greencastle, Ind., writes: "I had such a bad case of Sciatio Rheumatism that I became absolutely hyself in any way. I took many patents endicines, but they did not reach my frouble. One dozen buttles of S. S. S. Sured me sound and well, and I now weight 10."
