BUCK KEITH TAKES A WHIRL TODAY

Will Try His Originals on the Babes and Thinks He Can Show the Boys a Trick or Two.

Rain saved the Hoosiers yesterday. When the hour for calling the game arrived a steady downfall was in progress and as there seemed to be no likelihood of its letting up, the contest was postponed to some future and open date. The Indianapolis team left the city last night for Kansas City, where it will engage the Blues in a series of four.

The Brewers will be our next victims, but they will not be here until tomorrow. Today is an open date on the Omaha schedule and to fill in the Babes will tussle with the Originals. Manager Keith has it in his head that he stands a good show of winning. The two teams will commence the fracas at 3:30 o'clock in the following order:

Idnho Populists at Outs. BOISE, Idaho, June 14 .- (Special.)-The lifferences between the two wings of the populist party have been brought to a head by a letter addressed by M. H. Jacobs, secretary of the state central committee, to members of the committee. The populists called their convention without consulting either the democrats or silver republicans. Moscow was selected as the place, and August 8 as the time. The silver republicans and democrats, after consultation, called their conventions to meet in Boise, August 28. A large section of the populists desire to have their convention changed to the same time and place, but the middle-of-the road men oppose it. Mr. Jacobs, in his letter, suggests a meeting of the central

committee to make the change. Among other things he voices a sentiment that has been talked freely by those opposed to the middle-of-the-roaders. He says: "There seems to be no doubt but some move will be made whereby a large majority of the counties, if not all of them, will meet of August next, and the point I desire to make is this: If the state central commitee is in a position to advise with that meeting we can save our party from disruption. But if some of the party leaders go to Mosow and the body of voters come to Boise there is very serious danger that the latter, feeling deserted by the leaders, will, to some other branch of the silver element. The Sentinel of this city (middle-of-theroad), which is Senator Heitfeld's paper scored Jacobs for his letter and its article, in confunction with Jacobs' letter, indicates

that the fight is on to the death.

Young Men Land in Jail at the Instance of the Omnha Police Force.

About twenty-five young men from other cities who drifted into Omaha to secure is a mudhole of the worst sort at the pres employment either in the city or at the cut time, and the owners of abutting propexposition are locked up at the central sta- erty are complaining bitterly at this con tion charged with being either suspicious dition of affairs. Under the pretext of round characters or vagrants. Before this was to tell where their permanent place of abode done the street was in good shape and the simply because they had just enough means is a big mudhole. Protests were made at

litigation, consequently dealers in bonds are straightforward young men. They chanced and Swift, was taken to a private asylun to pass one of Chief Gallagher's guardians yesterday, where she will undergo a treattions caused them to be arrested. At the about a bonfire. Ever since this unfortunatstation they were denied communication occurrence Mary's mind has been weak-

them out. The city is full of foreign crooks whose faces plainly show their vocation, but the recover police of Omaha evidently are not readers of character. Their method of spotting crooks where Mr. Miller was they found one of is by the clothing. If a man be poorly dressed he is at once suspected of being a crook. That is the reason so many poor working men fall into the police dragnet.

SOUTH OMAHA NEWS.

County Attorney Patrick of Sarpy county has made a move toward abating the Mud creek nuisance. For years the people living along this creek have petitioned the city council of South Omaha to compel the packing houses and stock yards to cease using the creek as a sewer and a number of investigations have been ordered. These socalled investigations never amounted to anything and the nuisance has continued unabated. County Attorney Patrick, at the request of Sarpy county residents, has sent a letter to Swift and Company calling atgale of Chicago and Alice Asbury Abbott of tention to this nuisance and stating that forbearance had reached its limit. Mr. Patrick wrote Swift and Company that unthe nominations being made by acclamation less the use of the creek for a sewer was discontinued within a reasonable time he A speech by Senator Mason and a letter would commence action against the confrom Senator Cullom, in which the war was corn. Omaha attorneys are now drawing papers for several of the farmers who live along the creek for the purpose of comform, which commends the policy of the mencing suit to recover damages caused by national administration before and after the this muisance. The action taken by Mr. outbreak of the war, and declares "the United Patrick in connection with the Swift plant States should hold such possessions in the will be repeated with the stock yards comparties interested will be notified and then the city, looking up exposition matters. and that all the conquered possessions should if no attention is paid to the notices action The expense of building a sewer from the

the navy and urges the completion of the south end of the Swift property to the river would be about \$80,000 and the packers and yard company naturally hesitate chout incurring this expense. The city is now paying for a portion of the cost of one sanitary sewer, which was built for the benefit of the packing houses and stock yards and Mayor Ensor said yesterday that he would not allow another deal of the kind to go through while he was the chief executive Maude Lipp of Pawnee City are the guests of Mr. W. Cuts Off School Improvements.

President Lott of the Board of Education said vesterday that on account of the decrease in the valuation as returned by the assessors many of the proposed improvements would have to be abandoned. The money derived from the liquor licenses will be reserved to pay the teachers and it was the intention to expend the revenue obtained from the annual levy in erecting new the Nebraska Press association, added life buildings and making some additions. Bids to the crowd at the exposition yesterday. are now being advertised for the Highland school and the addition to the Lincoln school. These buildings will have to be erected, the estimated cost being \$9,000 and \$8,009 respectively. No addition to the Brown Park school can be built, neither can a school house be erected at Thirtyninth and X streets as was intended. Eight to provide for the Highland and Lincoln schools and this will cause the expenditure of what money is left after the erection of these two buildings. For the school year just closing the running expenses amounted to \$62,000, while the revenue this year will not reach this amount. The utmost econ- Watson of Boone are state guests at the omy will have to be practiced in order to Barker. make both ends meet. Thursday evening the Board of Education will meet in adjourned session for the purpose of going through the form of making the annual levy, although it has virtually been arranged that a 20 mill levy will have to be made. It is expected that at this meeting a number of teachers will be employed, in addition to

the thirty retained at the last meeting. Jail Deliveries Become Common. People are beginnig to wonder when the jail deliveries, which have occurred lately with surprising regularity, will cease. Only two weeks ago two prisoners held for fleecing a stranger were turned loose and now comes a batch of seven getting away in one night and through a hole less than a foot square. When told about the alleged escape yesterday Mayor Ensor had nothing to say for publication. It is stated by those in a position to know that the discipline of the present force is worse, if such a thing is possible, than before the commencement of the mayor's second term. When the "flimflammers" said goodbye and departed the mayor publicly called the attention of the committee on police to the matter and an investigation was ordered. One attempt was made to have a meeting of the committee and that was all. No tes ing under Cleveland's administration and timony was ever taken and after the ex citement died down the police committee gave up the idea of an investigation. It costs the city a great deal of money to keep the jail in repair and this expense, it is

stated, could be reduced to almost nothing if prisoners were locked in cells instead of being allowed to run loose in the bull pen

What a Relief It Would Be

To Feel That You Were Protected from Such Dangerous Diseases

As Cutarrh, Bronchitis, Asthma. Coughs, Colds, Pneumonia and Con-Sumption During the Coming Winter-That Such Protection Can Be Given is No Longer Doubted.

There is not a father, mother, sister or other throughout this country but who will admit that they have a dread of the coming winter, and fear that some of their family may become a victim of one of the above dangerous diseases. Yet this fear can be overcome and this feeling of dread changed to one of security and confidence, if they will accept the evidence of thirty-eight hundred octors, and the testimony of three hundred and twenty-seven thousand people, who have adopted the Australian Dry Air Treatment for these diseases. This new germicide, HYOMEL and the method of applying same, without the use of dangerous sprays, douches, atomizers or vapors, has accomplished more good in the way of preventing and curing remedies combined, as is shown by the fact that but forty-nine persons out of the thou-sands upon thousands treated have reported no benefit received, and the majority of these were persons in the last stages of con-sumption. In the face of such overwhelming evidence, is it any wonder that the R. T. Booth Co. claim their ability to protect the people from disease, and show their confidence in the new remedy by guaranteeing to refund the money in case of failure. "Hyomei" Inhaler Outfit, \$1.00.
