TEATE OF THE PARTY OF THE

WHITEWASH THE MILLERS

Omaha Takes a Little Vengeance on Gus Schmelz's Esquimaux.

PA FISHER'S TWIRLING DOES THE BUSINESS

Visitors Put Up a Lovely Fielding Game and Omaha Does a Little of that Also Just for Luck.

If the Babes had played as good ball against the Saints as they did against the Millers yesterday we would have copped out at least two more of the series. We skunked the Millers 7 to 0.

And the band of Esquimaux played a good fight, too, although they do caper around like a lot of old women. They put up a perfect fielding game to all intents and purposes, that one error by Letcher being a scratch and not affecting the score a particle. They could not hit, though, and Pa-Fisher let them down with only five singles, a couple being scratches and a brace of

The Babes were pretty much up to snuff themselves. They made a few errors, but these simply gave them an opportunity to display some mighty nice fielding. around it was a very pretty game of ball and was characterized with lots of fine field-

We won the game in the third and fourth by batting.

In the former after McCauley went out at first Fisher rapped out the first of a couple of two-baggers. He got to third on Flem's hit. Incidentally old "Search" Fleming is something of a runner, despite that ostrich gait of his. He whipped the ball down to McNeeley and the little twirler-shortstop got it on a pickup. He hesitated but a second, but that second was sufficient to allow Flem to perch safely on first bag.

Well, this scratchy sort of hit sent Fish around to third, and he scored on Ritter's passed ball. Eustace and Roat both went

Another little digression is due here on ball and the Colonels were lucky to get one ball and the Colonels were lucky to get one put Freddie Roat out and it was a warm field. Attendance, 1,690. Score: put Freddie Roat out and it was a warm one, for it spoiled what looked like another of the famous three-baggers. The ball was flying between left and right-in the right spot, you know-when Lally took after it. After leaping a dozen feet or so in the air he got the finger nails of his left wing in it and hauled it down. It was a circus catch. In fact, all three of Mr. Lally's outs were crackerjacks. He and Dixon easily carried off the fielding honors for the Millers.

Nalling it Down.

In the fourth round we cluched things after two men were out. Pick and Lyons both flied. Preston made a single, however, and Holly followed up with another. Both scored on McCauley's long drive, which was a safe one, and Mac also crossed the rubber on Fisher's second two-sacker. Fleming went out to Letcher.

With the exception of these two innings we had a man on second only once during the game. In the first Flem made a hit, but was killed at second. In the sixth Preston beat out a bunt, but died on first. In the seventh Eustace got his base on Letcher's error, but was left on second after purloining the bag. All the other innings were one-two-three. That's the sort of game the Miller boys

played. The Schmelzites got a man on bases in all but two innings. In only the third, fifth and seventh did these runners get beyond first, however, and in two of those innings it was only after two men were out. In the fifth, after McNeelev and Ritter went out at first, Phillippi got a base on balls and went clear around to third on Davis' single. but Letcher flied out to Pickering. In the seventh, after Dixon and McNeeley gave up their lives at first, both Ritter and Phillippi batted safely, but Davis flew out to

They came the closest to a score in the third and it was only Holly's haircurling act right here that made the game a shut

After Ritter died at first Phillippi got base on balls. Davis beat out a nice bunt and the bases were filled by Roat's fumbling Letcher's grounder. That looked mighty had, and worse yet when Lally came up and pasted the ball an awful swat. It looked like a straight hit as it flew between Holly and Lyons.

But Holly was johnny-on-the-spot. The rabbit jumped sideways about twenty

feet and managed to throw himself just high enough in the air to nip it with his left hand. Letcher was scooting down to second and before he knew what was up Holly had fired him out at first.

That sorter took the tuck out of the Mil-

> NEARING MIDSUMMER DULLNESS. Trade Conditions Good for This Season of the Year.

NEW YORK, June 24.—Bradstreet's will say; Reflection of the advanced stage of Early in the present week the speculation the season is found in a perceptible quiet-degenerated into a dull, professional affair, ing down of distributive trade in many Prices sagged off without much animation being shown and later on rallied under manipulation directed against the short in- periods of annual shut-down in many in dustrial lines, but significant of the changed conditions which animate and control toulterest which had apparently attained confavorable crop advices from the west and a belief that the expected fall of Santiago in the volume of bank clearings over near would lead to an early peace. There was a stronger tone appeared, due to the ness as compared with like periods in previous years, are the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the volume of bank clearings over near the continued large gains in the continued large gains would lead to an early peace. There was a lack of public president throughout most of the country's leading industries, notably iron and steel in which next year's and the market became more and more professional in character. The dullness and wage scales are being adjusted with unexampled ease, heavy exports of cereals and sagging tendency - ascribed to a number of influences. Probably all of them have other exports from most of the leading ports, and rather less than the usual shading of prices common at this season, as a result of the advance into the midsum-The centralization of attention upon the

mer period.
Following the demoralization in wheat prices has come a more steady tone and the growth of the feeling that perhaps the for railroad bonds has been exceptionally strong and that a good demand for investments has asserted itself, extending from the high grade bonds to issues of a secondary grade. The market, however, could hardly fail to be chilled temporarily at least by the approaching influence of the stamp duties of the control of the country and the result of moisture, the situation has a whole, rather improved. Less is heard about extravagant wheat yield estimates but trade opinion continues to predict a crop of wheat in excess of all and the stamp duties of the country and the country and the result of the result o "bear" movement in prices may be ove

The iron situation, while encouraging a far as present business is concerned, has not developed sufficiently to allow of any pronounced forecasts of next season's busi-uess. Concessions made by employers however, in this line, would seem to judicate confidence in a continuance in a large business at least at prevailing prices, which t should not be forgotten are in numerous instances higher than they were a year ago The tone of cotton manufacturing quite perceptibly improved, this being due perhaps on one hand to the placing of large amounts of bleached goods at price con-cessions and to the development in some degree of the delayed eastern demand. Business here in wool is classed as slow and unprofitable, with raw wool reflecting duliness in manufacturing and in un-changed eastern quotations.

hopeful feeling as to the result still under-lies the situation. On the other hand it would seem that speculative interests have ! Wheat shipments for the week aggre been somewhat discouraged by the declines are 3,799,480 bushels, as against 4,296,000 lin the price of grain and the conflicting accounts of the crop results and prospects.

The bull movement of prices during the last year has had for its foundation the last year has had year ago. high prices at which American breadstuffs sold and the heavy demand for them. Consequently the drop in prices and the persistent stories of damage to the crops have gregating for the week 3,902,521 bushes, against 4,160,000 last week, 2,281,000 bushels a year ago, 1,736,000 bushels in 1895 and 884,000 bushels in 1895. had more or less effect, particularly as they are accompanied by indications that

Business failures for the week in the United States are about nomal, numbering 220 as compared with 207 last week, 215 this week a year ago, 218 in 1896 and 215 in 1895.

Business failures in the Dominion Canada this week number nineteen, as compared with nineteen last week, seven-teen a year ago, nineteen in 1896 and twenhesitating tone the market assumed as soon ty-eight in 1895.

CUT THE COUNTY TAX LEVY

Commissioners Decide to Reduce the Annual

Impost Materially. bank clearings at eighty-nine cities for the TWO MILLS LESS THAN LAST YEAR

> Board of Equalization Raises the Total Valuation as Returned by the Assessors, Making the Figures \$21,000,000.

> The county commissioners were in con tinuous session from vesterday noon until after 10 o'clock last night. The lengthy session was for receiving and acting on the report of the Board of Equalization made on the assessment returned by the assessors. In reaching their conclusions, the county

commissioners equalized the total valuation of the property of the county at \$21,017,786. 4.9 an increase of \$45,692 over last year. They also increased the valuation returned by the assessors \$409,084. The valuations as equal ized are as follows: Lands, \$2,802,096; lots, \$14,244,266; personal property, \$2,853,413; railroads, telegraph and property assessed by the State Board of Public Lands and Buildings, \$708,906. The levy was made during the evening and was as follows: General fund, 9 mills; road fund, 2 mills; bridge fund, 2 mills; soldlers' relief fund, 0.3 mills; sinking fund, 2.2-10 mills, a total of 15.5 mills.

Last year the levy aggregated 16.7 mills, the excess being the Douglas addition fund, which is climinated this year by reason of the debt having been funded.

While waiting for the report of the Board of Equalization, Chairman Kierstead entertained his associates by reciting Will Carleton's poem, "The Lightning Rod Peddler. The board just before adjournment tendered a vote of thanks to Chairman Kier-

stead for the floral display he has gratu itously made in connection with the Douglas county horticultural exhibit at the exposition and which is shown in the Horticultural building on the Bluff tract.

MASONS INSTALL OFFICERS Four Lodges of the City Take Part

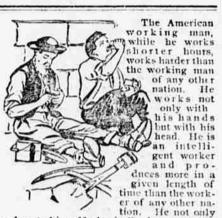

in the Installation Exercises. The four Masopic lodges of Omaha held a

joint installation of officers last night at Masonic temple, Dr. Daniel D. Mercer, past grand matter, having charge of the installation. The following is a list of the new officers: Nebraska Lodge, No. 1-Worshipful mas-

ter, Winfield S. Strawn; senior warden, William S. Heller; junior warden, George A. Day; secretary, William C. McLean; treasurer, Theodore Livingston; senior deacon, Fred J. Sackett; junior deacon, Harris J. Banker; senior steward, Leonidas H. Bradley; junior steward, Alonzo H. Peck-

W. T. Robinson; senior deacon, Charles E. Redwell: tunior deacon, William McQuairmed; senior steward, R. V. Cole; junior steward, Samuel S. Watt; tyler, W. R. Bell. Covert Lodge, No. 11-Worshipful master, Edwin R. Perfect; senior warden, James W. Maynard; junior warden, Tillman P. Shirley; secretary, Eben K. Long; treasurer, Henry C. Akin; senior deacon, James E. Anderson; junior deacon, Arthur S. Wolcut; senior steward, Edgar N. Boules; junior steward, Luther P. Hoyt; tyler, James S

Bennett. John's Lodge, No. 25-Worshipful ter, George T. Nichols; senior warden, John N. Neely; junior warden, Charles S parts of the country and accompany this Lebingier; secretary, Samuel D. Caldwell; have been at nouncements of the fixing of treasurer, William W. Keysor; senior deacon, Clyde W. Backus; junior deacon, Joseph L. Baird; senior steward, William Harris; junior steward, David Deegan; tyler, Frank

exhausts himself physically, but mentally; not only muscularly, but nervously.

The consequence is that while he is better fed and better housed, he is not, as a rule, as healthy a man as his brother working man of European countries. Moreover, like all Americans, the American working man is prone to disregard his working man is prone to disregard his health and frequently even takes pride in abusing it. It rests with American wives to abusing it. It resis with American wives to protect their busbands in this respect. A little watchfulness on the part of the wife will frequently save her husband from a long spell of ill-health and possibly from some fatal illness. When a man feels "out of sorts" it is because his digestion is dis-ordered or his liver is torpid. Dr. Pierce's Golden Medical Discovery will promptly correct these disorders. It is the great blood-maker and flesh-builder. It restores the appetite, makes digestion perfect and the liver active. It purifies the blood and the liver active. It purifies the blood and tones the nerves. It cures 98 per cent. of all cases of consumption, bronchitis, astlama, weak lungs, lingering cough, spitting of blood and disease of the throat and nasal cavities. Thousands have told the story of its wonderful merits in letters to Dr. Pierce. It may be had at any medicine dealer's.

"Your 'Golden Medical Discovery' cured me of a severe case of poisoning of the blood," writes Mrs. Selia Ricca, of Coast, Santa Cruz Co., Cal, "That was two years ago, and I have not had a boil or sore of any kind since."

It is as easy to be well as ill-and much more comfortable. Constination is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. Dealers in medicines sell them.
