

SMART SET HAS A BUSY WEEK

Society Kept on the Go During the Last Six Days.

OUT IN FULL FORCE AT CIRCUS AND RACES

Spent Moments Are Devoted to Doing the Many Conventions, the Excursions, the Expositions.

Omaha society during the last week might best be likened to a maypole, swiftly changing kaleidoscope. Beginning on Monday with the annual picnic to the races...

Society was out in full force at the circus. One of the well known young men was heard to remark on Sunday that he supposed he would have to go and take his kids, but as he was accompanied the day after by a charming young woman...

Some of the smartest summer gowns displayed this season were at the circus, many of them decidedly chic, these sheer filmy creations so much affected on hot days.

The red letter event of the week for the top set was the garden party given by the Riding club by Miss Mae Hamilton at her home Wednesday evening on their return from a twilight ride through the country lanes.

Here is an item about an Omaha society woman which is floating around the country in company with a portrait, having started in Chicago, and having already reached Cleveland Town Topics which illustrates the adage about going away from home to hear the news.

Omaha society to date is refreshingly represented in the puffed portrait of Miss "Jess" Dickinson, the only child of Mr. and Mrs. Edward E. Dickinson, who live handsomely on Park street.

Mr. Dickinson is the general manager of the Union Pacific railway and one of Omaha's foremost citizens. Miss Jessie is a graduate of the Omaha high school and a New York young ladies' finishing seminary.

Her social piquancy and popularity are pronounced. Her real life is enhanced by a dramatic genius that is constantly and delightfully exploited. Some of her friends are wont to call her the "Ada Bohne of Omaha," so realistic and efficient are her capital impersonations.

The local committee of the American Institute of Electrical Engineers entertained a select little card party on Tuesday at the club friends, and bills a party at the "Dickinson theater" as the handsome stone stable at the Dickinson premises is designated.

The reception and ball tendered the visiting homeopaths and their friends at the Millard last Monday evening was one of the successes of the season. The committee in charge consisted of Misses H. Connell and W. H. Hanchett. The Millard and all its retinue belonged to the homeopaths and it was brilliant with tri-colored lights, myriads of flowers everywhere.

Reception for the Doctors. The reception and ball tendered the visiting homeopaths and their friends at the Millard last Monday evening was one of the successes of the season.

Partridge-Comfort. Local society was interested in the marriage of Miss Mabel Frances Comfort to Mr. Arthur W. Partridge, which took place Wednesday at the home of the bride's parents, 1529 South Twenty-sixth street.

Weddings and Engagements. Mr. and Mrs. Louis Rothschild announce the engagement of their daughter Flora to Mr. Sol Goldstein.

Miss Addie Simonsen of Cork, Neb., was married to Mr. Alonzo D. Campbell of Douglas, Neb., in Omaha June 29.

On Wednesday, June 29, Mr. Gustaf E. Egnator and Miss Nellie Pearl Smith were married. Rev. Thomas J. Mackay officiating. Only the immediate families and friends of the contracting parties were present.

On Thursday evening, June 30, a very quiet wedding occurred at the residence of Mr. L. D. Carrier, a brother of the bride, 1514 Chadwick, when Miss Ida L. Picuring was united in marriage to Mr. Clarence Wells Chadwick, Judge Irving F. Baxter, a friend of the groom, officiating. The parlor and dining room were tastefully decorated.

Mr. F. T. O'Malley, of Denison, Tex., is a guest of his cousin, Mrs. C. A. Rutherford. Mr. Hanchett of St. Louis is the guest of his brother, Dr. W. H. Hanchett, last week.

Miss Mildred Levy, who has been attending school in New York, returned home last week.

Mr. T. Johnson is home from a tour through England, Scotland and the Shetland Islands.

and after the ceremony lunch was served. Sunday last, the very few of the intimate friends of the contracting parties were present.

The marriage of Mr. John B. Huber and Miss Grace E. Thomas, celebrated last week at the residence of Miss Kittie P. Distelhorst, 5911 Cass street. Only the immediate friends of the family were present.

The marriage of Miss Margaret Cunningham, daughter of Dr. Cunningham of this city, to Mr. Thomas B. Burt, celebrated last week at St. Leo's church, St. Louis. The bride had been the guest of her aunt, Mrs. Duane of St. Louis. They will be at home to their friends at 2024 Harney street.

Last Wednesday evening Miss Maty Boyer and Mr. Isaac Simpson were married by Rev. J. W. Wilson. After the ceremony refreshments were served at the home of the bride.

George J. Adams of Fullerton, Neb., was married to Ninette E. Forehand, daughter of Captain and Mrs. L. D. Forehand, 113 South Twenty-sixth street.

At the home of Mr. and Mrs. Carl Woodward, 2228 Lake street, Wednesday afternoon, Miss Edith May Kahne was united in marriage to Mr. Ralph P. Fales, Rev. L. Groh, pastor of St. Mark's English Lutheran church, officiating. The bride wore a gown of white tulle made over silk and carried a large bouquet of white roses.

PLANS OF MINING CONGRESS

Expectation that Two Thousand Delegates Will Go to Salt Lake.

TOPICS TO BE UNDER DISCUSSION

Many Subjects of Interest in the Western States—Visitors Will Be Welcomed—Also Planned.

SALT LAKE, Utah, July 2.—(Special.)—Preliminary indications point to the attendance of at least 2,000 accredited delegates at the International Mining congress to be held here July 6, 7, 8, and 9, with at least as many more visitors who will be present as spectators.

The delegate appointments to date number nearly 1,800, representing twenty-seven states and territories and 125 different communities. While the crowd promises to be greatly in excess of the local committee's expectations, ample provision has been made for such a contingency and everybody will be cared for. Ample hotel accommodations are available at fair rates.

The program just announced by the committee includes a number of social and pleasure-giving features, as well as the practical business affairs of the convention. It is expected that the first day, Wednesday, July 8, will be largely occupied with the organization of the body. The morning session, at 10 o'clock, will be devoted to an address of welcome by Governor Wells, the appointment of committees on credentials and permanent organization.

Wednesday evening the delegates and their ladies will be the guests of Saltair, the resort on Great Salt Lake, where a band concert, reception and dance will be given the visitors. All of Thursday's business sessions will be devoted to the subjects designated by the committee on order of business, and Thursday evening will be left open for such special entertainment as may be announced hereafter.

Friday and Saturday's business has been outlined by the local committee on program, but no announcement will be made until the committee on order of business has acted upon it. Among the subjects to be presented in papers prepared especially for the occasion by men of wide experience are the following: "Coal and Coke," "Advances in Methods of Concentration," "Relation of the Geological Survey to the Mining Industry," "Relative Merits of Cyaniding and Chlorination," "Mine Inspection," "History of Reduction of Smelting Costs," "Long Distance Transmission of Electric Power," "Fuel Cost in Pumping," "Carbide and Acetylene," "Copper," "Treatment of Low Grade Ores," "Copper," "Relations of Investors and Miners." All of these papers are ready or in course of preparation by men conspicuous for their knowledge of the subjects treated.

As they are presented they will be discussed by the congress, and it is expected the discussion will be of the highest quality.

prove of the greatest practical value to those interested. On Friday evening, July 8, a complimentary concert will be given for the congress in the famous Mormon Tabernacle by the Tabernacle choir of 1,000 voices, assisted by the Knights of Pythias band, an organization celebrated throughout the west for its excellence.

The same band will furnish music at all of the sessions of the congress and at the Saltair reception.

Unless a change is ordered by the congress, the selection of the next place of meeting will be left until Saturday, the last day of the session.

A number of interesting special trips have been arranged for the delegates by the railroads. The first of these is on Sunday, July 19, when two railroads will run special trains to Mercur and Tintic, on the great cyanide gold camp and the other a silver, gold, lead and copper camp, where mining is carried to great depths.

In both places committees will see to the entertainment of the visitors, and the mines will be open to inspection. On Monday an excursion will be run to Bingham and the visitors will be guests of the camp. The Highland Boy mine will be lighted for the occasion in all its workings by incandescent lights—affording an opportunity to study mining operations on a large scale under the best conditions.

There will be another excursion to Mercur. A number of inquiries have been received at headquarters as to whether any but delegates will be allowed in the convention hall during the congress, and whether any but delegates will get the benefit of the special rates. The railroad rates are open to everyone who attends the congress either as delegate or spectator. The congress is open to all, but only delegates will be allowed to vote.
