Contributors to Girls' and Boys' Building Reap Their Reward.

Just north of the main viaduct and half enclosed by the long colonnade that circles the head of the lagoon, a pretty white building arrests attention by its simple, but imposing architecture and the homelike atmosphere that exhales from its open portico.

The executive committee of the Woman's Board of Managers occupied seats on the platform, those present being Vice President Kimball, Chairman L. R. Harford, Mrs. Munro of South Omaha, Mrs. Kittie L. Dutton of Hastings, and Mrs. W. W. Keyser.

Mrs. Keyser spoke briefly and informally, welcoming the rising generation to the building they had assisted in erecting.

After twelve of South Omaha, a young man of about 21 years, recited a dialect selection entitled "How a Foreigner Saw the Fair," in which he gave good specimens of Italian, Irish, negro and Chinese dialect, winning great applause, which was long continued.

The music for the occasion was furnished by Miss Rogers of Omaha, who sang a number of selections, and the Pottawattamie quartette from the Old Plafitation, the latter singing a number of characteristic negro songs very effectively.

The proceedings closed by all singing the "Star-Spangled Banner."

SPAIN WANTS PEACE BADLY

Cabinet Has Decided to Take Immediate Steps to Secure It.

WILL TRY TO EXPEDITE NEGOTIATIONS

Minister of Foreign Affairs is Busy Preparing Statement of Conditions to Which Spain Could Agree.

(Copyright, 1898, by Press Publishing Co.) LONDON, July 14.—(New York World Telegram—Special Telegram.)—The Daily News' Berlin dispatch says: A private telegram from Madrid states the Spanish cabinet is determined to conclude peace, and M. Gamao and Duke de Almodovar, minister of foreign affairs, are preparing a report stating conditions to which Spain would agree.

The Daily Telegraph's Madrid correspondent says the Spanish cabinet will not ask for armistice. Peace will be solicited from the very first and the government will leave nothing undone to expedite negotiations and conclude a peace treaty with the least possible delay.

Peace Feeling Grows.

LONDON, July 15.—The Madrid correspondent of the Times said: The feeling for peace is growing daily. The Chamber of Commerce has received telegrams in this sense from Cadiz, Vigo and other towns.

The government maintains reserve. The Duke Almodovar de Rio, the foreign minister, only desires authentic information of what the American government intends to demand in the way of territorial concessions.

Must Retain Some Colonies.

Whatever channels it employs the result will have great influence. It must seriously affect the attitude of the Spanish government, because, however desirous ministers may be to spare their country's further sacrifices, there are certain persons suggested in the American press which public opinion would not allow them to make.

Spain's colonial empire may be diminished in area, but it must not be destroyed. The question of pecuniary indemnity has not yet been discussed.

SAGASTA TALKS OF PEACE

Says Spanish Army Can Whip Americans, but as it Has No Fleet Peace is the Best Thing.

BERLIN, July 14.—The Tagblatt's Madrid correspondent says Sagasta has declared he is convinced that the Americans would be defeated by the land forces in Cuba, and the Americans knew this themselves; but since Spain no longer has a fleet, the Americans could starve the island without exerting themselves to capture it.

FIVE DIE OF YELLOW FEVER

Soldiers in Cuba Face a New Enemy, but it is Believed it Will Be Soon Controlled.

WASHINGTON, July 14.—Reports show that there was some mortality among the yellow fever cases in General Shafter's army. This has been slight, as it is said up to the present but five cases have resulted fatally.

As it is held in General Miles' telegram to the department, the policy of isolating the sick from the well at Santiago will be put into practical operation, and the officers hope by this course the disease will be kept within the limits.

MORE BIG SHIPS FOR WATSON

One More Armored Vessel and Several Cruisers to Be Added to His Squadron.

NEW YORK, July 14.—A special to the Herald from Washington says: Believing that the effect of an appearance of an American squadron on the Spanish coast will be in direct proportion to the strength of the fleet, Secretary Long and the Naval board have decided to strengthen Commodore Watson's command by an additional armored and probably three or four protected and unprotected cruisers.

Sufficient Force of Fresh Troops to Be Taken to Quickly Overcome Any Resistance Which May Be Made.

WASHINGTON, July 14.—

The first chapter in the last campaign of the United States against Spain closed today when the Spanish flag gave place over Santiago to the American flag.

Next will follow the transportation of the Spanish troops back to their native land, and the capture of Porto Rico, unless peace soon intervenes.

The siege of Santiago had lasted two weeks, and was remarkable in many respects, and in none more than in the heavy percentage of losses through death, wounds or sickness of the soldiers and sailors engaged on both sides.

On the other hand about 250 American soldiers have been killed, and in round numbers 2,000 more have been sent to the hospitals from wounds, fevers, and other ailments.

The secretary said the Porto Rican expedition would go forward immediately. It will comprise new men entirely.
