three straight republicans have been named for the supreme court, which is a departure from precedent, Judge Mitchell of Winona, the gold democrat, having been previously endorsed by all parties. Inasmuch as Judge Mitchell has received a nomination at the hands of the fusionists, this may cause some complication with the republican candidates."

Vermont's Distinguished Delegates. Vermont delegates, is a brother of Governor Josiah Grout. In the Vermont delegation are two governors, Carroll S. Page of Hyde Park and W. P. "This is our off year in Ohio," explained of the two nations.

Secretary George T. Crawford of the league A representative executive council was of that state, who had just been chosen its then appointed. national vice president, "and we have no Bushnell-Foraker-Hanna fight on. We do not elect our legislature. It is an off year in Ohio politics, but anyhow there is a disposition on the part of the conflicting forces to get together in this campaign. I believe. Our state convention was unanimously in favor of the federal administration, there not being one dissenting vote when the vote was taken on the question of endorsement. We have renominated Charles Kinney of Portsmouth secretary of state. This is the highest state office we elect this year. He is a very efficient man. As for the congressman I feel confident that we will have the same number to send back. The democrats seem to think that they may be able to beat us out of the Cleveland district, but Theodore T. Burton of that city is a pretty strong man and no doubt we will re-elect him This will be Burton's third term if we do. We have always considered this district as

a very safe one. Another Big Convention Coming.

Mr. Crawford is the secretary of the Ohio dairy and food commission. His chief, John E. Blackburn, is the president of the International Pure Food congress which is to have its convention in this city in Septem "From the delegates who have been and from the different industries repre sented," said Mr. Crawford, "I believe you will have 5,000 delegates here." Mr. Crawford said Mr. Blackburn makes a splendid pure food official, going right direct to the cause of adulterations and trying to remove the cause rather than attacking the effect, Mr. Blackburn has been renominated for his position.

"Frank Mondell of Newcastle is going to will be re-elected sure by a big republican majority," said Delegate H. P. Hyns of Cheyenne, Wyo. "John E. Osborn, who bear him two years ago by about 360 votes, will hardly be the opposition candidate, as he is seeking the democratic support for the United States senatorship."

"It may not be a very easy matter to beat State Senator Nick Fritz with his fusionist majority of about 100 in the Eighth district," observed Delegate W. E. Peebles of this state; "but Frank Alderman of West Point, our republican representative, I think, will be returned to the legislature all right. Texas Lone Republican Editor.

Editor T. B. Johnson of the San Antonio Daily Light, "the only republican daily in Texas," as he says, has been attending the convention of the national league as on of the delegates from his state, besides spending a few days here as one of the Texas editors. He reviewed Texas politics

in the following: "I fear that the political situation in the Lone Star state must be regarded as hope lessly democratic at present and Congressman Sayers will surely be nominated and elected governor. There are at least five districts in Texas that could elect republican congressmen but for the factional tights between the republicans themselves and the scramble of the pie-hunters. Our party there has become completely demoralized by

this disorganization. "There are over 100,000 white republicans in Texas, and about 65,000 colored voters. The colored republicans, for many years past, manipulated by federal officeholders, have dominated and controlled the state conventions, being aided in this by local the damaged car was set out and the democratic officials. The colored brethren are enthusiastic republicans at the state conventions, but are lukewarm voters on election day, and usually cast about 60 per cent of their votes for the democratic candidates. SEND GREETINGS TO AMERICA

Anglo-American League in London Adopts Resolution Favoring an Alliance of the Two Nations.

LONDON, July 14.-The inaugural meeting of the Anglo-American league was held didate is ex-Congressman John Lind of last evening at the Stafford house, under New Ulm, who was defeated by Clough the presidency of the duke of Sutherland, two years ago. All the other state officers who was supported by Earl Grey, the earl of Jersey, Baron Farrer, Baron Brassey, "In the matter of judicial nominations Baron Tennyson, Baron Monkswall, Sir John Lubbock, Rear Admiral Beresford and James Bryce, author of "The American Commonwealth." Others present were the archbishop of Canterbury, the archbishop of York, Cardinal Vaughn and the duke of Westminster.

The duke of Fife sent a letter expressng regrets at his inability to be present. The duke of Sutherland, in opening the proceedings, said the league was apart from Theophilus Grout of Barry, one of the ordinary politics, its object being to express the feeling of confidence between the people of Great Britain and the United States, an effort which he believed would be appreciated and reciprocated in America. On motion of Lord Brassey the following

> resolution was adopted; Considering that the peoples of the British empire and the United closely allied by blood, inherit the same literature and laws, hold the same ples of government, recognize the same guidance of their national policy and are drawn together by strong common interests in many parts of the world, this meating is of the opinion that every effort and twenty-two minutes. should be made in the interests of civili-zation and peace to secure the most cordial and constant co-operation on the part

CONFIRM STORY OF REBEL SUCCESS Handred Chinese Imperial

Troops Killed. HONG KONG, July 14.—The defeat of the imperial troops near Woo Chow is confirmed. Thousands of bodies have been recovered from the river, and have been buried at Woo Chow. The losses of the im perial force are probably more than 1,500 killed, which was the number first announced. It is reported here that the Sun Vat Sun, Chinese doctor, who was inveigled into the Chinese embassy in London in 1896 and imprisoned there until he succeeded in notifying the British government officials, through a friend, that he had been kidnaped, is among the leaders of the present rebellion. It is said that the rebels have decided not to advance further than Shue Hing, above Sams Hul, fearing foreign complications in the event of Canton being attacked. The credibility of this report is questioned, as the inhabitants of Canton are greatly in sympathy with the

Will Simply Make a Demand. ROME, July 14.-It is announced here today in a dispatch from Caracas. Venezuela selected by the various governors so far, that Admiral Candani, the commander of the Italian squadron at La Guayra, who has been ordered to Carthagena, Colombia to uphold the claims of Italy, has simply been instructed to formally demand the complete and speedy execution of the decision in the Cerruti case pronounced by President Cleveland in 1894. It is regarded improbable that the Italian commander will seize the custom house at Carthagena, although he might take some such action if he meets run for congress again in our state and he with a persistent refusal to abide by the decision of President Cleveland.

Chill's Finances in a Bad Way.

VALPARAISO, Chili, July 14.—The financial crisis grows more acute. Congress has passed a law authorizing the president for one year to issue paper money to the extent of \$50,000,000, to be boaned to banks on adequate guarantee. Twenty million dollars of this loan is issuable at 4 per cent. The this loan is issuable at 4 per cent. The president has been authorized to borrow \$20,000,000 to enable him to withdraw the paper money at the end of four years.

British Losing Trade. LONDON, July 14.—The report of Mr. Wellesley Moore, the British consul at San Francisco, on the trade of California, has been published here. it warns British manufacturers that the Germans and Belgians are ousting them because British manufacturers do not take trouble to study the requirements of the

OVERLAND TRAIN IS HELD UP

Robbers Blow Open the Safe and Escape with Their Booty-Amount Secured Unknown.

RENO, Nev., July 14 .- Passenger train No

on the Southern Pacific, eastbound, was

held up last night one mile east of Humboldt. The express car was blown up and the safe blown open. The robbers escaped. It is not given out how much they secured. When the train arrived at a point one mile east of Humboldt, a negro and a white man covered the engineer with guns, stopped the train, and going back to the express car, they blew it up with dynamite, almost destroying the express packages. Covering Messenger George Hughes, they blew open the safe and rifled it of its contents , which was but a trifle, and decamped. The train went on to Winnemucca, where express matter transferred to a box car and then proceeded east.

It is rumored here that the negro has been arrested. A strong posse from Winnemucca is in pursuit. It is thought the robbers boarded the train at Reno at 8:30 last

JUDGES' DECISION DISPLEASES Grand Stand Feels that Omer Won the

Race.

DETROIT, Mich., July 14.-After much splitting up of heats, Newton W captured the 2:15 pace at Highland park. Harry Omer, the Ohio gelding, was in the race at all stages, the final heat being so close b all stages, the final heat being so close between him and Newton W that none but the judges could tell the results. Many people thought the judges erred in deciding this race, as in the final heat Omer came with a great burst of speed at the wire, but the judges were firm, saying Newton W had a head the best of it. Rhoda Farrand's continual breaking kept her from being a factor in the last three heats. Startella was never dangerous in the 2:40 trot after the first heat, the race going to Grace Darling with comparative case, Mountaineer compelled Major Chew to trot all the way in the 2:23 class, but the Major was a better finisher than the little horse and got all the heats. BIG BUSINESS ON WESTERN ROADS.

New Records. CHICAGO, July 14.-The business of the western roads for the first six months of the present year was phenomenally heavy Earnings made new records, the grain rapid fall from the head of the canal in traffic alone presenting surprising aggregates. The deliveries at Chicago by western lines of all kinds of grain amounted | Kootenat region, and ample railway facili to 134,176,000 bushels, an increase of 40,912. 600 bushels over the corresponding period of last year, or a gain of more than 40 pc cent. The outward movement was equally heavy, reaching 135,998,000 bushels, nn increase of 50,955,000 bushels, or over 50 per canal. cent. The car movement was the larges on record, aggregating 142,733 cars, an in crease of 53,070 cars over the previous year The Rock Island showed the largest gain, although the Burlington handled the greater

number of cars. COLORADO MIDLAND IS LIABLE. United States Court Holds It Responsi

MORMON COLONISTS FOR CANADA They Will Do Irrigation Farming in

the Great Northwest. DENVER, July 14 .- (Special.) -- George (Anderson, the well known irrigation engl neer of this city, returned yesterday from Salt Lake, where he met the president o the Mormon church and completed arrange ments for one of the largest colony enter prises the Church of the Latter Day Saints has ever undertaken. The colony will b located across the line in British America The movement contemplates the opening of an immense area of virgin territory and will require one of the most complete irrigation systems of the west. The church has already located 1,500 settlers in the valley which it is proposed to cultivate, and as soon as the canal is completed 500 families will be sent into the region. The heads of the church look upon this colonization scheme as one of the steps in a divine dis pensation by which the followers of Joseph Smith are to effect a peaceful conquest of the earth.

The new Mormon colony is to have its home in the province of Alberta, immediately north of Montana. The water fo irrigating the land will be taken from the St. Mary's river, which heads in United States. Mr. Anderson visited the spot last month and estimated at the time that the flow in the river was 7,50 cubic feet per second. This is about five times the maximum flow of the Platte river at the same season. The canal is to hav a capacity of 500 feet per second and peculiarity is that a natural waterway may be utilized for a number of miles in the course of delivering the supply to the valleys. As the government of Canada does not permit more water to be apportioned than is to be found in the stream, many of the troubles of irrigationists in Colorado will be avoided.

"The region," said Mr. Anderson, wonderfully fertile and perfectly adapted for farming. The average temperature as shown by observation of several years, is only about 8 degrees lower than the average temperature at Denver. Markets may be found in the mines within convenient distance, and as the community has 7,000 acres of land now under cultivation, there is no doub as to the qualities of the soil. The canal as planned, will supply water for 100,000 acres of land, the only difficulty being the the mountains. The Canadian Pacific road is building a line through the district to th ties are already available. In fact, the en terprise is the most promising farming and irrigation movement I have ever known. Mr. Anderson will leave this week for the spot to superintend operations on the

Jobs for Election Commissioners. TOPEKA, Kan., July 14 .- (Special.) Within a short time Governor Leedy will b called upon to appoint four election commissioners to go to the various places where the various soldiers from this state are located, register them, superintend the voting on election day and bring the returns back home. Present indications are that the election commissioner for the Twentieth regiment will have to go to Manila, for the Twenty-first to Cuba and for the Twenty-second to Porto Rico. While these appointments are considered quite an honor. they are not being eagerly sought after except by those who have plenty of money and want to take the trip for the trip's sake. No money has been appropriated for this purpose and the election commissioners thus appointed will have to depend upon the next legislature to reimburse them. While the legislature will hardly refuse to do so. the commissioners will have to take their chances.

the outlet of the river west of Bonner.

BUFFALO, N. Y., July 14.-The eighth annual international convention of the Baptist Young People's union opened most suspiciously today at the Seventy-fourth regiment armory. The stars and stripes preiominated in the decorations, but the union jack was almost equally prominent. Prestdent John M. Chapman of Chicago opened the convention. In the course of his remarks he said: "Today we meet under two flags but with one spirit. The union jack is drooping today because God has lately called home one of England's many heroes, William Ewart Gladstone. There is sorrow under the flag of the United States because we have been called upon to chastize another nation in the cause of liberty and right. But we are to fight against a vorse foe than Spain and in a better cause than Cuba's-the cause of Christ in this world."
