STOCKS AND BONDS.

Day to Be Very Active. NEW YORK, July 27.—Nearly all the strength and activity in today's stock mar-METALS-Lead, dull at \$3.821/2. Spelter, ket were confined to the first hour. At the opening there was a rush to buy as a re-sult of orders placed with commission houses this morning on the announcement houses this morning on the announcement that Spain had addressed the United States government with a request for peace. This early demand was fed quite freely by realizing sales, which held prices back to within a small fraction above last night and even dragged them below last night's level on active profit taking. But these offers to realize were quite confidently and aggressively absorbed and the demand will be still unsatisfied.

New York Dry Goods Market. New York Dry Goods Market.

NEW YORK, July 27.—There is no radical change in the market for cotton and woolens today. The former remains quiet. The latter shows a slight gain in activity in that there is a more general prevalence of "shopping" if not of actual buying. The buyers in town are, in the aggregate, still small in number. In jobbing centers there is a very fair day by day business coming forward. Staple cottons show continued good results in the main. Staple cloths are quiet, extras are still quoted at 2 cents. Odd goods are quiet and featurelss. The printed and woven colored cotton goods market shows no change worthy of note.

SHEEP-Today's arrivals footed up cleven loads, of which four were consigned direct to the packers. Of the balance, three loads were California sheep and two loads California lambs and not very good. A bunch of Wyoming wethers brought \$4.10 and a few western lambs or yearlings brought \$4.90.

The demand for mutton sheep was good and the market reasonably active at steady prices. The offerings were all taken in good season in the morning.

There were no stock sheep or lambs of any consequence on sale. There is a very fair demand for that kind of stock right along. Representative sales:
