Judge Thornell Renders a Decision Sustaining City's Demusrer.

Chicago Out of Court-Details of the Legal Pro-

The first important round in the injunction proceedings brought by Ervin Dryer tering into an electric lighting contract with Thomas Bowman has been decided in difficulty in knocking him out of court. favor of the municipality. Judge Thornell of the district court hande' down his ruling yesterday morning, : ning the demurrer of the city to Dr. . a petition and had been anticipated, and it now looks as thus practically knockfng the Chicago bid- if it would not be completed before nex der out of court. In making his order Monday. This means that the hearing of the Judge Thornell held that the sustaining injunction suit of Slack Peterson against the of the city's demurrer was not in any manner to be construed as affecting the petition of the intervenor, Forrest Smith. The city demurred to Dryer's petition

on the grounds that be was not a resident or a taxpayer of Council Bluffs and consequently had no standing in court. It also demurred on the general grounds that the facts contained in Dryer's petition did not warrant the relief demanded by him. In making his decision, Judge Thornell held that a person making a bid as Dryer did for the city lighting contract, has no right of action in case his bid is not accepted and the acceptance of another bid practically rejects his.

As the matter now stands Dryer has the privilege of amending his petition, but it is not seen how he can do this, as the city's him will have to perform hard laber on the contention that he was not a taxpayer nor streets. Heretofore the vags have been a resident were the principal grounds on which the court sustained the demurrer and lowed to go on their way. Yesterday mornhe cannot come into court and now make ing when John Carney and Bob Stewart, arthe plea that he is. Forrest Smith, how- reated for vagrancy, were brought before the plea that he is. Forrest Smith, however, is still in court with his petition of intervention and until this is adjudicated the city cannot take any action looking toward entering into the contract with Judge Ayleaworth intends that section 106. There are Royman Ro Thomas Bowman.

Wadsworth's Plans.

On behalf of the city council City Solicitor Walsworth will this morning file three mothem as soon as possible. The first motion will be to dissolve the temporary restraining order secured by Dryer and the second will be to dismiss Dryer's petition. The third motion will be to strike the petition of intervention filed by Forrest Smith.

Smith in his petition goes somewhat fur-ther in his allegations than Dryer did. He alleges in one place that the city in entering into the contract with Thomas Bow man is about to squander the money of the municipality. He further contends that the city has no authority to enter into a contract centract with Bowman is for a term of than thirty days." five years. This contention he bases on the section of the statute which requires the
