There is still considerable work to be

done on the districts established last fall, out it is the intention of the contractors to finish up this work as soon as the weather will permit in order to be in a position to go shead in new districts. Permanent walks are needed as follows: On both sides of Twenty-fifth street from L to Q: both sides of Twenty-sixth street from L to Q; both sides of L street from Twentyfourth to Twenty-seventh; on O street, which is now being graded, from Twentyfeurth to Twenty-sixth; on M street from Twenty-fourth to Twenty-sixth, and on N street from Twentieth to Twenty-fourth. The addition of these proposed districts, with those now established, will cover the business portion of the city, and on streets where there is a great deal of travel. Many of the plank walks are in a dilapidated condition, and although repairs are constantly walks does not seem to improve. A mafority of the damage claims which the citcompelled to settle are traceable to holes sidewalks, and this is one reason why the municipal authorities favor the establishment of more permanent sidewalk districts Very few accidents have occurred on streets where permanent walks are laid, which goes to show that poor wooden walks are not only expensive, but dangerous.
