# Saturday, Febr. 22nd

Starting at 1:30 P. M.

(Sale is being held at store instead of on premises for convenience of prospective buyers in advent of adverse road conditions.)

### Legal Description

### General Comment

Land under cultivation is all bottom land. If purchaser would consider irrigation, this can be easily accomplished by taking water from Verdigris Creek and using gravity system with state approval.

Creek passes through property along one end of field. Verdigris Creek also furnishes running water for pastures.

All land can be converted to pasture if desired.
