Love That Man—In Uniform

NEW OFFICIAL Army Air Force mess dress uniforms for summer and winter are about as suave as they come, and with an added hidden feature—51-mesh silicone protection from rain, mud, party punch and other water-borne stains. The silicone finish makes would-be stains bead-up like mercury so they can be brushed away without a trace. Styled by After Six Formals, they have just been placed on sale to qualified Air Force personnel in all major department stores. The black winter uniform is all-wool tropical worsted and the white summer counterpart is a Dacron-rayon blend.
