## THE "SUN" ALWAYS SHINES ON WASHDAY!

When an ELECTRIC automatic washer, and an ELECTRIC dryer move into your home, out go your washday weather worries.

For example, pop the dirty clothes into washer and set the dial — then spread your time as you wish, out of the laundry. Soon everything's clean . . . white's whiter, bright's brighter!

Then—let the ELECTRIC dryer go to work. The clothes will come out fluffier, softer and cleaner, because they're gently dried . . . tumbled in dust-free air that's warmed by ELECTRIC sunshine. Makes ironing so much easier, too . . . no ironing at all for many things such as contour sheets, towels, knitted garments.

ELECTRIC washing and drying is work-saving, time-saving, clothes-saving . . . it's living better, electrically!

The ELECTRIC washer and dryer you need is at your appliance dealer's now . . . why not see him right away!
