

'New Frontier' Is Prayer Theme

Illiteracy Is Discussed at Meeting

EWING—"New Frontier—Literacy and Christian Literature" was the theme of the devotions conducted by Mrs. Dewitt Hoke at the meeting of the Women's Society of Christian Service held Wednesday afternoon, February 4, at the parlors of the First Methodist church. The worship table featured a globe shaded partly to represent the part of the world where illiteracy was the greatest.

The theme was continued in the lesson presented by Mrs. Willis Rocky, Mrs. James Tinsley presided at the business session. The dishes purchased with the birthday money donated by the members were on display. Letters were read from Mrs. Ralph Eacker, who is ill at the home of her daughter, Mrs. Jerome Fuller, at Grand Island and Mrs. S. E. Borden, a patient at the Antelope Memorial hospital and Mrs. Frank Bemer.

Committees were appointed for a supper to be served at the church on February 17. The World Day of Prayer to be held on Friday, February 13, will be sponsored by the United Presbyterian church. The Free Methodist Church in the Riverside community will also participate.

A one o'clock covered dish dinner was served preceding the meeting. Twenty-two members were present. The highlight of the program was the revealing of the names of the secret pals for the past year, presenting each with a gift. Table decorations were carried out in a Valentine theme of red and white.

The church board of the First Methodist church met Tuesday evening, February 3, at the church, Camp Fontelle, a youth camp, was discussed. It was voted to give one hundred dollars for this project, now in progress. Some improvements on the church parsonage were planned, which included tree trimming.

At the close of the session, Mr. Sedivy presented his resignation as chairman. This was accepted. No one has been appointed to fill the vacancy.

Reports were given by circles six and seven, chairmen Mrs. Charles Rotherham and Mrs. Arthur Kropp respectively, on the card party and the Mardi Gras carnival dance during the month of the meeting of the Christian Mothers Tuesday evening, February 3. MORE JOBS — THANKS TO MR. EDISON

This week—National Electrical Week—marks the 112th anniversary of the birth of Thomas A. Edison, who brought electricity out of the laboratory and into practical use for the advancement of mankind.

Low-cost electricity builds jobs in thousands of ways—in the production of the electricity itself, in manufacturing of all kinds, in servicing, sales, and many other activities.

In Nebraska, Consumers Public Power District provides dependable, low-cost electricity to build jobs (and make life more enjoyable) in more than 350 communities.

Still more jobs will result from Consumers' Sheldon Station generating plant and Nuclear Power Facility at Hallam—not only in the construction and operation of the plant, but by the creation of new opportunities for further industrial and agricultural development in the state.

LESABRE, the Buick you can own for only \$200 more than the best models of the leading low-priced cars...

This is in no way a "stripped" car you're looking at. Come in and study the manufacturer's suggested retail price of a Buick LeSABRE like this, equipped with Twin Turbine automatic transmission, radio, heater, white sidewall tires, and anything else you want in your next car. Then do the same to the top models of the leading low-priced three, and you'll find the statement above stands up.

What a difference for only \$200!

Now think how much more you'd enjoy a Buick. A comfortable, substantially built automobile. A car with the finest ride in all Buick history. A car with Buick's exclusive fin-cooled brakes, and the smoothest type of transmission money can buy. A wonderfully quiet and greatly respected car!

Owners report QUALITY outstanding

Your money in a Buick today puts you in on the ground floor of what promises to be a long new time of leadership for Buick cars. "My sixth Buick and the best I ever owned!"... "Best-operating car I've driven in thirty years!"... "Much the best Buick yet!"... Reports like these mean extra pleasure in your Buick ownership... and they mean hard dollar value when the time comes to trade. It all adds up to the best proof in 50 years that: "WHEN BETTER AUTOMOBILES ARE BUILT, BUICK PEOPLE WILL BUILD THEM!"

New in gas economy, too!

In planning the '59 Buick, the new Wildcat engines, transmissions, and axles were all engineered to work together for greater gas mileage. Across the country owners tell us they are getting 15 to 20 miles per gallon in the '59 Buicks. And in a recent thorough test of Buick LeSabre against another car of comparable size and a good reputation for economy... the Buick won in every case under all kinds of driving conditions.

So we think we've got a new kind of value in this Buick LeSabre. And we suggest you go to your Quality Buick Dealer's and see whether you agree before you buy a new car.

THE CAR IS THE BUY!
