Notice To Taxpayers

MARCH 1st IS THE ASSESSING DATE

All property except Motor Vehicles and Seed and Grain are assessable as of March 1st.

Motor Vehicle taxes are paid when registration is made. Motor Vehicles that are not licensed by March 1, should be assessed on Personal Property schedules as unlicensed vehicles.

Grain and Seed dealers are assessed on separate schedules. If you raise grain or seed, the total production is assessed. If you are a dealer, you are assessed on the amount handled during the year. (This includes truckers who buy and sell grain.) Dealer must report to their County Assessor and the State Tax Commissioner.

Personal Property schedules must be filed by everyone who owns property or has custody of personal property, and by all people between the ages of 21 and 50. The Law places the responsibility on the taxpayer to list their property.

All schedules are due not later than April 20 and are subject to penalties provided by law, for delinquent schedules. (According to a recent Attorney General's opinion, penalties are mandatory and must be applied by the County Assessor.)

Everyone who is a Guardian of a minor or incompetent person, Administrator or Executor of estate, must file a schedule for the state if there is any Monies or Personal Property involved.

A Few Words Regarding Intangible Property For Your Information

Intangible Property is divided into two classes, Intangible A & B. Intangible A is Money, U.S. Legal Tender Notes, Checking Accounts, U.S. Securities, payable on demand, Book Accounts (Accounts Receivable; Savings Accounts, Checks & Drafts). These are taxed at the rate of \$2.50 per \$1000.

Intangible B—Consists of Shares and Stocks in Corp.; Stocks & Shares in Building & Loan; Securities & Debentures; Bonds (except those of U.S. & Political subdivisions of the State). Notes (except notes secured by Mortgages on Nebraska Real Estate), Due Bills, Annuities, Royalties, Judgements, Claims & Demands for money. These are taxed at the rate of \$4.00 per \$1000.

There will be considerable checking on this class of property this year, by local and State taxing officials.

The penalty for omission of this class of property is 50% of the valuation, if done by the County Assessor. If the penalty is added by the State Tax Commissioner, the property changes from Intangible to Tangible property and the mill levy is applied.

It would be my advice to taxpayers to see to it that an accurate return is made of your property. There could be some change in the law by March 1, and if there is, you will be advised as soon as we know. Business Schedules will be mailed out. Individual personal schedules can be obtained at the assessors office or from any precinct assessor.

For your convenience the following precinct assessors have been appointed. Please get your assessing done as soon as possible:
