The Truth About Closely-Graded Diamonds

Only by the same knowledge and scientific instruments that a cutter uses to grade diamonds can a Jeweler determine the quality of diamonds he buys and sells. This method makes it possible to buy and offer diamonds at the basic standard for each quality and weight. For example, we offer a one-quarter Carat brilliant diamond in an exquisite inter-locking wedding set, white or yellow mountings for only \$125.00 with a written guarantee of exact Color, Perfection, cutting and carat weight. We make diamond appraisals for banks and insurance companies.
