

Air Force Inducing Prior Service Men

Effective July 7, the air force is offering a new program for the re-enlistment of prior service men. Available to all qualified veterans discharged since July, 1951, the program stresses the need for men with valuable occupational skills and technical knowledge.

T/Sgt. J. L. McCoy of the air recruiting office at Norfolk will be at the postoffice in O'Neill from 3 p.m. to 4 p.m., on Monday, July 18, to answer questions pertaining to this program and to interview all applicants for enlistment.

The change in policy was brought about by the loss from the air force of thousands of well-qualified and desirable men each year. However, through the new prior service program, the air force hopes to retain many of these men.

The plan, made more attractive by several changes such as grade determination and choice of assignment, should enhance an air force career considerably to veterans.

Basically, the new plan differs from previous policy in grade determination, payment of re-enlistment bonus, choice of assignment area, and the priority of skills needed by the air force.

Tests Soon for School Beginners

If you have a child whose fifth birthday anniversary comes after October 15 and before January 1 and you wish to have him or her take the test approved by the state board of education for entrance into kindergarten at the next school year, make arrangements for such a test with the county superintendent soon.

This procedure was urged this week by Alice French, Holt county superintendent of public instruction. The testing will be done August 24 and 25, but arrangements must be made now, Miss French declared.

The examination will be administered by Doctor Clifton, University of Nebraska, who has been certified by the state department. The requirements have been increased to five years six months, which will make it more difficult for a child to pass. A fee of \$5 plus a share of transportation for the tester will be charged.

No tests are given to five-

year-old children to determine eligibility for entrance into the first grade, Miss French added.

Mrs. Gordon Watson accompanied Mrs. Lyle Watson of Chambers to Lynch Friday where they took Mrs. Lyle Watson's son to the hospital for observation.

A seed pearl crown held her double shoulder-length veil of nylon net and lace. She carried a white prayer book topped with sweet-heart roses cascading down satin streamers.
