STUDEBAKER wins
Mobilgas Run
Sweepstakes

STUDEBAKER beats 21 competing cars in 1955 Mobilgas Economy Run.

Yes, this year, too, STUDEBAKER has won America's most-coveted gasoline economy award . . . the Mobilgas Economy Run Grand Sweepstakes Trophy.

More of Your Fuel Dollars become **PROFIT DOLLARS**
with the *New*

Here's a brand-new, value-packed row-crop Diesel—a 4-5 plow John Deere Tractor that will turn more fuel dollars into profit dollars for farmers everywhere. In a recent Nebraska Test, the new "70" Diesel even exceeded the fuel economy record held since 1949 by the famous John Deere Model "R."

In addition to all the advanced features of the regular "70," the "70" Diesel has specially designed pistons . . . unmatched two-cylinder simplicity . . . heavy-duty, forged crankshaft with three main bearings . . . auxiliary engine that features single-lever starting.

Cut haying costs in half
with a **FARMHAND**

THE LOWEST - COST METHOD

of hay harvesting ever devised. The Hi-Lift Loader with Hay Basket and Push-Off sweeps windrows at 15 m.p.h., carries half-ton loads direct to the stack. Takes just 30 seconds to place huge loads atop stacks up to 27 feet high. One man sweeps and stacks 5-6 tons per hour the Farmhand way.

And with Grapple Fork Attachment the Farmhand Loader takes hay out of the stack even when frozen, as easily as it stacks it.
