### O'Neill Region Gets Welcomed Shower

### Outlook Is Brighter Than Week Ago

A prolonged hot and dry spell was broken up Thursday when thunder showers visited much of the O'Neill region. The rainfall was spotted and the amount varied greatly.

In O'Neill the official gauge showed .80 of an inch but unofficial gauges at the south edge showed up to 1.10. The precipitation extended west only to the Municipal airport and Wallace O'Connell farms where there was only enough moisture to settle the dust.

Inman and Page were receiving showers about an hour before rain began falling in O'Neill at 2:50 o'clock.

Dark clouds lingered in the eastern skies long before the storm came up from the south. Gutters on O'Neill streets were running brimful.

Noonday showers that day were reported at Ainsworth, Long Pine and Bassett.

Cities and towns left high and dry were Norfolk, Neligh, Plainview, Emmet and Atkinson.

Butte received a light shower. Al Kallhoff and Frank Shelf, residing south of O'Neill, reported an inch and a half or more of moisture. Portions of the D. C. Schaffer and L. D. Putnam ranches south of O'Neill reported up to an inch of rain. O'Neill firemen were called to help ranch hands and neighbors battle a fire on the Schaffer place. Lightning had started a prairie fire.

Friday evening .04 of an inch fell here and about 4 o'clock Saturday morning additional showers set in, adding .59 of an inch. Early Saturday rainfall also was reported at Page and Lynch.

The moisture has been termed highly beneficial to pastures and an ailing corn crop, which had been left on the ropes by intense heat.

Additional moisture is needed throughout the O'Neill and sandhills regions, but the situation looks much better than a week ago. Moisture and strength in the fat cattle market have caused many stockmen to change their minds about "selling off."

### Early Corn Damage Is Extensive

WALNUT — A two-inch rain fell on a number of farms in the Walnut vicinity on Thursday afternoon and another good shower was received Saturday morning—the latter amounting to about a half-inch.

These showers will aid the later corn, according to Mrs. Ralph Brookhouser, The Frontier's correspondent in this vicinity, but much of the earlier corn has been damaged beyond repair. Several dams on farms overflowed.

### Coolness Follows on Heels of Shower—

DORSEY — A light shower fell early Saturday morning and was followed by cooler weather.

### Atkinson Gets Two-Inch Soaker

ATKINSON — The Atkinson community was blessed with more than two inches of rain Friday evening, the rain extending west nearly to Stuart and east about five miles. Atkinson missed the showers that visited the day before.

Darel Bright, living southwest of Atkinson, reported 2 1/2 inches of rain during Friday afternoon and evening showers.

### Rainfall Varies in Page Locality

PAGE — Thursday's rainfall produced these assorted reports from this locality:

Leslie Summers farm, northeast of town, an inch; Harley Kennedy farm, .60; A. T. Crumly place, .75; Emporia neighborhood, up to two inches; Trowbridge farm, 1 1/2 inches; N. D. Ickes farm, 1.80 inches.

Mr. and Mrs. M. E. Simonson returned Friday from a vacation spent in the Black Hills.

### RANCH For Sale:

6.123-acre ranch for sale, including 5,263 acres deeded land; 860 acre school land; approx. 1,000 tons of hay; two complete sets of buildings, 1 1/2 mi. apart, all modern.

REA, 5,000-watt diesel standby; all mineral and oil rights go with the land; good fences; 15 wells, windmills and tanks; airplane hangar.

This ranch will be sold to the highest bid placed by August 30th, if satisfactory to the owner. Possession will be given by November 1st.

## Flavor-talk...

that made folks curious

Every 31 seconds—day and night—another beer drinker switches to Hamm's. These new Hamm's fans heard talk about a wonderfully refreshing flavor—a special kind of crisp, clean-cut flavor—captured in the land of sky blue waters. They were curious. They tried Hamm's and decided it was their kind of beer.
