R.H. PIERCE irrigation systems

Put water to work for you... PROFITABLY!

Portable irrigation systems have proven time and again that growers who use irrigation properly make more profit. Eliminate fear of drought... lighten your work... stop erosion... make water go farther... in general, increase yields and profits. It is not unusual for sprinkler irrigation to up yields from 33% to 45% the first season used. R. H. PIERCE irrigation systems are designed to meet all the above requirements. Don't wait any longer... see your PIERCE dealer today and get set for a great profit year.

All "Pierce E-Z Lock" fittings are precisely engineered, light-in-weight, rolled steel

LATERAL COUPLER - Press-in installation. Extra wide apron.

PIERCE VALVES - Three-unit assembly for trouble-free operation.

CONTROL TEE VALVES - Positive control for separate line operation.

PIERCE SUCTION SET AND ADAPTER - Light-weight assembly - flexible joints.

Give us a call for demonstration or come in and see the complete R. H. PIERCE line.
